

Commission Directive 2003/91/EC of 6 October 2003 setting out implementing measures for the purposes of Article 7 of Council Directive 2002/55/EC as regards the characteristics to be covered as a minimum by the examination and the minimum conditions for examining certain varieties of vegetable species (Text with EEA relevance)

Article 2

All the varietal characteristics within the meaning of Article 1(2)(a), and any characteristics which are marked by an asterisk (*) in the test guidelines referred to in Article 1(2)(b) shall be used, providing that observation of a characteristic is not rendered impossible by the expression of any other characteristics, and providing that the expression of a characteristic is not prevented by the environmental conditions under which the test is conducted.
