

REGULATION (EEC) No 1769/68 OF THE COMMISSION

of 6 November 1968

on air transport costs to be included in the value for customs purposes

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation (EEC) No 803/68¹ of 27 June 1968 on the valuation of goods for customs purposes, and in particular Article 17 thereof;

Whereas, pursuant to Article 6 (1) (d) of Regulation (EEC) No 803/68, the place of introduction into the customs territory of the Community is, for goods carried by air, the place where the frontier of the customs territory of the Community is crossed;

Whereas Article 8 (1) of that Regulation provides that when goods are carried by the same means of transport to a point beyond the place of introduction into the customs territory of the Community, transport costs shall be assessed in proportion to the distance covered outside and inside the customs territory of the Community;

Whereas the fixing in advance of the percentages of air transport costs to be included in the value for customs purposes according to the various airports

of departure and destination will facilitate declarations concerning the value of goods for customs purposes, and the verification by the customs authorities of those declarations;

Whereas it is appropriate to draw a table of percentages based in each case on the most direct air route, unless another air route crosses the Community frontier at a place nearer the airport of departure;

Whereas the provisions of this Regulation are in accordance with the Opinion of the Customs Valuation Committee.

HAS ADOPTED THIS REGULATION:

Article 1

The air transport costs to be included in the value of goods for customs purposes shall be determined by applying the rules and percentages shown in the Annex to this Regulation.

Article 2

This Regulation shall enter into force on 1 January 1969.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 6 November 1968.

For the Commission

The President

Jean REY

¹ OJ No L 148, 28.6.1968, p. 6.

ANNEX

AIR TRANSPORT COSTS TO BE INCLUDED IN THE VALUE
FOR CUSTOMS PURPOSES

Introductory notes

1. The following table shows:
 - (a) third countries listed by continent (column 1);
 - (b) airports of departure in third countries (column 2);
 - (c) airports of arrival in the Community with the percentages which represent the part of the air transport costs to be included in the value for customs purposes (column 3 and following columns).
2. When the goods are shipped to or from airports not included in the following list, other than the airports referred to in paragraph 3, the percentage given for the airport nearest to that of departure or arrival should be taken.
3. As regards the French overseas departments of Guadeloupe, Guiana, Martinique and Réunion, of which the airports are not included in the list, the following rules shall apply:
 - (a) for goods shipped direct from third countries to those departments, the whole of the cost of air transport to those airports is to be included in the value for customs purposes;
 - (b) for goods shipped from third countries to the European part of the Community and transhipped or unloaded in one of those departments, the air transport costs which would have been incurred for carrying the goods only as far as the airport of transhipment or unloading are to be included in the value for customs purposes;
 - (c) for goods shipped from third countries to those departments and transhipped or unloaded in an airport in the European part of the Community, the air transport costs to be included in the value for customs purposes are those which result from the application of the percentages given in the following list to the costs which would have been incurred for carrying the goods from the airport of departure to the European airport.

The transhipment or unloading shall be certified by an appropriate endorsement by the customs authorities on the airway bill, with the official stamp of the office concerned; failing this certification the provisions of the last subparagraph of Article 6 (3) of Regulation (EEC) No 803/68 shall apply.
