

Council Directive of 28 January 1991 on animal health conditions governing intra-Community trade in ovine and caprine animals (91/68/EEC)

Article 1

This Directive defines the animal health conditions governing intra-Community trade in ovine and caprine animals.

[^{F1}Article 2

- (a) The definitions given in Article 2 of Directive 90/425/EEC and in Article 2 of Directive 91/628/EEC of 19 November 1991 on the protection of animals during transport and amending Directives 90/425/EEC and 91/496/EEC⁽¹⁾ shall apply as far as applicable.
- (b) In addition, the following definitions apply for the purposes of this Directive:
1. 'ovine or caprine animals for slaughter' means animals of the ovine or caprine species intended to be taken either directly or via an approved assembly centre to a slaughterhouse in order to be slaughtered;
 2. 'ovine or caprine animals for breeding' means ovine and caprine animals other than those mentioned in points 1 and 3 intended to be transported to the place of destination, either directly or via an approved assembly centre, for breeding and production purposes;
 3. 'ovine or caprine animals for fattening' means ovine and caprine animals other than those mentioned in points 1 and 2 intended to be transported to the place of destination, either directly or via an approved assembly centre, in order to be fattened for subsequent slaughter;
 4. 'officially brucellosis-free ovine or caprine holding' means a holding which satisfies the conditions laid down in Section I of Chapter 1 of Annex A;
 5. 'brucellosis-free ovine or caprine holding' means a holding which satisfies the conditions laid down in Chapter 2 of Annex A;
 6. 'compulsorily notifiable disease' means a disease listed under Section I of Annex B;
 7. 'official veterinarian' means a veterinarian designated by the competent central authority of the Member State;
 8. 'holding of origin' means any holding on which the ovine and caprine animals have been continuously present as required by this Directive and on which records are maintained demonstrating the residence of the animals which may be audited by the competent authorities;
 9. 'assembly centre' means collection centres and markets, at which under the supervision of the official veterinarian ovine and caprine animals originating from different holdings are grouped together to form consignments of animals for national movement;
 10. 'approved assembly centre' means premises on which ovine or caprine animals originating from different holdings are grouped together to form consignments of animals intended for intra-Community trade;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

11. ‘dealer’ means any natural or legal person who buys and sells animals commercially either directly or indirectly, who has a turnover of these animals and who within a maximum of 29 days of purchasing animals resells them or relocates them from the first premises to other premises or directly to a slaughterhouse not within his ownership;
12. ‘approved dealer's premises’ means premises operated by a dealer as defined in point 11 and approved by the competent authorities at which ovine or caprine animals originated from different holdings are grouped together to form consignments of animals intended for intra-Community trade;
13. ‘transporter’ means any natural or legal person referred to in Article 5 of Directive 91/628/EEC;
14. ‘region’ means that part of a Member State's territory which is at least 2 000 km² in area and which is subject to inspection by the competent authorities and includes at least one of the following administrative regions:

— Belgium:	province/provincie
— Germany:	Regierungsbezirk

[^{F1} Article 3

1 Ovine and caprine animals for slaughter may be the subject of trade only if they fulfil the conditions laid down in Articles 4, 4a, 4b and 4c.

2 Ovine and caprine animals for fattening may be the subject of trade only if they fulfil the conditions laid down in Articles 4, 4a, 4b and 5, without prejudice to any additional guarantees which may be required pursuant to Articles 7 and 8.

3 Ovine and caprine animals for breeding may be the subject of trade only if they fulfil the conditions laid down in Articles 4, 4a, 4b, 5 and 6, without prejudice to any additional guarantees which may be required pursuant to Articles 7 and 8.

4 By way of derogation from the provisions in paragraphs 2 and 3, the competent authorities of Member States of destination may grant general or limited derogations in respect of movement of ovine and caprine animals for breeding and fattening, intended solely for temporary pasturing near internal borders of the Community. Member States making use of such derogation shall inform the Commission of the content of the derogations granted.

5 Ovine and caprine animals covered by this Directive must at no time between leaving the holding of origin and arriving at destination come into contact with cloven-hoofed animals other than animals that have the same health status.]

