

Council Directive 2006/112/EC of 28 November
2006 on the common system of value added tax

TITLE I

SUBJECT MATTER AND SCOPE

Article 1

- 1 This Directive establishes the common system of value added tax (VAT).
- 2 The principle of the common system of VAT entails the application to goods and services of a general tax on consumption exactly proportional to the price of the goods and services, however many transactions take place in the production and distribution process before the stage at which the tax is charged.

On each transaction, VAT, calculated on the price of the goods or services at the rate applicable to such goods or services, shall be chargeable after deduction of the amount of VAT borne directly by the various cost components.

The common system of VAT shall be applied up to and including the retail trade stage.

Article 2

- 1 The following transactions shall be subject to VAT:
 - a the supply of goods for consideration within the territory of a Member State by a taxable person acting as such;
 - b the intra-Community acquisition of goods for consideration within the territory of a Member State by:
 - (i) a taxable person acting as such, or a non-taxable legal person, where the vendor is a taxable person acting as such who is not eligible for the exemption for small enterprises provided for in Articles 282 to 292 and who is not covered by Articles 33 or 36;
 - (ii) in the case of new means of transport, a taxable person, or a non-taxable legal person, whose other acquisitions are not subject to VAT pursuant to Article 3(1), or any other non-taxable person;
 - (iii) in the case of products subject to excise duty, where the excise duty on the intra-Community acquisition is chargeable, pursuant to Directive 92/12/EEC, within the territory of the Member State, a taxable person, or a non-taxable legal person, whose other acquisitions are not subject to VAT pursuant to Article 3(1);
 - c the supply of services for consideration within the territory of a Member State by a taxable person acting as such;
 - d the importation of goods.
- 2
 - a For the purposes of point (ii) of paragraph 1(b), the following shall be regarded as 'means of transport', where they are intended for the transport of persons or goods:
 - (i) motorised land vehicles the capacity of which exceeds 48 cubic centimetres or the power of which exceeds 7,2 kilowatts;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (ii) vessels exceeding 7,5 metres in length, with the exception of vessels used for navigation on the high seas and carrying passengers for reward, and of vessels used for the purposes of commercial, industrial or fishing activities, or for rescue or assistance at sea, or for inshore fishing;
 - (iii) aircraft the take-off weight of which exceeds 1 550 kilograms, with the exception of aircraft used by airlines operating for reward chiefly on international routes.
- b These means of transport shall be regarded as ‘new’ in the cases:
- (i) of motorised land vehicles, where the supply takes place within six months of the date of first entry into service or where the vehicle has travelled for no more than 6 000 kilometres;
 - (ii) of vessels, where the supply takes place within three months of the date of first entry into service or where the vessel has sailed for no more than 100 hours;
 - (iii) of aircraft, where the supply takes place within three months of the date of first entry into service or where the aircraft has flown for no more than 40 hours.
- c Member States shall lay down the conditions under which the facts referred to in point (b) may be regarded as established.
- 3 ‘Products subject to excise duty’ shall mean energy products, alcohol and alcoholic beverages and manufactured tobacco, as defined by current Community legislation, but not gas supplied through the natural gas distribution system or electricity.

Article 3

- 1 By way of derogation from Article 2(1)(b)(i), the following transactions shall not be subject to VAT:
- a the intra-Community acquisition of goods by a taxable person or a non-taxable legal person, where the supply of such goods within the territory of the Member State of acquisition would be exempt pursuant to Articles 148 and 151;
 - b the intra-Community acquisition of goods, other than those referred to in point (a) and Article 4, and other than new means of transport or products subject to excise duty, by a taxable person for the purposes of his agricultural, forestry or fisheries business subject to the common flat-rate scheme for farmers, or by a taxable person who carries out only supplies of goods or services in respect of which VAT is not deductible, or by a non-taxable legal person.
- 2 Point (b) of paragraph 1 shall apply only if the following conditions are met:
- a during the current calendar year, the total value of intra-Community acquisitions of goods does not exceed a threshold which the Member States shall determine but which may not be less than EUR 10 000 or the equivalent in national currency;
 - b during the previous calendar year, the total value of intra-Community acquisitions of goods did not exceed the threshold provided for in point (a).

The threshold which serves as the reference shall consist of the total value, exclusive of VAT due or paid in the Member State in which dispatch or transport of the goods began, of the intra-Community acquisitions of goods as referred to under point (b) of paragraph 1.

- 3 Member States shall grant taxable persons and non-taxable legal persons eligible under point (b) of paragraph 1 the right to opt for the general scheme provided for in Article 2(1)(b)(i).

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Member States shall lay down the detailed rules for the exercise of the option referred to in the first subparagraph, which shall in any event cover a period of two calendar years.

Article 4

In addition to the transactions referred to in Article 3, the following transactions shall not be subject to VAT:

- (a) the intra-Community acquisition of second-hand goods, works of art, collectors' items or antiques, as defined in points (1) to (4) of Article 311(1), where the vendor is a taxable dealer acting as such and VAT has been applied to the goods in the Member State in which their dispatch or transport began, in accordance with the margin scheme provided for in Articles 312 to 325;
- (b) the intra-Community acquisition of second-hand means of transport, as defined in Article 327(3), where the vendor is a taxable dealer acting as such and VAT has been applied to the means of transport in the Member State in which their dispatch or transport began, in accordance with the transitional arrangements for second-hand means of transport;
- (c) the intra-Community acquisition of second-hand goods, works of art, collectors' items or antiques, as defined in points (1) to (4) of Article 311(1), where the vendor is an organiser of sales by public auction, acting as such, and VAT has been applied to the goods in the Member State in which their dispatch or transport began, in accordance with the special arrangements for sales by public auction.

TITLE II

TERRITORIAL SCOPE

Article 5

For the purposes of applying this Directive, the following definitions shall apply:

- (1) 'Community' and 'territory of the Community' mean the territories of the Member States as defined in point (2);
- (2) 'Member State' and 'territory of a Member State' mean the territory of each Member State of the Community to which the Treaty establishing the European Community is applicable, in accordance with Article 299 of that Treaty, with the exception of any territory referred to in Article 6 of this Directive;
- (3) 'third territories' means those territories referred to in Article 6;
- (4) 'third country' means any State or territory to which the Treaty is not applicable.

Article 6

1 This Directive shall not apply to the following territories forming part of the customs territory of the Community:

- a Mount Athos;
- b the Canary Islands;
- c the French overseas departments;
- d the Åland Islands;
- e the Channel Islands.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 This Directive shall not apply to the following territories not forming part of the customs territory of the Community:

- a the Island of Heligoland;
- b the territory of Büsingen;
- c Ceuta;
- d Melilla;
- e Livigno;
- f Campione d'Italia;
- g the Italian waters of Lake Lugano.

Article 7

1 In view of the conventions and treaties concluded with France, the United Kingdom and Cyprus respectively, the Principality of Monaco, the Isle of Man and the United Kingdom Sovereign Base Areas of Akrotiri and Dhekelia shall not be regarded, for the purposes of the application of this Directive, as third countries.

2 Member States shall take the measures necessary to ensure that transactions originating in or intended for the Principality of Monaco are treated as transactions originating in or intended for France, that transactions originating in or intended for the Isle of Man are treated as transactions originating in or intended for the United Kingdom, and that transactions originating in or intended for the United Kingdom Sovereign Base Areas of Akrotiri and Dhekelia are treated as transactions originating in or intended for Cyprus.

Article 8

If the Commission considers that the provisions laid down in Articles 6 and 7 are no longer justified, particularly in terms of fair competition or own resources, it shall present appropriate proposals to the Council.

TITLE III

TAXABLE PERSONS

Article 9

1 'Taxable person' shall mean any person who, independently, carries out in any place any economic activity, whatever the purpose or results of that activity.

Any activity of producers, traders or persons supplying services, including mining and agricultural activities and activities of the professions, shall be regarded as 'economic activity'. The exploitation of tangible or intangible property for the purposes of obtaining income therefrom on a continuing basis shall in particular be regarded as an economic activity.

