

Council Directive of 19 December 1974 on the approximation of the laws of the Member States relating to bottles used as measuring containers (75/107/EEC)

Article 1

This Directive shall apply to containers commonly called bottles, made of glass or any other substance having such rigidity and stability that it offers the same metrological guarantees as glass, when such containers:

1. are stoppered or designed to be stoppered and are intended for the storage, transport or delivery of liquids,
2. have a nominal capacity of between 0.05 litre and five litres inclusive,
3. have metrological characteristics (design characteristics and uniformity of manufacture) such that they can be used as measuring containers, i.e. when they are filled up to a specified level or to a specified percentage of their brim capacity their contents can be measured with sufficient accuracy.

These containers shall be called measuring container bottles.

Article 2

Only measuring container bottles which meet the requirements of this Directive may be marked with the EEC sign provided for in the third subparagraph of paragraph 5 of Annex I.

They shall be subject to metrological control under the conditions specified in the Annexes.

Article 3

Member States may not refuse, prohibit or restrict the marketing and use as measuring containers of bottles which satisfy the requirements and tests laid down in this Directive for reasons concerning their volume, the determination of their volume or the methods by which they have been checked.

Article 4

1 Member States shall put into force the laws, regulations and administrative provisions needed in order to comply with this Directive within 18 months of its notification and shall forthwith inform the Commission thereof.

2 Member States shall ensure that the text of the main provisions of national law which they adopt in the field covered by this Directive are communicated to the Commission.

Article 5

This Directive is addressed to the Member States.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After
IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.
