

REGULATION (EEC) No 1724/72 OF THE COUNCIL
of 20 July 1972

amending Regulation (EEC) No 1406/72 in order to determine, for the 1972/73 marketing year, the principal marketing centres for cereals and the derived intervention prices applicable in those centres for certain new Member States

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to the Treaty concerning the accession of the Kingdom of Denmark, Ireland, the Kingdom of Norway and the United Kingdom of Great Britain and Northern Ireland to the European Economic Community and to the European Atomic Energy Community¹;

Having regard to the Act concerning the Conditions of Accession and the Adjustments to the Treaties,² hereinafter referred to as 'the Act', and in particular Article 153 thereof;

Having regard to the proposal from the Commission;

Whereas Council Regulation (EEC) No 1406/72³ has determined, for the 1972/73 marketing year, the principal marketing centres for cereals and the derived intervention prices applicable in those centres; whereas, as a consequence of the enlargement of the Communities, the annexes to that Regulation must be supplemented by the addition of the principal marketing centres for cereals in the new Member States and the derived intervention prices applicable in those centres;

Whereas Article 51 (2) of the Act stipulates that before the first move towards price alignment, the prices to be applied in each new Member State shall be fixed in accordance with the rules provided for in the common organization of the market in the sector in question at a level which allows producers in that sector to obtain returns equivalent to those obtained under the previous national system; whereas paragraph 3 of the same Article stipulates, however, that in respect of Norway and the United Kingdom, those prices must be fixed at a level such that the application of the Community rules results in a level

of market prices comparable with the level recorded in the Member State concerned during a representative period preceding the implementation of the Community rules;

Whereas, with regard to the cereals sector, these provisions shall apply to derived intervention prices by virtue of Article 51 (1) and Article 73 of the Act;

Whereas the rules for deriving intervention prices and determining certain marketing centres in the cereals sector have been established by Regulation No 131/67/EEC,⁴ last amended by Annex I, Part II B (d) of the Act; whereas under that Regulation the derived intervention prices must be fixed for marketing centres of a certain regional importance, taking into account the natural formation of market prices and transport costs; whereas these criteria and these provisions should consequently be applied to fix, for the new Member States, both the derived intervention prices for common wheat, barley and, for Denmark, rye, in the absence of any significant production of maize and durum wheat in any of these States, and the principal marketing centres for these cereals;

Whereas, no details being yet available for Norway, the intervention prices and marketing centres for that State will be fixed at a later date;

HAS ADOPTED THIS REGULATION:

Article 1

Annexes A and B to Regulation (EEC) No 1406/72 shall be supplemented by Annexes A and B to this Regulation.

Article 2

This Regulation shall apply from 1 February 1973.

¹ OJ No L 73, 27.3.1972, p. 5.

² OJ No L 73, 27.3.1972, p. 14.

³ OJ No L 150, 4.7.1972, p. 4.

⁴ OJ No 120, 21.6.1967, p. 2362/67.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 July 1972.

For the Council

The President

T. WESTERTERP