2 In addition to the persons referred to in paragraph 1, any person who, on an occasional basis, supplies a new means of transport, which is dispatched or transported to the customer by the vendor or the customer, or on behalf of the vendor or the customer, to a destination outside the territory of a Member State but within the territory of the Community, shall be regarded as a taxable person.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 10

The condition in Article 9(1) that the economic activity be conducted ‘independently’ shall exclude employed and other persons from VAT in so far as they are bound to an employer by a contract of employment or by any other legal ties creating the relationship of employer and employee as regards working conditions, remuneration and the employer's liability.

Article 11

After consulting the advisory committee on value added tax (hereafter, the ‘VAT Committee’), each Member State may regard as a single taxable person any persons established in the territory of that Member State who, while legally independent, are closely bound to one another by financial, economic and organisational links.

A Member State exercising the option provided for in the first paragraph, may adopt any measures needed to prevent tax evasion or avoidance through the use of this provision.

Article 12

1 Member States may regard as a taxable person anyone who carries out, on an occasional basis, a transaction relating to the activities referred to in the second subparagraph of Article 9(1) and in particular one of the following transactions:

- a the supply, before first occupation, of a building or parts of a building and of the land on which the building stands;
- b the supply of building land.

2 For the purposes of paragraph 1(a), ‘building’ shall mean any structure fixed to or in the ground.

Member States may lay down the detailed rules for applying the criterion referred to in paragraph 1(a) to conversions of buildings and may determine what is meant by ‘the land on which a building stands’.

Member States may apply criteria other than that of first occupation, such as the period elapsing between the date of completion of the building and the date of first supply, or the period elapsing between the date of first occupation and the date of subsequent supply, provided that those periods do not exceed five years and two years respectively.

3 For the purposes of paragraph 1(b), ‘building land’ shall mean any unimproved or improved land defined as such by the Member States.

Article 13

1 States, regional and local government authorities and other bodies governed by public law shall not be regarded as taxable persons in respect of the activities or transactions in which they engage as public authorities, even where they collect dues, fees, contributions or payments in connection with those activities or transactions.

However, when they engage in such activities or transactions, they shall be regarded as taxable persons in respect of those activities or transactions where their treatment as non-taxable persons would lead to significant distortions of competition.

In any event, bodies governed by public law shall be regarded as taxable persons in respect of the activities listed in Annex I, provided that those activities are not carried out on such a small scale as to be negligible.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 Member States may regard activities, exempt under Articles 132, 135, 136, 371, 374 to 377, and Article 378(2), Article 379(2), or Articles 380 to 390, engaged in by bodies governed by public law as activities in which those bodies engage as public authorities.

TITLE IV

TAXABLE TRANSACTIONS

CHAPTER 1

supply of goods

Article 14

1 ‘Supply of goods’ shall mean the transfer of the right to dispose of tangible property as owner.

2 In addition to the transaction referred to in paragraph 1, each of the following shall be regarded as a supply of goods:

- a the transfer, by order made by or in the name of a public authority or in pursuance of the law, of the ownership of property against payment of compensation;
- b the actual handing over of goods pursuant to a contract for the hire of goods for a certain period, or for the sale of goods on deferred terms, which provides that in the normal course of events ownership is to pass at the latest upon payment of the final instalment;
- c the transfer of goods pursuant to a contract under which commission is payable on purchase or sale.

3 Member States may regard the handing over of certain works of construction as a supply of goods.

Article 15

1 Electricity, gas, heat, refrigeration and the like shall be treated as tangible property.

2 Member States may regard the following as tangible property:

- a certain interests in immovable property;
- b rights in rem giving the holder thereof a right of use over immovable property;
- c shares or interests equivalent to shares giving the holder thereof de jure or de facto rights of ownership or possession over immovable property or part thereof.

Article 16

The application by a taxable person of goods forming part of his business assets for his private use or for that of his staff, or their disposal free of charge or, more generally, their application for purposes other than those of his business, shall be treated as a supply of goods for consideration, where the VAT on those goods or the component parts thereof was wholly or partly deductible.

However, the application of goods for business use as samples or as gifts of small value shall not be treated as a supply of goods for consideration.

Article 17

1 The transfer by a taxable person of goods forming part of his business assets to another Member State shall be treated as a supply of goods for consideration.

‘Transfer to another Member State’ shall mean the dispatch or transport of movable tangible property by or on behalf of the taxable person, for the purposes of his business, to a destination outside the territory of the Member State in which the property is located, but within the Community.

2 The dispatch or transport of goods for the purposes of any of the following transactions shall not be regarded as a transfer to another Member State:

- a the supply of the goods by the taxable person within the territory of the Member State in which the dispatch or transport ends, in accordance with the conditions laid down in Article 33;
- b the supply of the goods, for installation or assembly by or on behalf of the supplier, by the taxable person within the territory of the Member State in which dispatch or transport of the goods ends, in accordance with the conditions laid down in Article 36;
- c the supply of the goods by the taxable person on board a ship, an aircraft or a train in the course of a passenger transport operation, in accordance with the conditions laid down in Article 37;
- d the supply of gas through the natural gas distribution system, or of electricity, in accordance with the conditions laid down in Articles 38 and 39;
- e the supply of the goods by the taxable person within the territory of the Member State, in accordance with the conditions laid down in Articles 138, 146, 147, 148, 151 or 152;
- f the supply of a service performed for the taxable person and consisting of work on the goods in question physically carried out within the territory of the Member State in which dispatch or transport of the goods ends, provided that the goods, after being worked upon, are returned to that taxable person in the Member State from which they were initially dispatched or transported;
- g the temporary use of the goods within the territory of the Member State in which dispatch or transport of the goods ends, for the purposes of the supply of services by the taxable person established within the Member State in which dispatch or transport of the goods began;
- h the temporary use of the goods, for a period not exceeding twenty-four months, within the territory of another Member State, in which the importation of the same goods from a third country with a view to their temporary use would be covered by the arrangements for temporary importation with full exemption from import duties.

3 If one of the conditions governing eligibility under paragraph 2 is no longer met, the goods shall be regarded as having been transferred to another Member State. In such cases, the transfer shall be deemed to take place at the time when that condition ceases to be met.

Article 18

Member States may treat each of the following transactions as a supply of goods for consideration:

- (a) the application by a taxable person for the purposes of his business of goods produced, constructed, extracted, processed, purchased or imported in the course of such business, where the VAT on such goods, had they been acquired from another taxable person, would not be wholly deductible;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (b) the application of goods by a taxable person for the purposes of a non-taxable area of activity, where the VAT on such goods became wholly or partly deductible upon their acquisition or upon their application in accordance with point (a);
- (c) with the exception of the cases referred to in Article 19, the retention of goods by a taxable person, or by his successors, when he ceases to carry out a taxable economic activity, where the VAT on such goods became wholly or partly deductible upon their acquisition or upon their application in accordance with point (a).

Article 19

In the event of a transfer, whether for consideration or not or as a contribution to a company, of a totality of assets or part thereof, Member States may consider that no supply of goods has taken place and that the person to whom the goods are transferred is to be treated as the successor to the transferor.

Member States may, in cases where the recipient is not wholly liable to tax, take the measures necessary to prevent distortion of competition. They may also adopt any measures needed to prevent tax evasion or avoidance through the use of this Article.

CHAPTER 2

Intra-Community acquisition of goods

Article 20

'Intra-Community acquisition of goods' shall mean the acquisition of the right to dispose as owner of movable tangible property dispatched or transported to the person acquiring the goods, by or on behalf of the vendor or the person acquiring the goods, in a Member State other than that in which dispatch or transport of the goods began.

Where goods acquired by a non-taxable legal person are dispatched or transported from a third territory or a third country and imported by that non-taxable legal person into a Member State other than the Member State in which dispatch or transport of the goods ends, the goods shall be regarded as having been dispatched or transported from the Member State of importation. That Member State shall grant the importer designated or recognised under Article 201 as liable for payment of VAT a refund of the VAT paid in respect of the importation of the goods, provided that the importer establishes that VAT has been applied to his acquisition in the Member State in which dispatch or transport of the goods ends.

