

Directive 2011/99/EU of the European Parliament and of the Council of 13 December 2011 on the European protection order

Article 9

Measures in the executing State

1 Upon receipt of a European protection order transmitted in accordance with Article 8, the competent authority of the executing State shall, without undue delay, recognise that order and take a decision adopting any measure that would be available under its national law in a similar case in order to ensure the protection of the protected person, unless it decides to invoke one of the grounds for non-recognition referred to in Article 10. The executing State may apply, in accordance with its national law, criminal, administrative or civil measures.

2 The measure adopted by the competent authority of the executing State in accordance with paragraph 1, as well as any other measure taken on the basis of a subsequent decision as referred to in Article 11, shall, to the highest degree possible, correspond to the protection measure adopted in the issuing State.

3 The competent authority of the executing State shall inform the person causing danger, the competent authority of the issuing State and the protected person of any measures adopted in accordance with paragraph 1, as well as of the possible legal consequence of a breach of such measure provided for under national law and in accordance with Article 11(2). The address or other contact details of the protected person shall not be disclosed to the person causing danger unless such details are necessary in view of the enforcement of the measure adopted in accordance with paragraph 1.

4 If the competent authority in the executing State considers that the information transmitted with the European protection order in accordance with Article 7 is incomplete, it shall without delay inform the competent authority of the issuing State by any means which leaves a written record, assigning a reasonable period for it to provide the missing information.
