

Directive 2013/34/EU of the European Parliament and of the Council of 26 June 2013 on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings, amending Directive 2006/43/EC of the European Parliament and of the Council and repealing Council Directives 78/660/EEC and 83/349/EEC (Text with EEA relevance)

## CHAPTER 3

### BALANCE SHEET AND PROFIT AND LOSS ACCOUNT

#### *Article 9*

#### **General provisions concerning the balance sheet and the profit and loss account**

1 The layout of the balance sheet and of the profit and loss account shall not be changed from one financial year to the next. Departures from that principle shall, however, be permitted in exceptional cases in order to give a true and fair view of the undertaking's assets, liabilities, financial position and profit or loss. Any such departure and the reasons therefor shall be disclosed in the notes to the financial statements.

2 In the balance sheet and in the profit and loss account the items set out in Annexes III to VI shall be shown separately in the order indicated. Member States shall permit a more detailed subdivision of those items, subject to adherence to the prescribed layouts. Member States shall permit the addition of subtotals and of new items, provided that the contents of such new items are not covered by any of the items in the prescribed layouts. Member States may require such subdivision or subtotals or new items.

3 The layout, nomenclature and terminology of items in the balance sheet and profit and loss account that are preceded by arabic numerals shall be adapted where the special nature of an undertaking so requires. Member States may require such adaptations for undertakings which form part of a particular economic sector.

Member States may permit or require balance sheet and profit and loss account items that are preceded by arabic numerals to be combined where they are immaterial in amount for the purposes of giving a true and fair view of the undertaking's assets, liabilities, financial position and profit or loss or where such combination makes for greater clarity, provided that the items so combined are dealt with separately in the notes to the financial statements.

4 By way of derogation from paragraphs 2 and 3 of this Article, Member States may limit the undertaking's ability to depart from the layouts set out in Annexes III to VI to the extent that this is necessary in order for the financial statements to be filed electronically.

5 In respect of each balance sheet and profit and loss account item, the figure for the financial year to which the balance sheet and the profit and loss account relate and the figure relating to the corresponding item for the preceding financial year shall be shown. Where those figures are not comparable, Member States may require the figure for the preceding financial year to be adjusted. Any case of non-comparability or any adjustment of the figures shall be disclosed, with explanations, in the notes to the financial statements.

---

*Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.*

---

6 Member States may permit or require adaptation of the layout of the balance sheet and profit and loss account in order to include the appropriation of profit or the treatment of loss.

7 In respect of the treatment of participating interests in annual financial statements:

- a Member States may permit or require participating interests to be accounted for using the equity method as provided for in Article 27, taking account of the essential adjustments resulting from the particular characteristics of annual financial statements as compared to consolidated financial statements;
- b Member States may permit or require that the proportion of the profit or loss attributable to the participating interest be recognised in the profit and loss account only to the extent of the amount corresponding to dividends already received or the payment of which can be claimed; and
- c where the profit attributable to the participating interest and recognised in the profit and loss account exceeds the amount of dividends already received or the payment of which can be claimed, the amount of the difference shall be placed in a reserve which cannot be distributed to shareholders.