[^{F1} Article 4

1 Member States shall ensure that ovine and caprine animals:

- a are identified and registered in accordance with Community legislation;
- b are inspected by an official veterinarian during the 24 hours preceding the loading of the animals, and show no clinical sign of disease;
- c do not come from a holding, nor have been in contact with animals from a holding, which is the subject of a prohibition on animal health grounds; the period of such prohibition shall last after the slaughter and/or the disposal of the last animal suffering from or susceptible to one of the diseases referred to in points (i), (ii) or (iii), for at least:
 - (i) 42 days in the case of brucellosis,
 - (ii) 30 days in the case of rabies,

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (iii) 15 days in the case of anthrax;
 - d do not come from a holding, nor have been in contact with animals from a holding, situated in an area which for health reasons is subject to a prohibition or restriction affecting the species involved in accordance with Community and/or national legislation;
 - e are not the subject of animal health restrictions pursuant to Community legislation on foot-and-mouth disease nor have they been vaccinated against foot-and-mouth disease.
- 2 Member States shall ensure that the following animals are not the subject of trade:
- a ovine and caprine animals which may have to be slaughtered under a national programme for the eradication of diseases not referred to in Annex C to Directive 90/425/EEC or in Chapter I of Annex B to this Directive;
 - b ovine and caprine animals which cannot be marketed on their own territory for health or animal health reasons justified by Article 30 of the Treaty.
- 3 Member States shall ensure that ovine and caprine animals shall:
- a either have been born and reared since birth in the Community, or
 - b have been imported from a third country in accordance with Community legislation.]

Textual Amendments

- F1** Substituted by [Council Directive 2003/50/EC of 11 June 2003 amending Directive 91/68/EEC as regards reinforcement of controls on movements of ovine and caprine animals.](#)

[^{F4} Article 4a

- 1 Member States shall ensure that ovine and caprine animals for slaughter, breeding and fattening are not dispatched to another Member State, unless the animals:
- a have been continuously resident on the holding of origin for at least 30 days, or since birth if the animals are younger than 30 days of age,
 - b do not come from a holding into which ovine or caprine animals have been introduced during the 21 days prior to dispatch,
 - c do not come from a holding into which biungulate animals imported from a third country have been introduced during the 30 days prior to dispatch.
- 2 By way of derogation from paragraphs 1(b) and (c), Member States may authorise the dispatch of ovine and caprine animals to another Member State, if the animals referred to in paragraphs 1(b) and (c) have been completely isolated from all other animals on the holding.

Article 4b

- 1 Member States shall ensure that the conditions set out in paragraphs 2 to 6 are applied to intra-Community trade in all ovine and caprine animals.
- 2 The animals shall not be outside their holding of origin for more than six days before being last certified for trade to the final destination in another Member State as indicated in the health certificate.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Without prejudice to Article 9(1) in the case of transport by sea, the time limit of six days shall be prolonged by the duration of the sea journey.

3 After leaving the holding of origin the animals shall be consigned directly to the destination in another Member State.

4 By way of derogation from paragraph 3, ovine and caprine animals may, after leaving the holding of origin and before arrival at destination in another Member State, transit through only one approved assembly centre situated in the Member State of origin.

In the case of ovine and caprine animals for slaughter, the approved assembly centre may be substituted by approved dealer's premises situated in the Member State of origin.

5 Animals for slaughter which have been taken on arrival in the Member State of destination to a slaughterhouse, must be slaughtered there as soon as possible but at least within 72 hours of arrival.

6 Without prejudice to Article 3(5), Member States shall ensure that the animals covered by this Directive at no time, between leaving the holding of origin and their arrival at destination, compromise the health status of ovine and caprine animals not intended for intra-Community trade.

Article 4c

1 By way of derogation from Article 4a(1)(a), ovine and caprine animals for slaughter may be subject to trade after they have been continuously resident on the holding of origin for at least 21 days.

2 By way of derogation from Article 4a(1)(b), and without prejudice to paragraph 1 and Article 4b(2), ovine and caprine animals for slaughter may be consigned from a holding of origin into which ovine or caprine animals have been introduced during the 21 days prior to dispatch, if they are transported directly to a slaughterhouse in another Member State for immediate slaughter without passing through an assembly centre or staging point established in accordance with Directive 91/628/EEC.

