

Directive 2008/96/EC of the European Parliament and of the Council
of 19 November 2008 on road infrastructure safety management

Article 7

Data management

1 Member States shall ensure that for each fatal accident occurring on a road referred to in Article 1(2) an accident report is drawn up by the competent entity. Member States shall endeavour to include in that report each of the elements listed in Annex IV.

[^{F1a} The Commission may adopt implementing acts to provide guidance according to which accident severity, including number of fatalities and injured persons, is to be reported. Those implementing acts shall be adopted in accordance with the examination procedure referred to in Article 13(2).]

2 Member States shall calculate the average social cost of a fatal accident and the average social cost of a severe accident occurring in its territory. Member States may choose to further differentiate the cost rates, which shall be updated at least every five years.

Textual Amendments

F1 Inserted by [Directive \(EU\) 2019/1936 of the European Parliament and of the Council of 23 October 2019 amending Directive 2008/96/EC on road infrastructure safety management.](#)
