2 The Member States shall require regulated entities in a financial conglomerate to ensure that own funds are available at the level of the financial conglomerate which are always at least equal to the capital adequacy requirements as calculated in accordance with Annex I.

The Member States shall also require regulated entities to have in place adequate capital adequacy policies at the level of the financial conglomerate.

The requirements referred to in the first and second subparagraphs shall be subject to supervisory overview by the coordinator in accordance with Section 3.

The coordinator shall ensure that the calculation referred to in the first subparagraph is carried out at least once a year, either by the regulated entities or by the mixed financial holding company.

The results of the calculation and the relevant data for the calculation shall be submitted to the coordinator by the regulated entity within the meaning of Article 1 which is at the head of the financial conglomerate, or, where the financial conglomerate is not headed by a regulated entity within the meaning of Article 1, by the mixed financial holding company or by the regulated entity in the financial conglomerate identified by the coordinator after consultation with the other relevant competent authorities and with the financial conglomerate.

When applying method 2 (Deduction and aggregation) referred to in Annex I, the calculation shall take account of the proportion of the subscribed capital which is directly or indirectly held by the parent undertaking or undertaking which holds a participation in another entity of the group.]

5 The coordinator may decide not to include a particular entity in the scope when calculating the supplementary capital adequacy requirements in the following cases:

- a if the entity is situated in a third country where there are legal impediments to the transfer of the necessary information, without prejudice to the sectoral rules regarding the obligation of competent authorities to refuse authorisation where the effective exercise of their supervisory functions is prevented;
- b if the entity is of negligible interest with respect to the objectives of the supplementary supervision of regulated entities in a financial conglomerate;
- c if the inclusion of the entity would be inappropriate or misleading with respect to the objectives of supplementary supervision.

However, if several entities are to be excluded pursuant to (b) of the first subparagraph, they must nevertheless be included when collectively they are of non-negligible interest.

In the case mentioned in (c) of the first subparagraph the coordinator shall, except in cases of urgency, consult the other relevant competent authorities before taking a decision.

When the coordinator does not include a regulated entity in the scope under one of the cases provided for in (b) and (c) of the first subparagraph, the competent authorities of the Member State in which that entity is situated may ask the entity which is at the head of the financial conglomerate for information which may facilitate their supervision of the regulated entity.
