

## ANNEX III

### MONITORING AND FOLLOW-UP AT THE SLAUGHTERHOUSE (as referred to in Article 3(1))

#### 3. Communication of results

If the mortality rate as referred to in paragraph 1 or the results of the post-mortem inspection as referred to in paragraph 2 are consistent with poor animal welfare conditions, the official veterinarian shall communicate the data to the owner or keeper of the animals and to the competent authority. Appropriate actions shall be taken by the owner or the keeper of the animals and by the competent authority.
