

Directive (EU) 2017/1132 of the European Parliament and
of the Council of 14 June 2017 relating to certain aspects
of company law (codification) (Text with EEA relevance)

TITLE I

**GENERAL PROVISIONS AND THE ESTABLISHMENT AND
FUNCTIONING OF LIMITED LIABILITY COMPANIES**

CHAPTER IV

Capital maintenance and alteration

Section 1

Capital requirements

Article 44

General provisions

1 The coordination measures prescribed by this Chapter shall apply to the provisions laid down by law, regulation or administrative action in Member States relating to the types of company listed in Annex I.

2 The Member States may decide not to apply the provisions of this Chapter to investment companies with variable capital and to cooperatives incorporated as one of the types of company listed in Annex I. In so far as the laws of the Member States make use of this option, they shall require such companies to include the words ‘investment company with variable capital’, or ‘cooperative’ in all documents indicated in Article 26.

Article 45

Minimum capital

1 The laws of the Member States shall require that, in order for a company to be incorporated or obtain authorisation to commence business, a minimum capital shall be subscribed the amount of which shall be not less than EUR 25 000.

2 Every five years the European Parliament and the Council, acting on a proposal from the Commission in accordance with Article 50(1) and Article 50(2)(g) of the Treaty, shall examine and, if need be, revise the amount expressed in paragraph 1 in euro in the light of economic and monetary trends in the Union and of the tendency to allow only large and medium-sized undertakings to opt for the types of company listed in Annex I.

Article 46

Assets

Subscribed capital may be formed only of assets capable of economic assessment. However, an undertaking to perform work or supply services may not form part of those assets.

Article 47

Issuing price of shares

Shares may not be issued at a price lower than their nominal value, or, where there is no nominal value, their accountable par.

However, Member States may allow those who undertake to place shares in the exercise of their profession to pay less than the total price of the shares for which they subscribe in the course of this transaction.

Article 48

Paying up of shares issued for a consideration

Shares issued for consideration shall be paid up at the time the company is incorporated or is authorised to commence business at not less than 25 % of their nominal value or, in the absence of a nominal value, their accountable par.

However, where shares are issued for consideration other than in cash at the time the company is incorporated or is authorised to commence business, the consideration shall be transferred in full within five years of that time.

Section 2

Safeguards as regards statutory capital

Article 49

Experts' report on consideration other than in cash

1 A report on any consideration other than in cash shall be drawn up before the company is incorporated or is authorised to commence business, by one or more independent experts appointed or approved by an administrative or judicial authority. Such experts may be natural persons as well as legal persons and companies or firms under the laws of each Member State.

2 The experts' report referred to in paragraph 1 shall contain at least a description of each of the assets comprising the consideration as well as of the methods of valuation used and shall state whether the values arrived at by the application of those methods correspond at least to the number and nominal value or, where there is no nominal value, to the accountable par and, where appropriate, to the premium on the shares to be issued for them.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

3 The experts' report shall be published in the manner laid down by the laws of each Member State, in accordance with Article 16.

4 Member States may decide not to apply this Article where 90 % of the nominal value, or where there is no nominal value, of the accountable par, of all the shares is issued to one or more companies for a consideration other than in cash, and where the following requirements are met:

- a with regard to the company in receipt of such consideration, the persons referred to in point (i) of Article 4 have agreed to dispense with the experts' report;
- b such agreement has been published as provided for in paragraph 3;
- c the companies furnishing such consideration have reserves which may not be distributed under the law or the statutes and which are at least equal to the nominal value or, where there is no nominal value, the accountable par of the shares issued for consideration other than in cash;
- d the companies furnishing such consideration guarantee, up to an amount equal to that indicated in point (c), the debts of the recipient company arising between the time the shares are issued for a consideration other than in cash and one year after the publication of that company's annual accounts for the financial year during which such consideration was furnished. Any transfer of such shares shall be prohibited during that period;
- e the guarantee referred to in point (d) has been published as provided for in paragraph 3; and
- f the companies furnishing such consideration shall place a sum equal to that indicated in point (c) into a reserve which may not be distributed until three years after publication of the annual accounts of the recipient company for the financial year during which such consideration was furnished or, if necessary, until such later date as all claims relating to the guarantee referred to in point (d) which are submitted during this period have been settled.

5 Member States may decide not to apply this Article to the formation of a new company by way of merger or division where a report by one or more independent experts on the draft terms of merger or division is drawn up.

Where Member States decide to apply this Article in the cases referred to in the first subparagraph, they may provide that the report drawn up under paragraph 1 of this Article and the report by one or more independent experts on the draft terms of merger or division may be drawn up by the same expert or experts.

Article 50

Derogation from the requirement for an experts' report

1 Member States may decide not to apply Article 49(1), (2) and (3) where, upon a decision of the administrative or management body, transferable securities as defined in point 44 of Article 4(1) of Directive 2014/65/EU of the European Parliament and of the Council⁽¹⁾ or money-market instruments as defined in point 17 of Article 4(1) of that Directive are contributed as consideration other than in cash, and those securities or money-market instruments are valued at the weighted average price at which they have been traded on one or more regulated markets as defined in point 21 of Article 4(1) of that Directive during a sufficient period, to be determined by national law, preceding the effective date of the contribution of the respective consideration other than in cash.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

However, where that price has been affected by exceptional circumstances that would significantly change the value of the asset at the effective date of its contribution, including situations where the market for such transferable securities or money-market instruments has become illiquid, a revaluation shall be carried out on the initiative and under the responsibility of the administrative or management body.

