

Directive 2008/96/EC of the European Parliament and of the Council
of 19 November 2008 on road infrastructure safety management

Article 10

Exchange of best practices

In order to improve the safety of roads within the European Union that are not part of the trans-European road network, the Commission shall establish a coherent system for the exchange of best practices between the Member States, covering, *inter alia*, existing road infrastructure safety projects and proven road safety technology.
