

Directive 2002/47/EC of the European Parliament and of the  
Council of 6 June 2002 on financial collateral arrangements

*Article 5*

**Right of use of financial collateral under security financial collateral arrangements**

1 If and to the extent that the terms of a security financial collateral arrangement so provide, Member States shall ensure that the collateral taker is entitled to exercise a right of use in relation to financial collateral provided under the security financial collateral arrangement.

2 Where a collateral taker exercises a right of use, he thereby incurs an obligation to transfer equivalent collateral to replace the original financial collateral at the latest on the due date for the performance of the relevant financial obligations covered by the security financial collateral arrangement.

Alternatively, the collateral taker shall, on the due date for the performance of the relevant financial obligations, either transfer equivalent collateral, or, if and to the extent that the terms of a security financial collateral arrangement so provide, set off the value of the equivalent collateral against or apply it in discharge of the relevant financial obligations.

3 The equivalent collateral transferred in discharge of an obligation as described in paragraph 2, first subparagraph, shall be subject to the same security financial collateral agreement to which the original financial collateral was subject and shall be treated as having been provided under the security financial collateral arrangement at the same time as the original financial collateral was first provided.

4 Member States shall ensure that the use of financial collateral by the collateral taker according to this Article does not render invalid or unenforceable the rights of the collateral taker under the security financial collateral arrangement in relation to the financial collateral transferred by the collateral taker in discharge of an obligation as described in paragraph 2, first subparagraph.

5 If an enforcement event occurs while an obligation as described in paragraph 2 first subparagraph remains outstanding, the obligation may be the subject of a close-out netting provision.