Article 21

The application by a taxable person, for the purposes of his business, of goods dispatched or transported by or on behalf of that taxable person from another Member State, within which the goods were produced, extracted, processed, purchased or acquired within the meaning of Article 2(1)(b), or into which they were imported by that taxable person for the purposes of his business, shall be treated as an intra-Community acquisition of goods for consideration.

Article 22

The application by the armed forces of a State party to the North Atlantic Treaty, for their use or for the use of the civilian staff accompanying them, of goods which they have not purchased subject to the general rules governing taxation on the domestic

market of a Member State shall be treated as an intra-Community acquisition of goods for consideration, where the importation of those goods would not be eligible for the exemption provided for in point (h) of Article 143.

Article 23

Member States shall take the measures necessary to ensure that a transaction which would have been classed as a supply of goods if it had been carried out within their territory by a taxable person acting as such is classed as an intra-Community acquisition of goods.

CHAPTER 3

Supply of services

Article 24

1 'Supply of services' shall mean any transaction which does not constitute a supply of goods.

2 'Telecommunications services' shall mean services relating to the transmission, emission or reception of signals, words, images and sounds or information of any nature by wire, radio, optical or other electromagnetic systems, including the related transfer or assignment of the right to use capacity for such transmission, emission or reception, with the inclusion of the provision of access to global information networks.

Article 25

A supply of services may consist, inter alia, in one of the following transactions:

- (a) the assignment of intangible property, whether or not the subject of a document establishing title;
- (b) the obligation to refrain from an act, or to tolerate an act or situation;
- (c) the performance of services in pursuance of an order made by or in the name of a public authority or in pursuance of the law.

Article 26

1 Each of the following transactions shall be treated as a supply of services for consideration:

- a the use of goods forming part of the assets of a business for the private use of a taxable person or of his staff or, more generally, for purposes other than those of his business, where the VAT on such goods was wholly or partly deductible;
- b the supply of services carried out free of charge by a taxable person for his private use or for that of his staff or, more generally, for purposes other than those of his business.

2 Member States may derogate from paragraph 1, provided that such derogation does not lead to distortion of competition.

Article 27

In order to prevent distortion of competition and after consulting the VAT Committee, Member States may treat as a supply of services for consideration the supply by a taxable

person of a service for the purposes of his business, where the VAT on such a service, were it supplied by another taxable person, would not be wholly deductible.

Article 28

Where a taxable person acting in his own name but on behalf of another person takes part in a supply of services, he shall be deemed to have received and supplied those services himself.

Article 29

Article 19 shall apply in like manner to the supply of services.

CHAPTER 4

Importation of goods

Article 30

‘Importation of goods’ shall mean the entry into the Community of goods which are not in free circulation within the meaning of Article 24 of the Treaty.

In addition to the transaction referred to in the first paragraph, the entry into the Community of goods which are in free circulation, coming from a third territory forming part of the customs territory of the Community, shall be regarded as importation of goods.

TITLE V

PLACE OF TAXABLE TRANSACTIONS

CHAPTER 1

Place of supply of goods

Section 1

Supply of goods without transport

Article 31

Where goods are not dispatched or transported, the place of supply shall be deemed to be the place where the goods are located at the time when the supply takes place.

Section 2

Supply of goods with transport

Article 32

Where goods are dispatched or transported by the supplier, or by the customer, or by a third person, the place of supply shall be deemed to be the place where the goods are located at the time when dispatch or transport of the goods to the customer begins.

However, if dispatch or transport of the goods begins in a third territory or third country, both the place of supply by the importer designated or recognised under Article 201 as liable for payment of VAT and the place of any subsequent supply shall be deemed to be within the Member State of importation of the goods.

Article 33

1 By way of derogation from Article 32, the place of supply of goods dispatched or transported by or on behalf of the supplier from a Member State other than that in which dispatch or transport of the goods ends shall be deemed to be the place where the goods are located at the time when dispatch or transport of the goods to the customer ends, where the following conditions are met:

- a the supply of goods is carried out for a taxable person, or a non-taxable legal person, whose intra-Community acquisitions of goods are not subject to VAT pursuant to Article 3(1) or for any other non-taxable person;
- b the goods supplied are neither new means of transport nor goods supplied after assembly or installation, with or without a trial run, by or on behalf of the supplier.

2 Where the goods supplied are dispatched or transported from a third territory or a third country and imported by the supplier into a Member State other than that in which dispatch or transport of the goods to the customer ends, they shall be regarded as having been dispatched or transported from the Member State of importation.

Article 34

1 Provided the following conditions are met, Article 33 shall not apply to supplies of goods all of which are dispatched or transported to the same Member State, where that Member State is the Member State in which dispatch or transport of the goods ends:

- a the goods supplied are not products subject to excise duty;
- b the total value, exclusive of VAT, of such supplies effected under the conditions laid down in Article 33 within that Member State does not in any one calendar year exceed EUR 100 000 or the equivalent in national currency;
- c the total value, exclusive of VAT, of the supplies of goods, other than products subject to excise duty, effected under the conditions laid down in Article 33 within that Member State did not in the previous calendar year exceed EUR 100 000 or the equivalent in national currency.

2 The Member State within the territory of which the goods are located at the time when their dispatch or transport to the customer ends may limit the threshold referred to in paragraph 1 to EUR 35 000 or the equivalent in national currency, where that Member State fears that the threshold of EUR 100 000 might cause serious distortion of competition.

Member States which exercise the option under the first subparagraph shall take the measures necessary to inform accordingly the competent public authorities in the Member State in which dispatch or transport of the goods begins.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

3 The Commission shall present to the Council at the earliest opportunity a report on the operation of the special EUR 35 000 threshold referred to in paragraph 2, accompanied, if necessary, by appropriate proposals.

4 The Member State within the territory of which the goods are located at the time when their dispatch or transport begins shall grant those taxable persons who carry out supplies of goods eligible under paragraph 1 the right to opt for the place of supply to be determined in accordance with Article 33.

The Member States concerned shall lay down the detailed rules governing the exercise of the option referred to in the first subparagraph, which shall in any event cover two calendar years.

Article 35

Articles 33 and 34 shall not apply to supplies of second-hand goods, works of art, collectors' items or antiques, as defined in points (1) to (4) of Article 311(1), nor to supplies of second-hand means of transport, as defined in Article 327(3), subject to VAT in accordance with the relevant special arrangements.

Article 36

Where goods dispatched or transported by the supplier, by the customer or by a third person are installed or assembled, with or without a trial run, by or on behalf of the supplier, the place of supply shall be deemed to be the place where the goods are installed or assembled.

Where the installation or assembly is carried out in a Member State other than that of the supplier, the Member State within the territory of which the installation or assembly is carried out shall take the measures necessary to ensure that there is no double taxation in that Member State.

Section 3

Supply of goods on board ships, aircraft or trains

Article 37

1 Where goods are supplied on board ships, aircraft or trains during the section of a passenger transport operation effected within the Community, the place of supply shall be deemed to be at the point of departure of the passenger transport operation.

2 For the purposes of paragraph 1, 'section of a passenger transport operation effected within the Community' shall mean the section of the operation effected, without a stopover outside the Community, between the point of departure and the point of arrival of the passenger transport operation.

'Point of departure of a passenger transport operation' shall mean the first scheduled point of passenger embarkation within the Community, where applicable after a stopover outside the Community.

'Point of arrival of a passenger transport operation' shall mean the last scheduled point of disembarkation within the Community of passengers who embarked in the Community, where applicable before a stopover outside the Community.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

In the case of a return trip, the return leg shall be regarded as a separate transport operation.

3 The Commission shall, at the earliest opportunity, present to the Council a report, accompanied if necessary by appropriate proposals, on the place of taxation of the supply of goods for consumption on board and the supply of services, including restaurant services, for passengers on board ships, aircraft or trains.

Pending adoption of the proposals referred to in the first subparagraph, Member States may exempt or continue to exempt, with deductibility of the VAT paid at the preceding stage, the supply of goods for consumption on board in respect of which the place of taxation is determined in accordance with paragraph 1.