For the purposes of such revaluation, Article 49(1), (2) and (3) shall apply.

2 Member States may decide not to apply Article 49(1), (2) and (3) where, upon a decision of the administrative or management body, assets, other than the transferable securities and money-market instruments referred to in paragraph 1 of this Article, are contributed as consideration other than in cash which have already been subject to a fair value opinion by a recognised independent expert and where the following conditions are fulfilled:

- a the fair value is determined for a date not more than six months before the effective date of the asset contribution; and
- b the valuation has been performed in accordance with generally accepted valuation standards and principles in the Member State which are applicable to the kind of assets to be contributed.

In the case of new qualifying circumstances that would significantly change the fair value of the asset at the effective date of its contribution, a revaluation shall be carried out on the initiative and under the responsibility of the administrative or management body.

For the purposes of the revaluation referred to in the second subparagraph, Article 49(1), (2) and (3) shall apply.

In the absence of such a revaluation, one or more shareholders holding an aggregate percentage of at least 5 % of the company's subscribed capital on the date the decision on the increase in the capital is taken, may demand a valuation by an independent expert, in which case Article 49(1), (2) and (3) shall apply.

Such shareholder(s) may submit a demand up until the effective date of the asset contribution, provided that, at the date of the demand, the shareholder(s) in question still hold(s) an aggregate percentage of at least 5 % of the company's subscribed capital, as it was on the date the decision on the increase in the capital was taken.

3 Member States may decide not to apply Article 49(1), (2) and (3) where, upon a decision of the administrative or management body, assets, other than the transferable securities and money-market instruments referred to in paragraph 1 of this Article, are contributed as consideration other than in cash the fair value of which is derived from the value of an individual asset from the statutory accounts of the previous financial year provided that the statutory accounts have been subject to an audit in accordance with Directive 2006/43/EC.

The second to fifth subparagraphs of paragraph 2 of this Article shall apply *mutatis mutandis*.

Article 51

Consideration other than in cash without an experts' report

1 Where consideration other than in cash as referred to in Article 50 is provided without an experts' report as referred to in Article 49(1), (2) and (3), in addition to the requirements set out in point (h) of Article 4 and within one month of the effective date of the asset contribution, a declaration containing the following shall be published:

- a a description of the consideration other than in cash at issue;
- b its value, the source of this valuation and, where appropriate, the method of valuation;
- c a statement whether the value arrived at corresponds at least to the number, to the nominal value or, where there is no nominal value, the accountable par and, where appropriate, to the premium on the shares to be issued for such consideration; and
- d a statement that no new qualifying circumstances with regard to the original valuation have occurred.

The publication of the declaration shall be effected in the manner laid down by the laws of each Member State in accordance with Article 16.

2 Where consideration other than in cash is proposed to be provided without an experts' report, as referred to in Article 49(1), (2) and (3), in relation to an increase in the capital proposed to be made under Article 68(2), an announcement containing the date when the decision on the increase was taken and the information listed in paragraph 1 of this Article shall be published, in the manner laid down by the laws of each Member State in accordance with Article 16, before the contribution of the asset as consideration other than in cash is to become effective. In that event, the declaration pursuant to paragraph 1 of this Article shall be limited to the statement that no new qualifying circumstances have occurred since the aforementioned announcement was published.

3 Each Member State shall provide for adequate safeguards ensuring compliance with the procedure set out in Article 50 and in this Article where a contribution for a consideration other than in cash is provided without an experts' report as referred to in Article 49(1), (2) and (3).

Article 52

Substantial acquisitions after incorporation or authorisation to commence business

1 If, before the expiry of a time limit laid down by national law of at least two years from the time the company is incorporated or is authorised to commence business, the company acquires any asset belonging to a person or company or firm referred to in point (i) of Article 4 for a consideration of not less than one-tenth of the subscribed capital, the acquisition shall be examined and details of it published in the manner provided for in Article 49(1), (2) and (3), and it shall be submitted for the approval of a general meeting.

Articles 50 and 51 shall apply *mutatis mutandis*.

Member States may also require these provisions to be applied when the assets belong to a shareholder or to any other person.

2 Paragraph 1 shall not apply to acquisitions effected in the normal course of the company's business, to acquisitions effected at the instance or under the supervision of an administrative or judicial authority, or to stock exchange acquisitions.

Article 53

Shareholders' obligation to pay up contributions

Subject to the provisions relating to the reduction of subscribed capital, the shareholders may not be released from the obligation to pay up their contributions.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 54

Safeguards in the event of conversion

Pending coordination of national laws at a subsequent date, Member States shall adopt the measures necessary to require provision of at least the same safeguards as are laid down in Articles 3 to 6 and Articles 45 to 53 in the event of the conversion of another type of company into a public limited liability company.

Article 55

Modification of the statutes or of the instrument of incorporation

Articles 3 to 6 and Articles 45 to 54 shall be without prejudice to the provisions of Member States on competence and procedure relating to the modification of the statutes or of the instrument of incorporation.

Section 3

Rules on distribution

Article 56

General rules on distribution

1 Except for cases of reductions of subscribed capital, no distribution to shareholders may be made when on the closing date of the last financial year the net assets as set out in the company's annual accounts are or, following such a distribution, would become, lower than the amount of the subscribed capital plus those reserves which may not be distributed under the law or the statutes of the company.

2 Where the uncalled part of the subscribed capital is not included in the assets shown in the balance sheet, that amount shall be deducted from the amount of subscribed capital referred to in paragraph 1.

