

Directive 2008/121/EC of the European Parliament and of the Council of 14 January 2009 on textile names (recast) (Text with EEA relevance) (repealed)

Article 5 **U.K.**

1 A wool product may be described with one of the names referred to in Annex II, provided that it is composed exclusively of a fibre which has not previously been incorporated in a finished product, which has not been subjected to any spinning and/or felting processes other than those required in the manufacture of that product, and which has not been damaged by treatment or use.

2 By way of derogation from paragraph 1, the names referred to in Annex II may be used to describe wool contained in a fibre mixture when:

- a all the wool contained in that mixture satisfies the requirements laid down in paragraph 1;
- b this wool accounts for not less than 25 % of the total weight of the mixture;
- c in the case of a scribbled mixture, the wool is mixed with only one other fibre.

In the case referred to in this paragraph, the full percentage composition must be given.

3 The tolerance justified on technical grounds connected with manufacture shall be limited to 0,3 % of fibrous impurities in the case of the products referred to in paragraphs 1 and 2, including wool products which have undergone a carding process.
