ANNEX III

Coordinated monitoring programmes as referred to in Article 5

When a coordinated monitoring programme is established, at least the following characteristics of the programme must be defined:

- its purpose;
- its duration;
- its geographical area or region;
- the zoonoses and/or zoonotic agents concerned;
- the type of samples and other data units requested;
- minimum sampling schemes;
- the type of laboratory testing methods;
- the tasks of competent authorities;
- the resources to be allocated;
- the estimation of its costs and how they will be covered; and
- the method and time of reporting the results.