3 The amount of a distribution to shareholders may not exceed the amount of the profits at the end of the last financial year plus any profits brought forward and sums drawn from reserves available for this purpose, less any losses brought forward and sums placed to reserve in accordance with the law or the statutes.

4 The term 'distribution' used in paragraphs 1 and 3 includes, in particular, the payment of dividends and of interest relating to shares.

5 When the laws of a Member State allow the payment of interim dividends, at least the following conditions shall apply:

- a interim accounts shall be drawn up showing that the funds available for distribution are sufficient;
- b the amount to be distributed may not exceed the total profits made since the end of the last financial year for which the annual accounts have been drawn up, plus any profits brought forward and sums drawn from reserves available for this purpose, less losses

brought forward and sums to be placed to reserve pursuant to the requirements of the law or the statutes.

6 Paragraphs 1 to 5 shall not affect the provisions of the Member States as regards increases in subscribed capital by capitalisation of reserves.

7 The laws of a Member State may provide for derogation from paragraph 1 in the case of investment companies with fixed capital.

For the purposes of this paragraph, the term ‘investment company with fixed capital’ means only companies:

- a the exclusive object of which is to invest their funds in various stocks and shares, land or other assets with the sole aim of spreading investment risks and giving their shareholders the benefit of the results of the management of their assets; and
- b which offer their own shares for subscription by the public.

In so far as the laws of Member States make use of the option they shall:

- a require such companies to include the term ‘investment company’ in all documents indicated in Article 26;
- b not permit any such company whose net assets fall below the amount specified in paragraph 1 to make a distribution to shareholders when on the closing date of the last financial year the company's total assets as set out in the annual accounts are, or following such distribution would become, less than one-and-a-half times the amount of the company's total liabilities to creditors as set out in the annual accounts; and
- c require any such company which makes a distribution when its net assets fall below the amount specified in paragraph 1 to include in its annual accounts a note to that effect.

Article 57

Recovery of distributions unlawfully made

Any distribution made contrary to Article 56 shall be returned by shareholders who have received it if the company proves that those shareholders knew of the irregularity of the distributions made to them, or could not in view of the circumstances have been unaware of it.

Article 58

Serious loss of the subscribed capital

1 In the case of a serious loss of the subscribed capital, a general meeting of shareholders shall be called within the period laid down by the laws of the Member States, to consider whether the company should be wound up or any other measures taken.

2 The amount of a loss deemed to be serious within the meaning of paragraph 1 shall not be set by the laws of Member States at a figure higher than half the subscribed capital.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Section 4

Rules on companies' acquisitions of their own shares

Article 59

No subscription of own shares

- 1 The shares of a company may not be subscribed for by the company itself.
- 2 If the shares of a company have been subscribed for by a person acting in his or her own name, but on behalf of the company, the subscriber shall be deemed to have subscribed for them for his or her own account.
- 3 The persons or companies or firms referred to in point (i) of Article 4 or, in cases of an increase in subscribed capital, the members of the administrative or management body shall be liable to pay for shares subscribed in contravention of this Article.

However, the laws of a Member State may provide that any such person may be released from his or her obligation if they prove that no fault is attributable to them personally.

Article 60

Acquisition of own shares

1 Without prejudice to the principle of equal treatment of all shareholders who are in the same position, and to Regulation (EU) No 596/2014, Member States may permit a company to acquire its own shares, either itself or through a person acting in his or her own name but on the company's behalf. To the extent that the acquisitions are permitted, Member States shall make such acquisitions subject to the following conditions:

- a authorisation is given by the general meeting, which shall determine the terms and conditions of such acquisitions, and, in particular, the maximum number of shares to be acquired, the duration of the period for which the authorisation is given, the maximum length of which shall be determined by national law without, however, exceeding five years, and, in the case of acquisition for value, the maximum and minimum consideration. Members of the administrative or management body shall satisfy themselves that, at the time when each authorised acquisition is effected, the conditions referred to in points (b) and (c) are respected;
- b the acquisitions, including shares previously acquired by the company and held by it, and shares acquired by a person acting in his or her own name but on the company's behalf, cannot have the effect of reducing the net assets below the amount referred to in Article 56(1) and (2); and
- c only fully paid-up shares can be included in the transaction.

Furthermore, Member States may subject acquisitions within the meaning of the first subparagraph to any of the following conditions:

- a the nominal value or, in the absence thereof, the accountable par of the acquired shares, including shares previously acquired by the company and held by it, and shares acquired by a person acting in his own name but on the company's behalf, does not exceed a limit to be determined by Member States; this limit may not be lower than 10 % of the subscribed capital;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- b the power of the company to acquire its own shares within the meaning of the first subparagraph, the maximum number of shares to be acquired, the duration of the period for which the power is given and the maximum or minimum consideration are laid down in the statutes or in the instrument of incorporation of the company;
- c the company complies with appropriate reporting and notification requirements;
- d certain companies, as determined by Member States, can be required to cancel the acquired shares provided that an amount equal to the nominal value of the shares cancelled is included in a reserve which cannot be distributed to the shareholders, except in the event of a reduction in the subscribed capital; this reserve may be used only for the purposes of increasing the subscribed capital by the capitalisation of reserves;
- e the acquisition does not prejudice the satisfaction of creditors' claims.

2 The laws of a Member State may provide for derogations from the first sentence of point (a) of the first subparagraph of paragraph 1 where the acquisition of a company's own shares is necessary to prevent serious and imminent harm to the company. In such a case, the next general meeting shall be informed by the administrative or management body of the reasons for and nature of the acquisitions effected, of the number and nominal value or, in the absence of a nominal value, the accountable par, of the shares acquired, of the proportion of the subscribed capital which they represent, and of the consideration for those shares.