Section 4

Supply of goods through distribution systems

Article 38

1 In the case of the supply of gas through the natural gas distribution system, or of electricity, to a taxable dealer, the place of supply shall be deemed to be the place where that taxable dealer has established his business or has a fixed establishment for which the goods are supplied, or, in the absence of such a place of business or fixed establishment, the place where he has his permanent address or usually resides.

2 For the purposes of paragraph 1, 'taxable dealer' shall mean a taxable person whose principal activity in respect of purchases of gas or electricity is reselling those products and whose own consumption of those products is negligible.

Article 39

In the case of the supply of gas through the natural gas distribution system, or of electricity, where such a supply is not covered by Article 38, the place of supply shall be deemed to be the place where the customer effectively uses and consumes the goods.

Where all or part of the gas or electricity is not effectively consumed by the customer, those non-consumed goods shall be deemed to have been used and consumed at the place where the customer has established his business or has a fixed establishment for which the goods are supplied. In the absence of such a place of business or fixed establishment, the customer shall be deemed to have used and consumed the goods at the place where he has his permanent address or usually resides.

CHAPTER 2

Place of an intra-Community acquisition of goods

Article 40

The place of an intra-Community acquisition of goods shall be deemed to be the place where dispatch or transport of the goods to the person acquiring them ends.

Article 41

Without prejudice to Article 40, the place of an intra-Community acquisition of goods as referred to in Article 2(1)(b)(i) shall be deemed to be within the territory of the Member

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

State which issued the VAT identification number under which the person acquiring the goods made the acquisition, unless the person acquiring the goods establishes that VAT has been applied to that acquisition in accordance with Article 40.

If VAT is applied to the acquisition in accordance with the first paragraph and subsequently applied, pursuant to Article 40, to the acquisition in the Member State in which dispatch or transport of the goods ends, the taxable amount shall be reduced accordingly in the Member State which issued the VAT identification number under which the person acquiring the goods made the acquisition.

Article 42

The first paragraph of Article 41 shall not apply and VAT shall be deemed to have been applied to the intra-Community acquisition of goods in accordance with Article 40 where the following conditions are met:

- (a) the person acquiring the goods establishes that he has made the intra-Community acquisition for the purposes of a subsequent supply, within the territory of the Member State identified in accordance with Article 40, for which the person to whom the supply is made has been designated in accordance with Article 197 as liable for payment of VAT;
- (b) the person acquiring the goods has satisfied the obligations laid down in Article 265 relating to submission of the recapitulative statement.

CHAPTER 3

Where no comparable supply of goods or services can be ascertained, ‘open market value’ shall mean the following:

The value to be used is the open market value of the investment gold at the time that those goods and services are supplied.

CHAPTER 3

Article 83

In respect of the intra-Community acquisition of goods, the taxable amount shall be established on the basis of the same factors as are used [^{XI}in accordance with Chapter 2] to determine the taxable amount for the supply of the same goods within the territory of the Member State concerned. The reduced rates may be applied to services from no more than two of the categories set out in Annex IV.

In exceptional cases a Member State may be allowed to apply the reduced rates to services from three of those categories.

The services referred to in Article 106 must meet the following conditions:

- (a) they must be labour-intensive;
- (b) they must largely be provided direct to final consumers;
- (c) they must be mainly local and not likely to cause distortion of competition.

There must also be a close link between the decrease in prices resulting from the rate reduction and the foreseeable increase in demand and employment. Application of a reduced rate must not prejudice the smooth functioning of the internal market.

Article 108

Any Member State wishing to apply for the first time after 31 December 2005 a reduced rate to one or more of the services referred to in Article 106 pursuant to this Article shall inform the Commission accordingly no later than 31 March 2006. In the case referred to in the first paragraph, Ireland shall submit a request to the Commission, together with all necessary information. Article 155

Without prejudice to other Community tax provisions, Member States may, after consulting the VAT Committee, take special measures designed to exempt all or some of the transactions referred to in this Section, provided that those measures are not aimed at final use or consumption and that the amount of VAT due on cessation of the arrangements or situations referred to in this Section corresponds to the amount of tax which would have been due had each of those transactions been taxed within their territory.

- c where the goods are intended for taxable persons, for the purposes of carrying out supplies which are exempt from VAT pursuant to Article 151.

2 Where Member States exercise the option of exemption provided for in point (a) of paragraph 1, they shall take the measures necessary to ensure the correct and straightforward application of this exemption and to prevent any evasion, avoidance or abuse.

Article 163

If the goods cease to be covered by the arrangements or situations referred to in this Section, thus giving rise to importation for the purposes of Article 61, the Member State of importation shall take the measures necessary to prevent double taxation.

Section 2

- b supplies of services linked with the export business of the taxable person.

2 Where Member States exercise the option of exemption under paragraph 1, they shall, after consulting the VAT Committee, apply that exemption also to transactions relating to supplies carried out by the taxable person, in accordance with the conditions specified in Article 138, up to an amount equal to the value of the supplies carried out by that person, in accordance with the same conditions, during the preceding 12 months.

Article 165

TITLE X

DEDUCTIONS

CHAPTER 1

Origin and scope of right of deduction

Article 167

A right of deduction shall arise at the time the deductible tax becomes chargeable.

Article 168

In so far as the goods and services are used for the purposes of the taxed transactions of a taxable person, the taxable person shall be entitled, in the Member State in which he carries out these transactions, to deduct the following from the VAT which he is liable to pay:

- (a) the VAT due or paid in that Member State in respect of supplies to him of goods or services, carried out or to be carried out by another taxable person;
- (b) the VAT due in respect of transactions treated as supplies of goods or services pursuant to Article 18(a) and Article 27;
- (c) the VAT due in respect of intra-Community acquisitions of goods pursuant to Article 2(1)(b)(i);
- (d) the VAT due on transactions treated as intra-Community acquisitions in accordance with Articles 21 and 22;
- (e) the VAT due or paid in respect of the importation of goods into that Member State.

Article 169

In addition to the deduction referred to in Article 168, the taxable person shall be entitled to deduct the VAT referred to therein in so far as the goods and services are used for the purposes of the following:

- (a) transactions relating to the activities referred to in the second subparagraph of Article 9(1), carried out outside the Member State in which that tax is due or paid, in respect of which VAT would be deductible if they had been carried out within that Member State;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (b) transactions which are exempt pursuant to Articles 138, 142 or 144, Articles 146 to 149, Articles 151, 152, 153 or 156, Article 157(1)(b), Articles 158 to 161 or Article 164;
- (c) transactions which are exempt pursuant to points (a) to (f) of Article 135(1), where the customer is established outside the Community or where those transactions relate directly to goods to be exported out of the Community.

Article 170

All taxable persons who, within the meaning of Article 1 of Directive 79/1072/EEC⁽⁴⁾, Article 1 of Directive 86/560/EEC⁽⁵⁾ and Article 171 of this Directive, are not established in the Member State in which they purchase goods and services or import goods subject to VAT shall be entitled to obtain a refund of that VAT in so far as the goods and services are used for the purposes of the following:

- (a) transactions referred to in Article 169;
- (b) transactions for which the tax is solely payable by the customer in accordance with Articles 194 to 197 or Article 199.

Article 171

1 VAT shall be refunded to taxable persons who are not established in the Member State in which they purchase goods and services or import goods subject to VAT but who are established in another Member State, in accordance with the detailed implementing rules laid down in Directive 79/1072/EEC.

The taxable persons referred to in Article 1 of Directive 79/1072/EEC shall also, for the purposes of applying that Directive, be regarded as taxable persons who are not established in the Member State concerned where, in the Member State in which they purchase goods and services or import goods subject to VAT, they have only carried out the supply of goods or services to a person designated in accordance with Articles 194 to 197 or Article 199 as liable for payment of VAT.

2 VAT shall be refunded to taxable persons who are not established within the territory of the Community in accordance with the detailed implementing rules laid down in Directive 86/560/EEC.

The taxable persons referred to in Article 1 of Directive 86/560/EEC shall also, for the purposes of applying that Directive, be regarded as taxable persons who are not established in the Community where, in the Member State in which they purchase goods and services or import goods subject to VAT, they have only carried out the supply of goods or services to a person designated in accordance with Articles 194 to 197 or Article 199 as liable for payment of VAT.