3 By way of derogation from Article 4b(3) and (4), and without prejudice to the provisions in Article 4b(2), ovine and caprine animals for slaughter may, after leaving the holding of origin, pass through one additional assembly centre under the following alternative conditions:

- a the animals, before passing through the approved assembly centre referred to in Article 4b(4) which is situated in the Member State of origin, comply with the following conditions:
 - (i) after leaving the holding of origin the animals pass through one single assembly centre under official veterinary supervision, which permits at the same time only animals of at least the same health status,
 - (ii) without prejudice to Community legislation on identification of sheep and goats, at the latest at that assembly centre the animals are individually identified so as to enable in each case the tracing of the holding of origin and

Article 7

1 A Member State which has a compulsory or voluntary national control programme or a national monitoring programme for one of the infectious or contagious diseases [F6 referred to in Annex B, Section III] for all or part of its territory may submit the said programme to the Commission, outlining in particular:

- the distribution of the disease in the Member State,
- the reasons for the programme, taking into consideration the importance of the disease and the programme's likely benefit in relation to its cost,
- the geographical area in which the programme will be implemented,
- the various status categories to be applied to the holdings, the standards which must be attained in each category, and the test procedures to be used,
- the programme monitoring procedures,
- the action to be taken if, for any reason, a holding loses its status,
- the measures to be taken if the results of the tests carried out in accordance with the provisions of the programme are positive.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 The Commission shall examine the programmes presented by the Member States. Programmes as referred to in paragraph 1 may be approved, in compliance with the criteria laid down in paragraph 1, in accordance with the procedure provided for in Article 15. According to the same procedure, the additional guarantees, general or limited, which may be required in intra-Community trade, shall be defined at the same time or at the latest three months after approval of the programmes. Such guarantees must not exceed those which the Member State implements nationally.

3 Programmes submitted by Member States may be amended or supplemented in accordance with the procedure laid down in Article 15. Amendments or additions to programmes which have already been approved or to guarantees which have been defined in accordance with paragraph 2 may be approved under the same procedure.

4 Programmes approved in accordance with this Article shall benefit from the Community funding provided for in Article 24 of Council Decision 90/424/EEC of 26 June 1990 on expenditure in the veterinary field⁽²⁾ for the diseases and under the conditions laid down therein.

Article 8

1 Where a Member State considers that its territory or part of its territory is free from one of the diseases ^[F6]listed in Annex B, Section III] to which ovine and caprine animals are susceptible, it shall present to the Commission appropriate supporting documentation, setting out in particular:

- the nature of the disease and the history of its occurrence in its territory,
- the results of surveillance testing based on serological, microbiological, pathological or epidemiological investigation and on the fact that the disease must by law be notified to the competent authorities,
- the period over which the surveillance was carried out,
- where applicable, the period during which vaccination against the disease has been prohibited and the geographical area concerned by such prohibition,
- the arrangements for verifying the absence of the disease.

2 The Commission shall examine supporting documentation submitted by Member States. The additional guarantees, general or limited, which may be required in intra-Community trade shall be defined in accordance with the procedure laid down in Article 15. Such guarantees must not exceed those which the Member State implements nationally. Where supporting documentation is submitted before 1 January 1992, decisions on additional guarantees shall be taken before 1 July 1992.

3 The Member State concerned shall notify the Commission of any change in the supporting documentation specified in paragraph 1 which relate to the disease. The guarantees defined as laid down in paragraph 2 may, in the light of such notification, be amended or withdrawn in accordance with the procedure laid down in Article 15.

^[F7]^[F8]4 The Commission shall examine as quickly as possible the grounds submitted by Sweden as regards ovine paratuberculosis and ovine contagious agalactia. Following that examination and if it is justified, the provisions of paragraph 2 may be applicable. The

1 Member States shall ensure that, in order to be approved by the competent authority, assembly centres must at least:

- a be under the control of an official veterinarian who shall ensure that, in particular, the provisions of Article 3(5) are complied with;
- b be located in an area which is not subject to prohibition or restrictions in accordance with relevant Community legislation and/or national legislation;
- c be cleaned and disinfected before use, as required by the official veterinarian;
- d have, taking into account the animal capacity of the assembly centre:
 - a facility dedicated exclusively for this purpose when used as an assembly centre,
 - appropriate facilities for loading, unloading and adequate housing of a suitable standard for the animals, for watering and feeding them, and for giving them any necessary treatment; these facilities must be easy to clean and disinfect,
 - appropriate inspection facilities,
 - appropriate isolation facilities,
 - appropriate equipment for cleaning and disinfecting rooms and trucks,
 - an appropriate storage area for fodder, litter and manure,
 - an appropriate system for collecting waste water,
 - the use of an office for the official veterinarian;
- e admit only animals which are identified in accordance with Community legislation and comply with the animal health conditions set down in this Directive for the category of animals concerned. To this end, when animals are admitted, the owner or person in charge of the centre shall ensure they are accompanied by health documents or appropriate certificates for the species and categories involved;
- f be regularly inspected by the competent authority in order to ascertain that the requirements for approval continue to be fulfilled.