3 Member States may decide not to apply the first sentence of point (a) of the first subparagraph of paragraph 1 to shares acquired by either the company itself or by a person acting in his or her own name but on the company's behalf, for distribution to that company's employees or to the employees of an associate company. Such shares shall be distributed within 12 months of their acquisition.

Article 61

Derogation from rules on acquisition of own shares

- 1 Member States may decide not to apply Article 60 to:
- a shares acquired in carrying out a decision to reduce capital, or in the circumstances referred to in Article 82;
 - b shares acquired as a result of a universal transfer of assets;
 - c fully paid-up shares acquired free of charge or by banks and other financial institutions as purchasing commission;
 - d shares acquired by virtue of a legal obligation or resulting from a court ruling for the protection of minority shareholders in the event, particularly, of a merger, a change in the company's object or form, transfer abroad of the registered office, or the introduction of restrictions on the transfer of shares;
 - e shares acquired from a shareholder in the event of failure to pay them up;
 - f shares acquired in order to indemnify minority shareholders in associated companies;
 - g fully paid-up shares acquired under a sale enforced by a court order for the payment of a debt owed to the company by the owner of the shares; and
 - h fully paid-up shares issued by an investment company with fixed capital, as defined in the second subparagraph of Article 56(7), and acquired at the investor's request by that company or by an associate company. Point (a) of the third subparagraph of Article 56(7) shall apply. Such acquisitions may not have the effect of reducing the net assets below the amount of the subscribed capital plus any reserves the distribution of which is forbidden by law.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 Shares acquired in the cases listed in points (b) to (g) of paragraph 1 shall, however, be disposed of within not more than three years of their acquisition unless the nominal value or, in the absence of a nominal value, the accountable par of the shares acquired, including shares which the company may have acquired through a person acting in his own name but on the company's behalf, does not exceed 10 % of the subscribed capital.

3 If the shares are not disposed of within the period laid down in paragraph 2, they shall be cancelled. The laws of a Member State may make this cancellation subject to a corresponding reduction in the subscribed capital. Such a reduction shall be prescribed where the acquisition of shares to be cancelled results in the net assets having fallen below the amount specified in Article 56(1) and (2).

Article 62

Consequences of illegal acquisition of own shares

Shares acquired in contravention of Articles 60 and 61 shall be disposed of within one year of their acquisition. If they are not disposed of within that period, Article 61(3) shall apply.

Article 63

Holding of own shares and annual report in case of acquisition of own shares

1 Where the laws of a Member State permit a company to acquire its own shares, either itself or through a person acting in his or her own name but on the company's behalf, they shall make the holding of these shares at all times subject to at least the following conditions:

- a among the rights attaching to the shares, the right to vote attaching to the company's own shares must in any event be suspended;
- b if the shares are included among the assets shown in the balance sheet, a reserve of the same amount, unavailable for distribution, shall be included among the liabilities.

2 Where the laws of a Member State permit a company to acquire its own shares, either itself or through a person acting in his or her own name but on the company's behalf, they shall require the annual report to state at least:

- a the reasons for acquisitions made during the financial year;
- b the number and nominal value or, in the absence of a nominal value, the accountable par of the shares acquired and disposed of during the financial year and the proportion of the subscribed capital which they represent;
- c in the case of acquisition or disposal for a value, the consideration for the shares;
- d the number and nominal value or, in the absence of a nominal value, the accountable par of all the shares acquired and held by the company and the proportion of the subscribed capital which they represent.

Article 64

Financial assistance by a company for acquisition of its shares by a third party

1 Where Member States permit a company to, either directly or indirectly, advance funds or make loans or provide security, with a view to the acquisition of its shares by a third party, they shall make such transactions subject to the conditions set out in paragraphs 2 to 5.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 The transactions shall take place under the responsibility of the administrative or management body at fair market conditions, especially with regard to interest received by the company and with regard to security provided to the company for the loans and advances referred to in paragraph 1.

The credit standing of the third party or, in the case of multiparty transactions, of each counterparty thereto shall have been duly investigated.

3 The transactions shall be submitted by the administrative or management body to the general meeting for prior approval, whereby the general meeting shall act in accordance with the rules for a quorum and a majority laid down in Article 83.

The administrative or management body shall present a written report to the general meeting, indicating:

- a the reasons for the transaction;
- b the interest of the company in entering into such a transaction;
- c the conditions on which the transaction is entered into;
- d the risks involved in the transaction for the liquidity and solvency of the company; and
- e the price at which the third party is to acquire the shares.

This report shall be submitted to the register for publication in accordance with Article 16.

4 The aggregate financial assistance granted to third parties shall at no time result in the reduction of the net assets below the amount specified in Article 56(1) and (2), taking into account also any reduction of the net assets that may have occurred through the acquisition, by the company or on behalf of the company, of its own shares in accordance with Article 60(1).

The company shall include, among the liabilities in the balance sheet, a reserve, unavailable for distribution, of the amount of the aggregate financial assistance.

5 Where a third party by means of financial assistance from a company acquires that company's own shares within the meaning of Article 60(1) or subscribes for shares issued in the course of an increase in the subscribed capital, such acquisition or subscription shall be made at a fair price.

6 Paragraphs 1 to 5 shall not apply to transactions concluded by banks and other financial institutions in the normal course of business, nor to transactions effected with a view to the acquisition of shares by or for the company's employees or the employees of an associate company.

However, these transactions may not have the effect of reducing the net assets below the amount specified in Article 56(1).

