

Commission Decision of 5 February 2007 amending Decision 2006/415/EC concerning certain protection measures in relation to highly pathogenic avian influenza of the subtype H5N1 in poultry in the United Kingdom (notified under document number C(2007) 404) (Text with EEA relevance) (2007/83/EC)

COMMISSION DECISION

of 5 February 2007

amending Decision 2006/415/EC concerning certain protection measures in relation to highly pathogenic avian influenza of the subtype H5N1 in poultry in the United Kingdom

(notified under document number C(2007) 404)

(Text with EEA relevance)

(2007/83/EC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market⁽¹⁾, and in particular Article 9(3) thereof,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market⁽²⁾, and in particular Article 10(3) thereof,

Whereas:

- (1) Commission Decision 2006/415/EC of 14 June 2006 concerning certain protection measures in relation to highly pathogenic avian influenza of the subtype H5N1 in poultry in the Community and repealing Decision 2006/135/EC⁽³⁾ lays down certain protection measures to prevent the spread of the avian influenza into the disease-free parts of the Community through the movement of birds as well as products thereof.
- (2) The United Kingdom has notified an outbreak of highly pathogenic avian influenza H5N1 in poultry on its territory and has taken the appropriate measures in the framework of Decision 2006/415/EC, including the establishment of Areas A and B as provided for in Article 4 of that Decision.
- (3) The Commission is satisfied that the boundaries of Areas A and B established by the competent authority of the United Kingdom are at a sufficient distance to the actual location of the outbreak. Areas A and B in the United Kingdom can therefore be confirmed and the duration of that regionalisation fixed.
- (4) It is therefore necessary to amend Decision 2006/415/EC accordingly.
- (5) The measures provided for in this Decision should be reviewed at the next meeting of the Standing Committee on the Food Chain and Animal Health,

Changes to legislation: There are currently no known outstanding effects for the Commission Decision of 5 February 2007 amending Decision 2006/415/EC concerning certain protection measures in relation to highly pathogenic avian influenza of the subtype H5N1 in poultry in the United Kingdom (notified under document number C(2007) 404) (Text with EEA relevance) (2007/83/EC). (See end of Document for details)

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Decision 2006/415/EC is amended in accordance with the text in the Annex to this Decision.

Article 2

This Decision is addressed to the Member States.

Done at Brussels, 5 February 2007.

For the Commission

Markos KYPRIANOU

Member of the Commission

Changes to legislation: There are currently no known outstanding effects for the Commission Decision of 5 February 2007 amending Decision 2006/415/EC concerning certain protection measures in relation to highly pathogenic avian influenza of the subtype H5N1 in poultry in the United Kingdom (notified under document number C(2007) 404) (Text with EEA relevance) (2007/83/EC).