3 Directives 79/1072/EEC and 86/560/EEC shall not apply to the supply of goods which is, or may be, exempted pursuant to Article 138 where the goods thus supplied are dispatched or transported by or on behalf of the person acquiring the goods.

Article 172

1 Any person who is regarded as a taxable person by reason of the fact that he supplies, on an occasional basis, a new means of transport in accordance with the conditions specified in Article 138(1) and (2)(a) shall, in the Member State in which the supply takes place, be entitled to deduct the VAT included in the purchase price or paid in respect of the importation or the intra-

Community acquisition of this means of transport, up to an amount not exceeding the amount of VAT for which he would be liable if the supply were not exempt.

A right of deduction shall arise and may be exercised only at the time of supply of the new means of transport.

2 Member States shall lay down detailed rules for the implementation of paragraph 1.

CHAPTER 2

Proportional deduction

Article 173

1 In the case of goods or services used by a taxable person both for transactions in respect of which VAT is deductible pursuant to Articles 168, 169 and 170, and for transactions in respect of which VAT is not deductible, only such proportion of the VAT as is attributable to the former transactions shall be deductible.

The deductible proportion shall be determined, in accordance with Articles 174 and 175, for all the transactions carried out by the taxable person.

2 Member States may take the following measures:

- a authorise the taxable person to determine a proportion for each sector of his business, provided that separate accounts are kept for each sector;
- b require the taxable person to determine a proportion for each sector of his business and to keep separate accounts for each sector;
- c authorise or require the taxable person to make the deduction on the basis of the use made of all or part of the goods and services;
- d authorise or require the taxable person to make the deduction in accordance with the rule laid down in the first subparagraph of paragraph 1, in respect of all goods and services used for all transactions referred to therein;
- e provide that, where the VAT which is not deductible by the taxable person is insignificant, it is to be treated as nil.

Article 174

1 The deductible proportion shall be made up of a fraction comprising the following amounts:

- a as numerator, the total amount, exclusive of VAT, of turnover per year attributable to transactions in respect of which VAT is deductible pursuant to Articles 168 and 169;
- b as denominator, the total amount, exclusive of VAT, of turnover per year attributable to transactions included in the numerator and to transactions in respect of which VAT is not deductible.

Member States may include in the denominator the amount of subsidies, other than those directly linked to the price of supplies of goods or services referred to in Article 73.

2 By way of derogation from paragraph 1, the following amounts shall be excluded from the calculation of the deductible proportion:

- a the amount of turnover attributable to supplies of capital goods used by the taxable person for the purposes of his business;
- b the amount of turnover attributable to incidental real estate and financial transactions;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- c the amount of turnover attributable to the transactions specified in points (b) to (g) of Article 135(1) in so far as those transactions are incidental.

3 Where Member States exercise the option under Article 191 not to require adjustment in respect of capital goods, they may include disposals of capital goods in the calculation of the deductible proportion.

Article 175

1 The deductible proportion shall be determined on an annual basis, fixed as a percentage and rounded up to a figure not exceeding the next whole number.

2 The provisional proportion for a year shall be that calculated on the basis of the preceding year's transactions. In the absence of any such transactions to refer to, or where they were insignificant in amount, the deductible proportion shall be estimated provisionally, under the supervision of the tax authorities, by the taxable person on the basis of his own forecasts.

However, Member States may retain the rules in force at 1 January 1979 or, in the case of the Member States which acceded to the Community after that date, on the date of their accession.

3 Deductions made on the basis of such provisional proportions shall be adjusted when the final proportion is fixed during the following year.

CHAPTER 3

Restrictions on the right of deduction

Article 176

The Council, acting unanimously on a proposal from the Commission, shall determine the expenditure in respect of which VAT shall not be deductible. VAT shall in no circumstances be deductible in respect of expenditure which is not strictly business expenditure, such as that on luxuries, amusements or entertainment.

Pending the entry into force of the provisions referred to in the first paragraph, Member States may retain all the exclusions provided for under their national laws at 1 January 1979 or, in the case of the Member States which acceded to the Community after that date, on the date of their accession.

Article 177

After consulting the VAT Committee, each Member State may, for cyclical economic reasons, totally or partly exclude all or some capital goods or other goods from the system of deductions.

In order to maintain identical conditions of competition, Member States may, instead of refusing deduction, tax goods manufactured by the taxable person himself or goods which he has purchased within the Community, or imported, in such a way that the tax does not exceed the amount of VAT which would be charged on the acquisition of similar goods.

CHAPTER 4

Rules governing exercise of the right of deduction

Article 178

In order to exercise the right of deduction, a taxable person must meet the following conditions:

- (a) for the purposes of deductions pursuant to Article 168(a), in respect of the supply of goods or services, he must hold an invoice drawn up in accordance with Articles 220 to 236 and Articles 238, 239 and 240;
- (b) for the purposes of deductions pursuant to Article 168(b), in respect of transactions treated as the supply of goods or services, he must comply with the formalities as laid down by each Member State;
- (c) for the purposes of deductions pursuant to Article 168(c), in respect of the intra-Community acquisition of goods, he must set out in the VAT return provided for in Article 250 all the information needed for the amount of the VAT due on his intra-Community acquisitions of goods to be calculated and he must hold an invoice drawn up in accordance with Articles 220 to 236;
- (d) for the purposes of deductions pursuant to Article 168(d), in respect of transactions treated as intra-Community acquisitions of goods, he must complete the formalities as laid down by each Member State;
- (e) for the purposes of deductions pursuant to Article 168(e), in respect of the importation of goods, he must hold an import document specifying him as consignee or importer, and stating the amount of VAT due or enabling that amount to be calculated;
- (f) when required to pay VAT as a customer where Articles 194 to 197 or Article 199 apply, he must comply with the formalities as laid down by each Member State.

Article 179

The taxable person shall make the deduction by subtracting from the total amount of VAT due for a given tax period the total amount of VAT in respect of which, during the same period, the right of deduction has arisen and is exercised in accordance with Article 178.

However, Member States may require that taxable persons who carry out occasional transactions, as defined in Article 12, exercise their right of deduction only at the time of supply.

Article 180

Member States may authorise a taxable person to make a deduction which he has not made in accordance with Articles 178 and 179.

Article 181

Member States may authorise a taxable person who does not hold an invoice drawn up in accordance with Articles 220 to 236 to make the deduction referred to in Article 168(c) in respect of his intra-Community acquisitions of goods.

Article 182

Member States shall determine the conditions and detailed rules for applying Articles 180 and 181.

Article 183

Where, for a given tax period, the amount of deductions exceeds the amount of VAT due, the Member States may, in accordance with conditions which they shall determine, either make a refund or carry the excess forward to the following period.

However, Member States may refuse to refund or carry forward if the amount of the excess is insignificant.

CHAPTER 5

Adjustment of deductions

Article 184

The initial deduction shall be adjusted where it is higher or lower than that to which the taxable person was entitled.

Article 185

1 Adjustment shall, in particular, be made where, after the VAT return is made, some change occurs in the factors used to determine the amount to be deducted, for example where purchases are cancelled or price reductions are obtained.

2 By way of derogation from paragraph 1, no adjustment shall be made in the case of transactions remaining totally or partially unpaid or in the case of destruction, loss or theft of property duly proved or confirmed, or in the case of goods reserved for the purpose of making gifts of small value or of giving samples, as referred to in Article 16.

However, in the case of transactions remaining totally or partially unpaid or in the case of theft, Member States may require adjustment to be made.

Article 186

Member States shall lay down the detailed rules for applying Articles 184 and 185.

Article 187

1 In the case of capital goods, adjustment shall be spread over five years including that in which the goods were acquired or manufactured.

Member States may, however, base the adjustment on a period of five full years starting from the time at which the goods are first used.

In the case of immovable property acquired as capital goods, the adjustment period may be extended up to 20 years.

2 The annual adjustment shall be made only in respect of one-fifth of the VAT charged on the capital goods, or, if the adjustment period has been extended, in respect of the corresponding fraction thereof.