7 Paragraphs 1 to 5 shall not apply to transactions effected with a view to acquisition of shares as described in of Article 61(1)(h).

Article 65

Additional safeguards in case of related party transactions

In cases where individual members of the administrative or management body of the company being party to a transaction referred to in Article 64(1) of this Directive, or of the administrative or management body of a parent undertaking within the meaning of Article 22 of Directive 2013/34/EU or such parent undertaking itself, or individuals

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

acting in their own name, but on behalf of the members of such bodies or on behalf of such undertaking, are counterparties to such a transaction, Member States shall ensure through adequate safeguards that such transaction does not conflict with the company's best interests.

Article 66

Acceptance of the company's own shares as security

1 The acceptance of the company's own shares as security, either by the company itself or through a person acting in his own name but on the company's behalf, shall be treated as an acquisition for the purposes of Article 60, Article 61(1), and Articles 63 and 64.

2 The Member States may decide not to apply paragraph 1 to transactions concluded by banks and other financial institutions in the normal course of business.

Article 67

Subscription, acquisition or holding of shares by a company in which the public limited liability company holds a majority of the voting rights or on which it can exercise a dominant influence

1 The subscription, acquisition or holding of shares in a public limited liability company by another company of a type listed in Annex II in which the public limited liability company directly or indirectly holds a majority of the voting rights or on which it can directly or indirectly exercise a dominant influence shall be regarded as having been effected by the public limited liability company itself.

The first subparagraph shall also apply where the other company is governed by the law of a third country and has a legal form comparable to those listed in Annex II.

However, where the public limited liability company holds a majority of the voting rights indirectly or can exercise a dominant influence indirectly, Member States need not apply the first and the second subparagraphs if they provide for the suspension of the voting rights attached to the shares in the public limited liability company held by the other company.

2 In the absence of coordination of national legislation on groups of companies, Member States may:

- a define the cases in which a public limited liability company shall be regarded as being able to exercise a dominant influence on another company; if a Member State exercises this option, its national law shall in any event provide that a dominant influence can be exercised if a public limited liability company:
 - (i) has the right to appoint or dismiss a majority of the members of the administrative organ, of the management organ or of the supervisory organ, and is at the same time a shareholder or member of the other company; or
 - (ii) is a shareholder or member of the other company and has sole control of a majority of the voting rights of its shareholders or members under an agreement concluded with other shareholders or members of that company.

Member States shall not be obliged to make provision for any cases other than those referred to in points (i) and (ii) of the first subparagraph;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- b define the cases in which a public limited liability company shall be regarded as indirectly holding voting rights or as able indirectly to exercise a dominant influence;
- c specify the circumstances in which a public limited liability company shall be regarded as holding voting rights.

3 Member States need not apply the first and second subparagraphs of paragraph 1 where the subscription, acquisition or holding is effected on behalf of a person other than the person subscribing, acquiring or holding the shares, who is neither the public limited liability company referred to in paragraph 1 nor another company in which the public limited liability company directly or indirectly holds a majority of the voting rights or on which it can directly or indirectly exercise a dominant influence.

4 Member States need not apply the first and second subparagraphs of paragraph 1 where the subscription, acquisition or holding is effected by the other company in its capacity and in the context of its activities as a professional dealer in securities, provided that it is a member of a stock exchange situated or operating within a Member State, or is approved or supervised by an authority of a Member State competent to supervise professional dealers in securities which, within the meaning of this Directive, may include credit institutions.

5 Member States need not apply the first and second subparagraphs of paragraph 1 where shares in a public limited liability company held by another company were acquired before the relationship between the two companies corresponded to the criteria laid down in paragraph 1.

However, the voting rights attached to those shares shall be suspended and the shares shall be taken into account when it is determined whether the condition laid down in Article 60(1)(b) is fulfilled.

6 Member States need not apply Article 61(2) or (3) or Article 62 where shares in a public limited liability company are acquired by another company on condition that they provide for:

- a the suspension of the voting rights attached to the shares in the public limited liability company held by the other company; and
- b the members of the administrative or the management organ of the public limited liability company to be obliged to buy back from the other company the shares referred to in Article 61(2) and (3) and Article 62 at the price at which the other company acquired them; this sanction shall be inapplicable only where the members of the administrative or the management organ of the public limited liability company prove that that company played no part whatsoever in the subscription for or acquisition of the shares in question.

Section 5

Rules for the increase and reduction of capital

Article 68

Decision by the general meeting on the increase of capital

1 Any increase in capital shall be decided upon by the general meeting. Both that decision and the increase in the subscribed capital shall be published in the manner laid down by the laws of each Member State, in accordance with Article 16.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 Nevertheless, the statutes or instrument of incorporation or the general meeting, the decision of which is to be published in accordance with the rules referred to in paragraph 1, may authorise an increase in the subscribed capital up to a maximum amount which they shall fix with due regard for any maximum amount provided for by law. Where appropriate, the increase in the subscribed capital shall be decided on within the limits of the amount fixed by the company body empowered to do so. The power of such body in this respect shall be for a maximum period of five years and may be renewed one or more times by the general meeting, each time for a period not exceeding five years.

3 Where there are several classes of shares, the decision by the general meeting concerning the increase in capital referred to in paragraph 1 or the authorisation to increase the capital referred to in paragraph 2, shall be subject to a separate vote at least for each class of shareholder whose rights are affected by the transaction.

4 This Article shall apply to the issue of all securities which are convertible into shares or which carry the right to subscribe for shares, but not to the conversion of such securities, nor to the exercise of the right to subscribe.

