

Council Directive 2002/54/EC of 13 June 2002 on the marketing of beet seed

*Article 15*

Member States shall take all measures necessary to ensure that, in the case of small packages of seed, the identity of the seed can be checked in particular at the time when seed lots are divided up. To this end, they may require that small packages divided up in their territory be sealed officially or under official supervision.
