COMMISSION IMPLEMENTING DECISION (EU) 2016/1771

of 30 September 2016

amending the Annex to Implementing Decision 2014/709/EU concerning
animal health control measures relating to African swine fever in
certain Member States, as regards the entries for Lithuania and Poland

(notified under document C(2016) 6103)

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market⁽¹⁾, and in particular Article 9(4) thereof,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market⁽²⁾, and in particular Article 10(4) thereof,

Having regard to Council Directive 2002/99/EC of 16 December 2002 laying down the animal health rules governing the production, processing, distribution and introduction of products of animal origin for human consumption⁽³⁾, and in particular Article 4(3) thereof,

Whereas:

- (1) Commission Implementing Decision 2014/709/EU⁽⁴⁾ lays down animal health control measures in relation to African swine fever in certain Member States. The Annex to that Implementing Decision demarcates and lists certain areas of those Members States in Parts I, II, III and IV thereof differentiated by the level of risk based on the epidemiological situation. That list includes certain areas of Poland.
- (2) African swine fever has never been reported in the most northern areas in Poland currently listed in Part II of the Annex to Implementing Decision 2014/709/EU.
- (3) The absence of any outbreak in the most northern areas in Poland needs to be taken into account and Part II of the Annex to Implementing Decision 2014/709/EU should be reviewed. Accordingly, certain areas of Poland currently listed in that Part II should now be listed in Part I of that Annex.

Changes to legislation: There are currently no known outstanding effects for the
Commission Implementing Decision (EU) 2016/1771. (See end of Document for details)

- (4) In September 2016, one outbreak of African swine fever in domestic pigs occurred in the rajono savivaldybė of Kėdainiai in Lithuania in an area currently listed in Part II of the Annex to Implementing Decision 2014/709/EU. The occurrence of this outbreak, together with the recent change in the epidemiological situation constitutes an increase in the level of risk that needs to be taken into account. Accordingly, certain areas of Lithuania listed in Part II of the Annex to Implementing Decision 2014/709/EU should now be listed in Part III of that Annex.
- (5) The evolution of the current epidemiological situation of African swine fever in the affected feral pig populations in the Union should be taken into account in the assessment of the animal health risk posed by that situation as regards that disease in Lithuania and Poland. In order to focus the animal health control measures provided for in Implementing Decision 2014/709/EU and to prevent the further spread of African swine fever, as well as to prevent any unnecessary disturbance to trade within the Union and to avoid unjustified barriers to trade by third countries, the Union list of areas subject to the animal health control measures set out in the Annex to that Implementing Decision should be amended to take into account the changes in the current epidemiological situation as regards that disease in Lithuania and Poland.
- (6) The Annex to Implementing Decision 2014/709/EU should therefore be amended accordingly.
- (7) The measures provided for in this Decision are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS DECISION:

Article 1

The Annex to Implementing Decision 2014/709/EU is replaced by the text set out in the Annex to this Decision.

Done at Brussels, 30 September 2016.