Article 69

Paying up shares issued for consideration

Shares issued for consideration, in the course of an increase in subscribed capital, shall be paid up to at least 25 % of their nominal value or, in the absence of a nominal value, of their accountable par. Where provision is made for an issue premium, it shall be paid in full.

Article 70

Shares issued for consideration other than in cash

1 Where shares are issued for consideration other than in cash in the course of an increase in the subscribed capital, the consideration shall be transferred in full within a period of five years from the decision to increase the subscribed capital.

2 The consideration referred to in paragraph 1 shall be the subject of a report drawn up before the increase in capital is made by one or more experts who are independent of the company and appointed or approved by an administrative or judicial authority. Such experts may be natural persons as well as legal persons and companies and firms under the laws of each Member State.

Article 49(2) and (3) and Articles 50 and 51 shall apply.

3 Member States may decide not to apply paragraph 2 in the event of an increase in subscribed capital made in order to give effect to a merger, a division or a public offer for the purchase or exchange of shares and to pay the shareholders of the company which is being absorbed or divided, or which is the object of the public offer for the purchase or exchange of shares.

In the case of a merger or a division, however, Member States shall apply the first subparagraph only where a report by one or more independent experts on the draft terms of merger or division is drawn up.

Where Member States decide to apply paragraph 2 in the case of a merger or a division, they may provide that the report under this Article and the report by one or more independent experts on the draft terms of merger or division may be drawn up by the same expert or experts.

4 Member States may decide not to apply paragraph 2 if all the shares issued in the course of an increase in subscribed capital are issued for a consideration other than in cash to one or more companies, on condition that all the shareholders in the company which receive the consideration have agreed not to have an experts' report drawn up and that the requirements of points (b) to (f) of Article 49(4) are met.

Article 71

Increase in capital not fully subscribed

Where an increase in capital is not fully subscribed, the capital will be increased by the amount of the subscriptions received only if the conditions of the issue so provide.

Article 72

Increase in capital by consideration in cash

1 Whenever the capital is increased by consideration in cash, the shares shall be offered on a pre-emptive basis to shareholders in proportion to the capital represented by their shares.

2 The laws of a Member State:

- a need not apply paragraph 1 to shares which carry a limited right to participate in distributions within the meaning of Article 56 and/or in the company's assets in the event of liquidation; or
- b may permit, where the subscribed capital of a company having several classes of shares carrying different rights with regard to voting, or participation in distributions within the meaning of Article 56 or in assets in the event of liquidation, is increased by issuing new shares in only one of these classes, the right of pre-emption of shareholders of the other classes to be exercised only after the exercise of this right by the shareholders of the class in which the new shares are being issued.

3 Any offer of subscription on a pre-emptive basis and the period within which this right shall be exercised shall be published in the national gazette appointed in accordance with Article 16. However, the laws of a Member State need not provide for such publication where all of a company's shares are registered. In such case, all the company's shareholders shall be informed in writing. The right of pre-emption shall be exercised within a period which shall not be less than 14 days from the date of publication of the offer or from the date of dispatch of the letters to the shareholders.

4 The right of pre-emption may not be restricted or withdrawn by the statutes or instrument of incorporation. This may, however, be done by decision of the general meeting. The administrative or management body shall be required to present to such a meeting a written report indicating the reasons for restriction or withdrawal of the right of pre-emption, and justifying the proposed issue price. The general meeting shall act in accordance with the rules for a quorum and a majority laid down in Article 83. Its decision shall be published in the manner laid down by the laws of each Member State, in accordance with Article 16.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

5 The laws of a Member State may provide that the statutes, the instrument of incorporation or the general meeting, acting in accordance with the rules for a quorum, a majority and publication set out in paragraph 4 of this Article, may give the power to restrict or withdraw the right of pre-emption to the company body which is empowered to decide on an increase in subscribed capital within the limit of the authorised capital. This power may not be granted for a longer period than the power for which provision is made in Article 68(2).

6 Paragraphs 1 to 5 shall apply to the issue of all securities which are convertible into shares or which carry the right to subscribe for shares, but not to the conversion of such securities, nor to the exercise of the right to subscribe.

7 The right of pre-emption is not excluded for the purposes of paragraphs 4 and 5 where, in accordance with the decision to increase the subscribed capital, shares are issued to banks or other financial institutions with a view to their being offered to shareholders of the company in accordance with paragraphs 1 and 3.

Article 73

Decision by the general meeting on reduction in the subscribed capital

Any reduction in the subscribed capital, except under a court order, shall be subject at least to a decision of the general meeting acting in accordance with the rules for a quorum and a majority laid down in Article 83 without prejudice to Articles 79 and 80. Such decision shall be published in the manner laid down by the laws of each Member State in accordance with Article 16.

The notice convening the meeting shall specify at least the purpose of the reduction and the way in which it is to be carried out.

Article 74

Reduction in the subscribed capital in case of several classes of shares

Where there are several classes of shares, the decision by the general meeting concerning a reduction in the subscribed capital shall be subject to a separate vote, at least for each class of shareholders whose rights are affected by the transaction.

Article 75

Safeguards for creditors in case of reduction in the subscribed capital

1 In the event of a reduction in the subscribed capital, at least the creditors whose claims antedate the publication of the decision on the reduction shall at least have the right to obtain security for claims which have not fallen due by the date of that publication. Member States may not set aside such a right unless the creditor has adequate safeguards, or unless such safeguards are not necessary having regard to the assets of the company.

