COMMISSION DIRECTIVE 2005/83/EC

of 23 November 2005

amending, for the purposes of their adaptation to technical progress, Annexes I, VI, VII, VIII, IX and X to Council Directive 72/245/EEC relating to the radio interference (electromagnetic compatibility) of vehicles

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 70/156/EEC of 6 February 1970 on the approximation of the laws of the Member States relating to the type-approval of motor vehicles and their trailers⁽¹⁾, and in particular the second indent of Article 13(2) thereof,

Having regard to Council Directive 72/245/EEC of 20 June 1972 relating to the radio interference (electromagnetic compatibility) of vehicles⁽²⁾, and in particular Article 4 thereof,

Whereas:

- (1) Directive 72/245/EEC is one of the separate directives under the type-approval procedure established by Directive 70/156/EEC.
- (2) The Electromagnetic Compatibility requirements and test provisions for electrical and electronic equipment have been constantly updated through the standardisation work of the International Special Committee on Radio Interference (CISPR) and the International Organisation for Standardisation (ISO). Therefore Commission Directive 2004/104/EC⁽³⁾, which amended Directive 72/245/EEC, introduced references to the test procedures outlined in the recent editions of the relevant standards.
- (3) Since the entry into force of Directive 2004/104/EC, several standards have been replaced by more recent versions adapting them to technical progress. It is therefore necessary to update the references to those standards in Directive 72/245/EEC.
- (4) In addition, some editorial corrections need to be introduced.
- (5) Directive 72/245/EEC should therefore be amended accordingly,

HAS ADOPTED THIS DIRECTIVE:
