

Commission Implementing Decision of 19 December 2011 establishing harmonised efficiency reference values for separate production of electricity and heat in application of Directive 2004/8/EC of the European Parliament and of the Council and repealing Commission Decision 2007/74/EC (notified under document C(2011) 9523) (2011/877/EU) (repealed)

Article 1	Establishment of the harmonised efficiency reference values
Article 2	Application of the harmonised efficiency reference values
Article 3	Correction factors for the harmonised efficiency reference values for separate production of electricity
Article 4	Retrofitting of a cogeneration unit
Article 5	Fuel mix
Article 6	Repeal
Article 7
	Signature

ANNEX I

Harmonised efficiency reference values for separate production of electricity (referred to in Article 1)

.....

ANNEX II

Harmonised efficiency reference values for separate production of heat (referred to in Article 1)

.....

ANNEX III

Correction factors relating to the average climatic situation and method for establishing climate zones for the application of the harmonised efficiency reference values for separate production of electricity (referred to in Article 3(1))

- (a) Correction factors relating to the average climatic situation
- (b) Method for establishing climate zones

Changes to legislation: There are currently no known outstanding effects for the Commission Implementing Decision of 19 December 2011 establishing harmonised efficiency reference values for separate production of electricity and heat in application of Directive 2004/8/EC of the European Parliament and of the Council and repealing Commission Decision 2007/74/EC (notified under document C(2011) 9523) (2011/877/EU) (repealed). (See end of Document for details)

ANNEX IV

Correction factors for avoided grid losses for the application of the harmonised efficiency
reference values for separate production of electricity (referred to in Article 3(2))

.....
.....
.....
.....

Changes to legislation:

There are currently no known outstanding effects for the Commission Implementing Decision of 19 December 2011 establishing harmonised efficiency reference values for separate production of electricity and heat in application of Directive 2004/8/EC of the European Parliament and of the Council and repealing Commission Decision 2007/74/EC (notified under document C(2011) 9523) (2011/877/EU) (repealed).