Member States shall lay down the conditions for the exercise of the right provided for in the first subparagraph. In any event, Member States shall ensure that the creditors are authorised to apply to the appropriate administrative or judicial authority for adequate safeguards provided that they can credibly demonstrate that due to the reduction in the subscribed capital the satisfaction of their claims is at stake, and that no adequate safeguards have been obtained from the company.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

2 The laws of the Member States shall also stipulate at least that the reduction shall be void, or that no payment may be made for the benefit of the shareholders, until the creditors have obtained satisfaction or a court has decided that their application should not be acceded to.

3 This Article shall apply where the reduction in the subscribed capital is brought about by the total or partial waiving of the payment of the balance of the shareholders' contributions.

Article 76

Derogation from safeguards for creditors in case of reduction in the subscribed capital

1 Member States need not apply Article 75 to a reduction in the subscribed capital the purpose of which is to offset losses incurred or to include sums of money in a reserve provided that, following this operation, the amount of such reserve is not more than 10 % of the reduced subscribed capital. Except in the event of a reduction in the subscribed capital, this reserve may not be distributed to shareholders; it may be used only for offsetting losses incurred or for increasing the subscribed capital by the capitalisation of such reserve, in so far as the Member States permit such an operation.

2 In the cases referred to in paragraph 1, the laws of the Member States shall at least provide for the measures necessary to ensure that the amounts deriving from the reduction of subscribed capital may not be used for making payments or distributions to shareholders, or discharging shareholders from the obligation to make their contributions.

Article 77

Reduction in the subscribed capital and the minimum capital

The subscribed capital may not be reduced to an amount less than the minimum capital laid down in accordance with Article 45.

However, Member States may permit such a reduction if they also provide that the decision to reduce the subscribed capital may take effect only when the subscribed capital is increased to an amount at least equal to the prescribed minimum.

Article 78

Redemption of subscribed capital without reduction

Where the laws of a Member State authorise total or partial redemption of the subscribed capital without reduction of the latter, they shall at least require that the following conditions are observed:

- (a) where the statutes or instrument of incorporation provide for redemption, the latter shall be decided on by the general meeting voting at least under the usual conditions of quorum and majority; where the statutes or instrument of incorporation do not provide for redemption, the latter shall be decided upon by the general meeting acting at least under the conditions of quorum and majority laid down in Article 83; the decision shall be published in the manner prescribed by the laws of Member States, in accordance with Article 16;
- (b) only sums which are available for distribution within the meaning of Article 56(1) to (4) may be used for redemption purposes;

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (c) shareholders whose shares are redeemed shall retain their rights in the company, with the exception of their rights to the repayment of their investment and participation in the distribution of an initial dividend on unredeemed shares.

Article 79

Reduction in the subscribed capital by compulsory withdrawal of shares

1 Where the laws of a Member State allow companies to reduce their subscribed capital by compulsory withdrawal of shares, they shall require that at least the following conditions are observed:

- a compulsory withdrawal must be prescribed or authorised by the statutes or instrument of incorporation before the shares which are to be withdrawn are subscribed for;
- b where the compulsory withdrawal is authorised merely by the statutes or instrument of incorporation, it shall be decided upon by the general meeting unless it has been unanimously approved by the shareholders concerned;
- c the company body deciding on the compulsory withdrawal shall fix the terms and manner thereof, where they have not already been fixed by the statutes or instrument of incorporation;
- d Article 75 shall apply except in the case of fully paid-up shares which are made available to the company free of charge or are withdrawn using sums available for distribution in accordance with Article 56(1) to (4); in these cases, an amount equal to the nominal value or, in the absence thereof, to the accountable par of all the withdrawn shares must be included in a reserve; except in the event of a reduction in the subscribed capital, this reserve may not be distributed to shareholders; it can be used only for offsetting losses incurred or for increasing the subscribed capital by the capitalisation of such reserve, in so far as Member States permit such an operation; and
- e the decision on compulsory withdrawal shall be published in the manner laid down by the laws of each Member State in accordance with Article 16.

2 The first paragraph of Article 73 and Articles 74, 76 and 83 shall not apply to the cases to which paragraph 1 of this Article refers.

Article 80

Reduction in the subscribed capital by the withdrawal of shares acquired by the company itself or on its behalf

1 In the case of a reduction in the subscribed capital by the withdrawal of shares acquired by the company itself or by a person acting in his own name but on behalf of the company, the withdrawal shall always be decided on by the general meeting.

2 Article 75 shall apply unless the shares are fully paid up and are acquired free of charge or using sums available for distribution in accordance with Article 56(1) to (4); in these cases an amount equal to the nominal value or, in the absence thereof, to the accountable par of all the shares withdrawn shall be included in a reserve. Except in the event of a reduction in the subscribed capital, this reserve may not be distributed to shareholders. It may be used only for offsetting losses incurred or for increasing the subscribed capital by the capitalisation of such reserve, in so far as the Member States permit such an operation.

3 Articles 74, 76 and 83 shall not apply to the cases to which paragraph 1 of this Article refers.

Article 81

Redemption of the subscribed capital or its reduction by withdrawal of shares in case of several classes of shares

In the cases covered by Article 78, Article 79(1)(b) and Article 80(1), when there are several classes of shares, the decision by the general meeting concerning redemption of the subscribed capital or its reduction by withdrawal of shares shall be subject to a separate vote, at least for each class of shareholders whose rights are affected by the transaction.

