**REGULATION (EEC) No 584/75 OF THE COMMISSION
of 6 March 1975**

**laying down detailed rules for the application of the system of
tendering for export refunds on rice**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to Council Regulation No 359/67/EEC ⁽¹⁾ of 25 July 1967 on the common organization of the market in rice, as last amended by Regulation (EEC) No 476/75 ⁽²⁾;

Having regard to Council Regulation No 366/67/EEC ⁽³⁾ of 25 July 1967 laying down general rules for granting export refunds on rice and criteria for fixing the amount of such refunds, as last amended by Regulation (EEC) No 478/75 ⁽⁴⁾, and in particular Article 3a (2) thereof;

Whereas Article 3a of Regulation No 366/67/EEC provides that export refunds may in appropriate cases be fixed by means of an invitation to tender relating to a specified quantity;

Whereas detailed rules for such a tendering procedure should be laid down;

Whereas, in order to ensure equal treatment for all interested parties in the Community, invitations to tender must be organized in accordance with uniform principles; whereas to this end publication in the *Official Journal of the European Communities* of a decision concerning the opening of an invitation to tender should be accompanied by a notice of invitation to tender;

Whereas the purpose of fixing an export refund by means of an invitation to tender is to permit better management of the market; whereas to this end it is essential that tenders include the information necessary for their assessment and are accompanied by certain formal undertakings;

Whereas a maximum export refund should be fixed; whereas this method enables contracts to be awarded in respect of all the quantities concerned;

Whereas there may be market situations in which it is clear from an examination of the economic aspects of the proposed exports that instead of fixing a refund the Commission should take no action on the tenders;

Whereas, in order to ensure that exportation is effected under the licence issued for the purpose of the invitation to tender, a security for tender should be required, such security to be forfeit if the tender is withdrawn;

Whereas procedures should be laid down as to the communications to tenderers of the outcome of the invitation to tender and also as to the issue of the licence necessary for the export of the quantities awarded;

Whereas the measures provided for in this Regulation are in accordance with the Opinion of the Management Committee for Cereals,
