

Status: Point in time view as at 31/12/2020.

Changes to legislation: *There are currently no known outstanding effects for the Commission Decision of 29 November 2007 laying down the animal and public health conditions and model certificates for imports of certain meat products and treated stomachs, bladders and intestines for human consumption from third countries and repealing Decision 2005/432/EC (notified under document number C(2007) 5777) (Text with EEA relevance) (2007/777/EC), Division 2.. (See end of Document for details)*

ANNEX I

2. Meat products and treated stomachs, bladders and intestines originating in the third countries or parts thereof, as referred to in Article 3(b)(ii), shall comply with the conditions set out in (a), (b) or (c) of this point:
 - (a) the meat products and/or treated stomachs, bladders and intestines must:
 - (i) contain meat and/or meat products derived from a single species or animal, as set out under the relevant column in Parts 2 and 3 of Annex II indicating the species or animal concerned; and
 - (ii) have undergone at least the specific treatment required for meat of that species or animal, as set out in Part 4 of Annex II;
 - (b) the meat products and/or treated stomachs, bladders and intestines must:
 - (i) contain fresh, processed or partly processed meat of more than one species or animal, as set out under the relevant column of Parts 2 and 3 of Annex II which are mixed prior to undergoing their final treatment, as set out in Part 4 of Annex II; and
 - (ii) have undergone the final treatment referred to in (i) that must be at least as severe as the most severe treatment set out in Part 4 of Annex II for meat of the species or animals concerned, as set out under the relevant column in Parts 2 and 3 of Annex II;
 - (c) the final meat products and/or treated stomachs, bladders and intestines must:
 - (i) be prepared by mixing previously treated meat or treated stomachs, bladders and intestines of more than one species or animal; and
 - (ii) have undergone the previous treatment referred to in (i) that must have been at least as severe as the relevant treatment set out in Part 4 of Annex II for the species or animal concerned as set out under the relevant column in Parts 2 and 3 of Annex II for each meat component of the meat product and treated stomachs, bladders and intestines.
