

Council Directive 92/119/EEC of 17 December 1992 introducing
general Community measures for the control of certain animal
diseases and specific measures relating to swine vesicular disease

Article 24

1 Annexes I, III and IV shall be amended, as and when required, by the Council acting by a qualified majority on a proposal from the Commission, in particular in order to take into account developments in research and in diagnostic procedures.

2 The Commission may, in accordance with the procedure laid down in Article 25, amend Annex II, in particular in order to take into account technological and scientific developments and diagnostic methods.