2 The owner or person in charge of the assembly centre shall be required, on the basis either of the accompanying documents for the animals or of the identification numbers or marks of the animals, to record on a register or a database and retain for a minimum period of three years the following information:

- b they must either have appropriate cleaning and disinfection facilities approved by the competent authority, including facilities for storing litter and dung, or they must provide documentary evidence that these operations are performed by a third party approved by the competent authority.

2 The transporter must ensure that for each vehicle used for the transport of animals a register is kept containing at least the following information which shall be kept for a minimum period of three years:

- (i) places and dates of pick-up, and the name or business name and address of the holding or assembly centre where the animals are picked up,
- (ii) places and dates of delivery, and the name or business name and address of the consignee(s),
- (iii) species and number of animals carried,
- (iv) date and place of disinfection,
- (v) details of accompanying documentation, number, etc.

3 Transporters shall ensure that the consignment or animals do not at any time, between leaving the holdings or the assembly centre of origin and arriving at their destination, come into contact with animals of a lower health status.

4 Member States shall ensure that transporters give a written undertaking stating in particular that:

- all the measures necessary to comply with this Directive shall be taken and in particular the provisions laid down in this Article and relating to the appropriate documentation that must accompany the animals,
- the transport of animals is entrusted to staff who possess the necessary ability, professional competence and knowledge.

^{F1}Article 9

1 Ovine and caprine animals must be accompanied during transportation to destination by a health certificate conforming to either model I, II or III set out in Annex E, as appropriate. The certificate shall consist of a single sheet or, where more than one page is required, shall be in such a form that any two or more pages are part of an integrated whole and indivisible and shall contain a serial number. It shall be drawn up on the day of the health inspection, in one of the official languages of the country of destination at least. The certificate shall be valid for 10 days from the date of the health inspection.

2 The health inspection for the issuing of the health certificate, including additional guarantees, for a consignment of animals may be carried out in the holding of origin or in an approved assembly centre or, in the case of animals for slaughter, on approved dealer's premises. For this purpose the competent authority shall ensure that any certificate is drawn up by the official veterinarian after inspections, visits and controls as provided by this Directive.

3 The official veterinarian for the assembly centre shall carry out all necessary checks on animals arriving there.

4 For ovine and caprine animals for fattening and breeding dispatched to another Member State from an approved assembly centre located in the Member State of origin, the health certificate referred to in paragraph 1, conforming to either model II or III set out in Annex E as appropriate, may only be issued on the basis of the checks provided for in paragraph 3 and of an official document containing the necessary information completed by the official veterinarian responsible for the holding of origin.

5 For ovine and caprine animals for slaughter dispatched to another Member State from an approved assembly centre or from an approved dealer's premises located in the Member State of origin, the health certificate referred to in paragraph 1, conforming to model I set out in Annex E, may only be issued on the basis of the checks provided for in paragraph 3 and of an official document containing the necessary information completed by the official veterinarian responsible for the holding of origin or the assembly centre referred to in Article 4c(3)(a)(i).

6 For ovine and caprine animals for slaughter passing through an approved assembly centre in accordance with Article 4c(3)(b)(ii), the official veterinarian responsible for the approved assembly centre in the Member State of transit shall provide certification to the Member State of destination by issuing a second health certificate, conforming to model I set out in Annex E, completing it with the requested data from the original health certificate(s) and attaching to it an officially endorsed copy thereof. In this case, the combined validity of the certificates shall not exceed that provided for in paragraph 1.

7 The official veterinarian issuing a health certificate for intra-Community trade conforming to either model I, II or III set out in Annex E as appropriate, shall ensure that the movement is recorded in the ANIMO system on the day the certificate is issued.]