The adjustment referred to in the first subparagraph shall be made on the basis of the variations in the deduction entitlement in subsequent years in relation to that for the

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

year in which the goods were acquired, manufactured or, where applicable, used for the first time.

Article 188

1 If supplied during the adjustment period, capital goods shall be treated as if they had been applied to an economic activity of the taxable person up until expiry of the adjustment period.

The economic activity shall be presumed to be fully taxed in cases where the supply of the capital goods is taxed.

The economic activity shall be presumed to be fully exempt in cases where the supply of the capital goods is exempt.

2 The adjustment provided for in paragraph 1 shall be made only once in respect of all the time covered by the adjustment period that remains to run. However, where the supply of capital goods is exempt, Member States may waive the requirement for adjustment in so far as the purchaser is a taxable person using the capital goods in question solely for transactions in respect of which VAT is deductible.

Article 189

For the purposes of applying Articles 187 and 188, Member States may take the following measures:

- (a) define the concept of capital goods;
- (b) specify the amount of the VAT which is to be taken into consideration for adjustment;
- (c) adopt any measures needed to ensure that adjustment does not give rise to any unjustified advantage;
- (d) permit administrative simplifications.

Article 190

For the purposes of Articles 187, 188, 189 and 191, Member States may regard as capital goods those services which have characteristics similar to those normally attributed to capital goods.

Article 191

If, in any Member State, the practical effect of applying Articles 187 and 188 is negligible, that Member State may, after consulting the VAT Committee, refrain from applying those provisions, having regard to the overall impact of VAT in the Member State concerned and the need for administrative simplification, and provided that no distortion of competition thereby arises.

Article 192

Where a taxable person transfers from being taxed in the normal way to a special scheme or vice versa, Member States may take all measures necessary to ensure that the taxable person does not enjoy unjustified advantage or sustain unjustified harm.

TITLE XI

OBLIGATIONS OF TAXABLE PERSONS AND CERTAIN NON-TAXABLE PERSONS

CHAPTER 1

Obligation to pay

Section 1

Persons liable for payment of VAT to the tax authorities

Article 193

VAT shall be payable by any taxable person carrying out a taxable supply of goods or services, except where it is payable by another person in the cases referred to in Articles 194 to 199 and Article 202.

Article 194

1 Where the taxable supply of goods or services is carried out by a taxable person who is not established in the Member State in which the VAT is due, Member States may provide that the person liable for payment of VAT is the person to whom the goods or services are supplied.

2 Member States shall lay down the conditions for implementation of paragraph 1.

Article 195

VAT shall be payable by any person who is identified for VAT purposes in the Member State in which the tax is due and to whom goods are supplied in the circumstances specified in Articles 38 or 39, if the supplies are carried out by a taxable person not established within that Member State.

Article 196

VAT shall be payable by any taxable person to whom the services referred to in Article 56 are supplied or by any person identified for VAT purposes in the Member State in which the tax is due to whom the services referred to in Articles 44, 47, 50, 53, 54 and 55 are supplied, if the services are supplied by a taxable person not established in that Member State.

Article 197

1 VAT shall be payable by the person to whom the goods are supplied when the following conditions are met:

- a the taxable transaction is a supply of goods carried out in accordance with the conditions laid down in Article 141;
- b the person to whom the goods are supplied is another taxable person, or a non-taxable legal person, identified for VAT purposes in the Member State in which the supply is carried out;
- c the invoice issued by the taxable person not established in the Member State of the person to whom the goods are supplied is drawn up in accordance with Articles 220 to 236.

The option under the first paragraph may not be relied upon in order to impose additional invoicing obligations over and above those laid down in Chapter 3.

CHAPTER 8

Obligations relating to certain importations and exportations

Section 1

Importation

Article 276

Where dispatch or transport of the goods referred to in Article 274 ends at a place situated outside the Member State of their entry into the Community, they shall circulate in the Community under the internal Community transit procedure laid down by the Community customs provisions in force, in so far as they have been the subject of a declaration placing them under that procedure on their entry into the Community.

Article 277

Where, on their entry into the Community, the goods referred to in Article 274 are in one of the situations which would entitle them, if they were imported within the meaning of the first paragraph of Article 30, to be covered by one of the arrangements or situations referred to in Article 156, or by a temporary importation arrangement with full exemption from import duties, Member States shall take the measures necessary to ensure that the goods may remain in the Community under the same conditions as those laid down for the application of those arrangements or situations.

Article 282

The exemptions and graduated tax relief provided for in this Section shall apply to the supply of goods and services by small enterprises.

Article 283

1 The arrangements provided for in this Section shall not apply to the following transactions:

Article 285

Member States which have not exercised the option under Article 14 of Directive 67/228/EEC may exempt taxable persons whose annual turnover is no higher than EUR 5 000 or the equivalent in national currency.

 - (4) ‘agricultural products’ means goods produced by an agricultural, forestry or fisheries undertaking in each Member State as a result of the activities listed in Annex VII;
 - (5) ‘agricultural services’ means services, and in particular those listed in Annex VIII, supplied by a farmer using his labour force or the equipment normally employed in the agricultural, forestry or fisheries undertaking operated by him and normally playing a part in agricultural production;
 - (6) ‘input VAT charged’ means the amount of the total VAT attaching to the goods and services purchased by all agricultural, forestry and fisheries undertakings of each Member State subject to the flat-rate scheme where such tax would be deductible in accordance with Articles 167, 168 and 169 and Articles 173 to 177 by a farmer subject to the normal VAT arrangements;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (7) ‘flat-rate compensation percentages’ means the percentages fixed by Member States in accordance with Articles 297, 298 and 299 and applied by them in the cases specified in Article 300 in order to enable flat-rate farmers to offset at a fixed rate the input VAT charged;

2 Where a farmer processes, using means normally employed in an agricultural, forestry or fisheries undertaking, products deriving essentially from his agricultural production, such processing activities shall be treated as agricultural production activities, as listed in Annex VII.

Article 296

1 Where the application to farmers of the normal VAT arrangements, or the special scheme provided for in Chapter 1, is likely to give rise to difficulties, Member States may apply to farmers, in accordance with this Chapter, a flat-rate scheme designed to offset the VAT charged on purchases of goods and services made by the flat-rate farmers.

2 Each Member State may exclude from the flat-rate scheme certain categories of farmers, as well as farmers for whom application of the normal VAT arrangements, or of the simplified procedures provided for in Article 281, is not likely to give rise to administrative difficulties.

3 Every flat-rate farmer may opt, subject to the rules and conditions to be laid down by each Member State, for application of the normal VAT arrangements or, as the case may be, the simplified procedures provided for in Article 281.

Article 297

Member States shall, where necessary, fix the flat-rate compensation percentages. They may fix varying percentages for forestry, for the different sub-divisions of agriculture and for fisheries.

Member States shall notify the Commission of the flat-rate compensation percentages fixed in accordance with the first paragraph before applying them.

Article 298

The flat-rate compensation percentages shall be calculated on the basis of macro-economic statistics for flat-rate farmers alone for the preceding three years.

The percentages may be rounded up or down to the nearest half-point. Member States may also reduce such percentages to a nil rate.

Article 299

The flat-rate compensation percentages may not have the effect of obtaining for flat-rate farmers refunds greater than the input VAT charged.

Article 300

The flat-rate compensation percentages shall be applied to the prices, exclusive of VAT, of the following goods and services:

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (3) agricultural services supplied by flat-rate farmers to taxable persons other than those covered, in the Member State in which these services were supplied, by this flat-rate scheme.

Article 301

1 In the case of the supply of agricultural products or agricultural services specified in Article 300, Member States shall provide that the flat-rate compensation is to be paid either by the customer or by the public authorities.

2 In respect of any supply of agricultural products or agricultural services other than those specified in Article 300, the flat-rate compensation shall be deemed to be paid by the customer.

Article 302

If a flat-rate farmer is entitled to flat-rate compensation, he shall not be entitled to deduction of VAT in respect of activities covered by this flat-rate scheme.

