CHAPTER IV

REPORTING OBLIGATIONS

SECTION 1

General provisions

Article 32

1 Each Member State shall establish an FIU in order to prevent, detect and effectively combat money laundering and terrorist financing.

2 Member States shall notify the Commission in writing of the name and address of their respective FIUs.

3 Each FIU shall be operationally independent and autonomous, which means that the FIU shall have the authority and capacity to carry out its functions freely, including the ability to take autonomous decisions to analyse, request and disseminate specific information. The FIU as the central national unit shall be responsible for receiving and analysing suspicious transaction reports and other information relevant to money laundering, associated predicate offences or terrorist financing. The FIU shall be responsible for disseminating the results of its analyses and any additional relevant information to the competent authorities where there are grounds to suspect money laundering, associated predicate offences or terrorist financing. It shall be able to obtain additional information from obliged entities.

Member States shall provide their FIUs with adequate financial, human and technical resources in order to fulfil their tasks.

4 Member States shall ensure that their FIUs have access, directly or indirectly, in a timely manner, to the financial, administrative and law enforcement information that they require to fulfil their tasks properly. FIUs shall be able to respond to requests for information by competent authorities in their respective Member States when such requests for information are motivated by concerns relating to money laundering, associated predicate offences or terrorist financing. The decision on conducting the analysis or dissemination of information shall remain with the FIU.

5 Where there are objective grounds for assuming that the provision of such information would have a negative impact on ongoing investigations or analyses, or, in exceptional circumstances, where disclosure of the information would be clearly disproportionate to the legitimate interests of a natural or legal person or irrelevant with regard to the purposes for which it has been requested, the FIU shall be under no obligation to comply with the request for information.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

6 Member States shall require competent authorities to provide feedback to the FIU about the use made of the information provided in accordance with this Article and about the outcome of the investigations or inspections performed on the basis of that information.

7 Member States shall ensure that the FIU is empowered to take urgent action, directly or indirectly, where there is a suspicion that a transaction is related to money laundering or terrorist financing, to suspend or withhold consent to a transaction that is proceeding, in order to analyse the transaction, confirm the suspicion and disseminate the results of the analysis to the competent authorities. The FIU shall be empowered to take such action, directly or indirectly, at the request of an FIU from another Member State for the periods and under the conditions specified in the national law of the FIU receiving the request.

8 The FIU's analysis function shall consist of the following:

- a an operational analysis which focuses on individual cases and specific targets or on appropriate selected information, depending on the type and volume of the disclosures received and the expected use of the information after dissemination; and
- b a strategic analysis addressing money laundering and terrorist financing trends and patterns.

[^{F19} Without prejudice to Article 34(2), in the context of its functions, each FIU shall be able to request, obtain and use information from any obliged entity for the purpose set in paragraph 1 of this Article, even if no prior report is filed pursuant to Article 33(1)(a) or 34(1).]