Article 82

Conditions for redemption of shares

Where the laws of a Member State authorise companies to issue redeemable shares, they shall require that the following conditions, at least, are complied with for the redemption of such shares:

- (a) redemption must be authorised by the company's statutes or instrument of incorporation before the redeemable shares are subscribed for;
- (b) the shares must be fully paid up;
- (c) the terms and the manner of redemption must be laid down in the company's statutes or instrument of incorporation;
- (d) redemption can be only effected by using sums available for distribution in accordance with Article 56(1) to (4) or the proceeds of a new issue made with a view to effecting such redemption;
- (e) an amount equal to the nominal value or, in the absence thereof, to the accountable par of all the redeemed shares must be included in a reserve which cannot be distributed to the shareholders, except in the event of a reduction in the subscribed capital; it may be used only for the purpose of increasing the subscribed capital by the capitalisation of reserves;
- (f) point (e) shall not apply to redemption using the proceeds of a new issue made with a view to effecting such redemption;
- (g) where provision is made for the payment of a premium to shareholders in consequence of a redemption, the premium may be paid only from sums available for distribution in accordance with Article 56(1) to (4), or from a reserve other than that referred to in point (e) of this Article which may not be distributed to shareholders except in the event of a reduction in the subscribed capital; this reserve may be used only for the purposes of increasing the subscribed capital by the capitalisation of reserves or for covering the costs referred to in point (j) of Article 4 or the cost of issuing shares or debentures or for the payment of a premium to holders of redeemable shares or debentures;
- (h) notification of redemption shall be published in the manner laid down by the laws of each Member State in accordance with Article 16.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 83

Voting requirements for the decisions of the general meeting

The laws of the Member States shall provide that the decisions referred to in Article 72(4) and (5) and Articles 73, 74, 78 and 81 are to be taken at least by a majority of not less than two thirds of the votes attaching to the securities or the subscribed capital represented.

The laws of the Member States may, however, lay down that a simple majority of the votes specified in the first paragraph is sufficient when at least half the subscribed capital is represented.

Section 6

Application and implementing arrangements

Article 84

Derogation from certain requirements

1 Member States may derogate from the first paragraph of Article 48, the first sentence of Article 60(1)(a) and Articles 68, 69 and 72 to the extent that such derogations are necessary for the adoption or application of provisions designed to encourage the participation of employees, or other groups of persons defined by national law, in the capital of undertakings.

2 Member States may decide not to apply the first sentence of Article 60(1)(a) and Articles 73, 74 and 79 to 82 to companies incorporated under a special law which issue both capital shares and workers' shares, the latter being issued to the company's employees as a body, who are represented at general meetings of shareholders by delegates having the right to vote.

3 Member States shall ensure that Article 49, Articles 58(1) and 68(1), (2) and (3), the first subparagraph of Article 70(2), Articles 72 to 75, 79, 80 and 81 do not apply in the case of use of the resolution tools, powers and mechanisms provided for in Title IV of Directive 2014/59/EU of the European Parliament and of the Council⁽²⁾.

[^{F14} Member States shall derogate from Article 58(1), Article 68, Articles 72, 73, and 74, point (b) of Article 79(1), Article 80(1) and Article 81 to the extent and for the period that such derogations are necessary for the establishment of the preventive restructuring frameworks provided for in Directive (EU) 2019/1023 of the European Parliament and of the Council⁽³⁾.

The first subparagraph shall be without prejudice to the principle of equal treatment of shareholders.]

Textual Amendments

- F1** Inserted by Directive (EU) 2019/1023 of the European Parliament and of the Council of 20 June 2019 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 (Directive on restructuring and insolvency) (Text with EEA relevance).

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

Article 85

Equal treatment of all shareholders who are in the same position

For the purposes of the implementation of this Chapter, the laws of the Member States shall ensure equal treatment to all shareholders who are in the same position.

Article 86

Transitional provisions

Member States may decide not to apply points (g), (i), (j) and (k) of Article 4 to companies already in existence at the date of entry into force of the laws, regulations and administrative provisions adopted in order to comply with Council Directive 77/91/EEC⁽⁴⁾.

Status: EU Directives are being published on this site to aid cross referencing from UK legislation. After IP completion day (31 December 2020 11pm) no further amendments will be applied to this version.

- (1) Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU ([OJ L 173, 12.6.2014, p. 349](#)).
- (2) Directive 2014/59/EU of the European Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms and amending Council Directive 82/891/EEC, and Directives 2001/24/EC, 2002/47/EC, 2004/25/EC, 2005/56/EC, 2007/36/EC, 2011/35/EU, 2012/30/EU and 2013/36/EU, and Regulations (EU) No 1093/2010 and (EU) No 648/2012, of the European Parliament and of the Council ([OJ L 173, 12.6.2014, p. 190](#)).
- (3) [F1 Directive (EU) 2019/1023 of the European Parliament and of the Council of 20 June 2019 on preventive restructuring frameworks, on discharge of debt and disqualifications and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 (Directive on restructuring and insolvency) ([OJ L 172, 26.6.2019, p. 18](#)).]
- (4) Second Council Directive 77/91/EEC of 13 December 1976 on coordination of safeguards which, for the protection of the interests of members and others, are required by Member States of companies within the meaning of the second paragraph of Article 58 of the Treaty, in respect of the formation of public limited liability companies and the maintenance and alteration of their capital, with a view to making such safeguards equivalent ([OJ L 26, 31.1.1977, p. 1](#)).

Textual Amendments

- F1** Inserted by [Directive \(EU\) 2019/1023 of the European Parliament and of the Council of 20 June 2019 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive \(EU\) 2017/1132 \(Directive on restructuring and insolvency\)](#) (Text with EEA relevance).