Article 303

1 Where the taxable customer pays flat-rate compensation pursuant to Article 301(1), he shall be entitled, in accordance with the conditions laid down in Articles 167, 168 and 169 and Articles 173 to 177 and the procedures laid down by the Member States, to deduct the compensation amount from the VAT for which he is liable in the Member State in which his taxed transactions are carried out.

2 Member States shall refund to the customer the amount of the flat-rate compensation he has paid in respect of any of the following transactions:

- a the supply of agricultural products, carried out in accordance with the conditions specified in Article 138, to taxable persons, or to non-taxable legal persons, acting as such in another Member State within the territory of which their intra-Community acquisitions of goods are subject to VAT pursuant to Article 2(1)(b);
- b the supply of agricultural products, carried out in accordance with the conditions specified in Articles 146, 147, 148 and 156, Article 157(1)(b) and Articles 158, 160 and 161, to a taxable customer established outside the Community, in so far as the products are used by that customer for the purposes of the transactions referred to in Article 169(a) and (b) or for the purposes of supplies of services which are deemed to take place within the territory of the Member State in which the customer is established and in respect of which VAT is payable solely by the customer pursuant to Article 196;
- c the supply of agricultural services to a taxable customer established within the Community but in another Member State or to a taxable customer established outside the Community, in so far as the services are used by the customer for the purposes of the transactions referred to in Article 169(a) and (b) or for the purposes of supplies of services which are deemed to take place within the territory of the Member State in which the customer is established and in respect of which VAT is payable solely by the customer pursuant to Article 196.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

3 Member States shall determine the method by which the refunds provided for in paragraph 2 are to be made. In particular, they may apply the provisions of Directives 79/1072/EEC and 86/560/EEC.

Article 304

Member States shall take all measures necessary to verify payments of flat-rate compensation to flat-rate farmers.

Article 305

Whenever Member States apply this flat-rate scheme, they shall take all measures necessary to ensure that the supply of agricultural products between Member States, carried out in accordance with the conditions specified in Article 33, is always taxed in the same way, whether the supply is effected by a flat-rate farmer or by another taxable person.

CHAPTER 3

Special scheme for travel agents

Article 306

1 Member States shall apply a special VAT scheme, in accordance with this Chapter, to transactions carried out by travel agents who deal with customers in their own name and use supplies of goods or services provided by other taxable persons, in the provision of travel facilities.

This special scheme shall not apply to travel agents where they act solely as intermediaries and to whom point (c) of the first paragraph of Article 79 applies for the purposes of calculating the taxable amount.

2 For the purposes of this Chapter, tour operators shall be regarded as travel agents.

Article 307

Transactions made, in accordance with the conditions laid down in Article 306, by the travel agent in respect of a journey shall be regarded as a single service supplied by the travel agent to the traveller.

The single service shall be taxable in the Member State in which the travel agent has established his business or has a fixed establishment from which the travel agent has carried out the supply of services.

Article 308

The taxable amount and the price exclusive of VAT, within the meaning of point (8) of Article 226, in respect of the single service provided by the travel agent shall be the travel agent's margin, that is to say, the difference between the total amount, exclusive of VAT, to be paid by the traveller and the actual cost to the travel agent of supplies of goods or services provided by other taxable persons, where those transactions are for the direct benefit of the traveller.

Article 309

If transactions entrusted by the travel agent to other taxable persons are performed by such persons outside the Community, the supply of services carried out by the travel agent shall be treated as an intermediary activity exempted pursuant to Article 153.

If the transactions are performed both inside and outside the Community, only that part of the travel agent's service relating to transactions outside the Community may be exempted.

Article 310

VAT charged to the travel agent by other taxable persons in respect of transactions which are referred to in Article 307 and which are for the direct benefit of the traveller shall not be deductible or refundable in any Member State.

- (a) a non-taxable person;
- (b) another taxable person, in so far as the supply of goods by that other taxable person is exempt pursuant to Article 136;
- (c) another taxable person, in so far as the supply of goods by that other taxable person is covered by the exemption for small enterprises provided for in Articles 282 to 292 and involves capital goods;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (d) another taxable dealer, in so far as VAT has been applied to the supply of goods by that other taxable dealer in accordance with this margin scheme.

Article 315

The taxable amount in respect of the supply of goods as referred to in Article 314 shall be the profit margin made by the taxable dealer, less the amount of VAT relating to the profit margin.

The profit margin of the taxable dealer shall be equal to the difference between the selling price charged by the taxable dealer for the goods and the purchase price.

Article 316

1 Member States shall grant taxable dealers the right to opt for application of the margin scheme to the following transactions:

- a the supply of works of art, collectors' items or antiques, which the taxable dealer has imported himself;
- b the supply of works of art supplied to the taxable dealer by their creators or their successors in title;
- c the supply of works of art supplied to the taxable dealer by a taxable person other than a taxable dealer where the reduced rate has been applied to that supply pursuant to Article 103.

2 Member States shall lay down the detailed rules for exercise of the option provided for in paragraph 1, which shall in any event cover a period of at least two calendar years.

Article 317

If a taxable dealer exercises the option under Article 316, the taxable amount shall be determined in accordance with Article 315.

In respect of the supply of works of art, collectors' items or antiques which the taxable dealer has imported himself, the purchase price to be taken into account in calculating the profit margin shall be equal to the taxable amount on importation, determined in accordance with Articles 85 to 89, plus the VAT due or paid on importation.

Article 318

1 In order to simplify the procedure for collecting the tax and after consulting the VAT Committee, Member States may provide that, for certain transactions or for certain categories of taxable dealers, the taxable amount in respect of supplies of goods subject to the margin scheme is to be determined for each tax period during which the taxable dealer must submit the VAT return referred to in Article 250.

In the event that such provision is made in accordance with the first subparagraph, the taxable amount in respect of supplies of goods to which the same rate of VAT is applied shall be the total profit margin made by the taxable dealer less the amount of VAT relating to that margin.

2 The total profit margin shall be equal to the difference between the following two amounts:

- a the total value of supplies of goods subject to the margin scheme and carried out by the taxable dealer during the tax period covered by the return, that is to say, the total of the selling prices;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- b the total value of purchases of goods, as referred to in Article 314, effected by the taxable dealer during the tax period covered by the return, that is to say, the total of the purchase prices.

3 Member States shall take the measures necessary to ensure that the taxable dealers referred to in paragraph 1 do not enjoy unjustified advantage or sustain unjustified harm.

Article 319

The taxable dealer may apply the normal VAT arrangements to any supply covered by the margin scheme.

Article 320

1 Where the taxable dealer applies the normal VAT arrangements to the supply of a work of art, a collectors' item or an antique which he has imported himself, he shall be entitled to deduct from the VAT for which he is liable the VAT due or paid on the import.

Where the taxable dealer applies the normal VAT arrangements to the supply of a work of art supplied to him by its creator, or the creator's successors in title, or by a taxable person other than a taxable dealer, he shall be entitled to deduct from the VAT for which he is liable the VAT due or paid in respect of the work of art supplied to him.

2 A right of deduction shall arise at the time when the VAT due on the supply in respect of which the taxable dealer opts for application of the normal VAT arrangements becomes chargeable.

Article 321

If carried out in accordance with the conditions specified in Articles 146, 147, 148 or 151, the supply of second-hand goods, works of art, collectors' items or antiques subject to the margin scheme shall be exempt.

Article 322

In so far as goods are used for the purpose of supplies carried out by him and subject to the margin scheme, the taxable dealer may not deduct the following from the VAT for which he is liable:

- (a) the VAT due or paid in respect of works of art, collectors' items or antiques which he has imported himself;
- (b) the VAT due or paid in respect of works of art which have been, or are to be, supplied to him by their creator or by the creator's successors in title;
- (c) the VAT due or paid in respect of works of art which have been, or are to be, supplied to him by a taxable person other than a taxable dealer.

Article 323

Taxable persons may not deduct from the VAT for which they are liable the VAT due or paid in respect of goods which have been, or are to be, supplied to them by a taxable dealer, in so far as the supply of those goods by the taxable dealer is subject to the margin scheme.

Article 324

Where the taxable dealer applies both the normal VAT arrangements and the margin scheme, he must show separately in his accounts the transactions falling under each of those arrangements, in accordance with the rules laid down by the Member States.

