

ANNEX I

MINIMUM SAFETY AND HEALTH REQUIREMENTS FOR WORKPLACES USED FOR THE FIRST TIME, AS REFERRED TO IN ARTICLE 3 OF THE DIRECTIVE

- 14. Loading bays and ramps
- 14.1. Loading bays and ramps must be suitable for the dimensions of the loads to be transported.
- 14.2. Loading bays must have at least one exit point.

Where technically feasible, bays over a certain length must have an exit point at each end.

- 14.3. Loading ramps must as far as possible be safe enough to prevent workers from falling off.
