

ANNEX VII

Technical provisions relating to installations and activities using organic solvents

PART 8

Assessment of compliance with emission limit values in waste gases

2. In the case of periodic measurements the emission limit values shall be considered to be complied with if, in one monitoring exercise:
 - (a) the average of all the measurement values does not exceed the emission limit values,
 - (b) none of the hourly averages exceeds the emission limit value by more than a factor of 1,5.