Article 325

The taxable dealer may not enter separately on the invoices which he issues the VAT relating to supplies of goods to which he applies the margin scheme.

Subsection 2

Transitional arrangements for second-hand means of transport

Article 326

Member States which, at 31 December 1992, were applying special tax arrangements other than the margin scheme to the supply by taxable dealers of second-hand means of transport may, pending introduction of the definitive arrangements referred to in Article 402, continue to apply those arrangements in so far as they comply with, or are adjusted to comply with, the conditions laid down in this Subsection.

Denmark is authorised to introduce tax arrangements as referred to in the first paragraph.

Article 327

- 1 These transitional arrangements shall apply to supplies of second-hand means of transport carried out by taxable dealers, and subject to the margin scheme.
- 2 These transitional arrangements shall not apply to the supply of new means of transport carried out in accordance with the conditions specified in Article 138(1) and (2)(a).
- 3 For the purposes of paragraph 1, the land vehicles, vessels and aircraft referred to in point (a) of Article 2(2) shall be regarded as 'second-hand means of transport' where they are second-hand goods which do not meet the conditions necessary to be regarded as new means of transport.

Article 328

The VAT due in respect of each supply referred to in Article 327 shall be equal to the amount of VAT that would have been due if that supply had been subject to the normal VAT arrangements, less the amount of VAT regarded as being incorporated by the taxable dealer in the purchase price of the means of transport.

Article 329

The VAT regarded as being incorporated by the taxable dealer in the purchase price of the means of transport shall be calculated in accordance with the following method:

- (a) the purchase price to be taken into account shall be the purchase price within the meaning of point (2) of Article 312;
- (b) that purchase price paid by the taxable dealer shall be deemed to include the VAT that would have been due if the taxable dealer's supplier had applied the normal VAT arrangements to the supply;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (c) the rate to be taken into account shall be the rate applicable, pursuant to Article 93, in the Member State in the territory of which the place of the supply to the taxable dealer, as determined in accordance with Articles 31 and 32, is deemed to be situated.

Article 330

The VAT due in respect of each supply of means of transport as referred to in Article 327(1), determined in accordance with Article 328, may not be less than the amount of VAT that would be due if that supply were subject to the margin scheme.

Member States may provide that, if the supply is subject to the margin scheme, the margin may not be less than 10 % of the selling price within the meaning of point (1) of Article 312.

Article 331

Taxable persons may not deduct from the VAT for which they are liable the VAT due or paid in respect of second-hand means of transport supplied to them by a taxable dealer, in so far as the supply of those goods by the taxable dealer is subject to VAT in accordance with these transitional arrangements.

Article 332

The taxable dealer may not enter separately on the invoices he issues the VAT relating to supplies to which he applies these transitional arrangements.

Section 3

Special arrangements for sales by public auction

Article 333

1 Member States may, in accordance with the provisions of this Section, apply special arrangements for taxation of the profit margin made by an organiser of a sale by public auction in respect of the supply of second-hand goods, works of art, collectors' items or antiques by that organiser, acting in his own name and on behalf of the persons referred to in Article 334, pursuant to a contract under which commission is payable on the sale of those goods by public auction.

2 The arrangements referred to in paragraph 1 shall not apply to the supply of new means of transport, carried out in accordance with the conditions specified in Article 138(1) and (2)(a).

Article 334

These special arrangements shall apply to supplies carried out by an organiser of a sale by public auction, acting in his own name, on behalf of one of the following persons:

- (a) a non-taxable person;
- (b) another taxable person, in so far as the supply of goods, carried out by that taxable person in accordance with a contract under which commission is payable on a sale, is exempt pursuant to Article 136;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (d) a taxable dealer, in so far as the supply of goods, carried out by that taxable dealer in accordance with a contract under which commission is payable on a sale, is subject to VAT in accordance with the margin scheme.

Article 335

The supply of goods to a taxable person who is an organiser of sales by public auction shall be regarded as taking place when the sale of those goods by public auction takes place.

Article 336

The taxable amount in respect of each supply of goods referred to in this Section shall be the total amount invoiced in accordance with Article 339 to the purchaser by the organiser of the sale by public auction, less the following:

- (a) the net amount paid or to be paid by the organiser of the sale by public auction to his principal, as determined in accordance with Article 337;
- (b) the amount of the VAT payable by the organiser of the sale by public auction in respect of his supply.

Article 337

The net amount paid or to be paid by the organiser of the sale by public auction to his principal shall be equal to the difference between the auction price of the goods and the amount of the commission obtained or to be obtained by the organiser of the sale by public auction from his principal pursuant to the contract under which commission is payable on the sale.

Article 338

Organisers of sales by public auction who supply goods in accordance with the conditions laid down in Articles 333 and 334 must indicate the following in their accounts, in suspense accounts:

- (a) the amounts obtained or to be obtained from the purchaser of the goods;
- (b) the amounts reimbursed or to be reimbursed to the vendor of the goods.

The amounts referred to in the first paragraph must be duly substantiated.

Article 339

The organiser of the sale by public auction must issue to the purchaser an invoice itemising the following:

- (a) the auction price of the goods;
- (b) taxes, duties, levies and charges;
- (c) incidental expenses, such as commission, packing, transport and insurance costs, charged by the organiser to the purchaser of the goods.

The invoice issued by the organiser of the sale by public auction must not indicate any VAT separately.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 340

1 The organiser of the sale by public auction to whom the goods have been transmitted pursuant to a contract under which commission is payable on a public auction sale must issue a statement to his principal.

The statement issued by the organiser of the sale by public auction must specify separately the amount of the transaction, that is to say, the auction price of the goods less the amount of the commission obtained or to be obtained from the principal.

2 The statement drawn up in accordance with paragraph 1 shall serve as the invoice which the principal, where he is a taxable person, must issue to the organiser of the sale by public auction in accordance with Article 220.

Article 341

Member States which apply the arrangements provided for in this Section shall also apply these arrangements to supplies of second-hand means of transport, as defined in Article 327(3), carried out by an organiser of sales by public auction, acting in his own name, pursuant to a contract under which commission is payable on the sale of those goods by public auction, on behalf of a taxable dealer, in so far as those supplies by that taxable dealer would be subject to VAT in accordance with the transitional arrangements for second-hand means of transport.

Section 4

Measures to prevent distortion of competition and tax evasion

Article 342

Member States may take measures concerning the right of deduction in order to ensure that the taxable dealers covered by special arrangements as provided for in Section 2 do not enjoy unjustified advantage or sustain unjustified harm.

Article 343

Acting unanimously on a proposal from the Commission, the Council may authorise any Member State to introduce special measures to combat tax evasion, pursuant to which the VAT due under the margin scheme may not be less than the amount of VAT which would be due if the profit margin were equal to a certain percentage of the selling price.

The percentage of the selling price shall be fixed in the light of the normal profit margins made by economic operators in the sector concerned.

However, the Member State may not apply VAT to supplies carried out in accordance with the conditions specified in Article 138 or to exports of investment gold.

Article 353

Member States which, pursuant to Article 352, tax transactions between taxable persons who are members of a regulated gold bullion market shall, for the purposes of simplification, authorise suspension of the tax to be collected and relieve taxable persons of the accounting requirements in respect of VAT.

Section 5

Special rights and obligations for traders in investment gold

Article 354

Where his subsequent supply of investment gold is exempt pursuant to this Chapter, the taxable person shall be entitled to deduct the following:

Article 355

Taxable persons who produce investment gold or transform gold into investment gold shall be entitled to deduct the VAT due or paid by them in respect of the supply, intra-Community acquisition or importation of goods or services linked to the production or transformation of that gold, as if the subsequent supply of the gold exempted pursuant to Article 346 were taxed.

Traders shall keep the information referred to in the first subparagraph for a period of at least five years.

2 Member States may accept equivalent obligations under measures adopted pursuant to other Community legislation, such as Directive 2005/60/EC of the European Parliament and of the Council of 26 October 2005 on the prevention of the use of the financial system for the purpose of money laundering and terrorist financing⁽¹¹⁾, to comply with the requirements under paragraph 1.
