

Council Directive 92/66/EEC of 14 July 1992 introducing
Community measures for the control of Newcastle disease

[^{F1}Article 21

1 Each Member State shall draw up a contingency plan, specifying the national measures to be implemented in the event of an outbreak of Newcastle disease. The contingency plan shall be updated, as appropriate, to take account of developments in the situation.

The contingency plan shall allow access to facilities, equipment, personnel and all other appropriate materials necessary for the rapid and efficient eradication of the outbreak of Newcastle disease. It shall give a precise indication of the vaccine requirements which each Member State deems necessary for emergency vaccination.

2 The contingency plans and any updates thereto shall be submitted to the Commission.

3 The Commission shall examine the contingency plans and any updates thereto in order to determine whether they permit the desired objective to be attained and shall suggest to the Member State concerned any amendments required in particular to ensure that they are compatible with those of the other Member States.

The Commission shall approve the contingency plans and any updates thereto, if necessary amended, in accordance with the examination procedure referred to in Article 25.

4 The Commission may, by means of implementing acts, lay down criteria to be applied by Member States for drawing up the contingency plans. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 25.]

Textual Amendments
