TITLE III

REGULATED MARKETS

Article 54

Monitoring of compliance with the rules of the regulated market and with other legal obligations

1 Member States shall require that regulated markets establish and maintain effective arrangements and procedures including the necessary resource for the regular monitoring of the compliance by their members or participants with their rules. Regulated markets shall monitor orders sent including cancellations and the transactions undertaken by their members or participants under their systems in order to identify infringements of those rules, disorderly trading conditions or conduct that may indicate behaviour that is prohibited under Regulation (EU) No 596/2014 or system disruptions in relation to a financial instrument.

2 Member States shall require the market operators of the regulated markets to immediately inform their competent authorities of significant infringements of their rules or disorderly trading conditions or conduct that may indicate behaviour that is prohibited under Regulation (EU) No 596/2014 or system disruptions in relation to a financial instrument.

The competent authorities of the regulated markets shall communicate to ESMA and to the competent authorities of the other Member States the information referred to in the first subparagraph.

In relation to conduct that may indicate behaviour that is prohibited under Regulation (EU) No 596/2014, a competent authority shall be convinced that such behaviour is being or has been carried out before it notifies the competent authorities of the other Member States and ESMA.

3 Member States shall require the market operator to supply the relevant information without undue delay to the authority competent for the investigation and prosecution of market abuse on the regulated market and to provide full assistance to the latter in investigating and prosecuting market abuse occurring on or through the systems of the regulated market.

4 The Commission shall be empowered to adopt delegated acts in accordance with Article 89 to determine circumstances that trigger an information requirement as referred to in paragraph 2 of this Article.
