**COUNCIL REGULATION (EEC) No 2763/77
of 5 December 1977**

opening, allocating and providing for the administration of a Community tariff quota for wines from fresh grapes and grape must with fermentation arrested by the addition of alcohol, falling within heading No 22.05 of the Common Customs Tariff, originating entirely in Greece

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 43 and 113 thereof,

Having regard to the proposal from the Commission,

Having regard to the opinion of the European Parliament ⁽¹⁾,

Whereas, pending a decision by the Association Council pursuant to Article 35 or 36 (1) of the EEC-Greece Association Agreement, a Community tariff quota of 430 000 hectolitres should be opened at a reduced duty in 1978 for wines from fresh grapes and grape must with fermentation arrested by the addition of alcohol, originating entirely in Greece, complying with Regulation (EEC) No 816/70 and in particular with Article 9 thereof; whereas it is necessary in these circumstances to open the Community tariff quota as from 1 January 1978;

Whereas it is in particular necessary to guarantee all importers of the Member States equal and uninterrupted access to the said quota and uninterrupted application of the rate laid down for that quota to all imports into such States of the products concerned until the quota has been used up; whereas, having regard to the above principles, the Community nature of the quota can be respected by allocating the Community tariff quota among the Member States; whereas, to reflect most accurately the actual development of the market in the products concerned, such allocation should be in proportion to the needs of the Member States, assessed by reference both to the statis-

tics relating to imports from Greece over a representative period, and to the economic outlook for the quota period concerned;

Whereas, on the basis of the statistics at present available, imports from Greece into the Member States in 1974, 1975 and 1976 of the product concerned have developed as follows and represent the following percentages of total imports into the Community:

Member States	1974	1975	1976
Benelux	55.02	66.66	73.31
Denmark	0.05	0.11	0.11
Germany	37.04	26.46	22.35
France	6.21	6.00	3.35
Ireland	0.05	0.02	0.01
Italy	0.14	0.02	0.02
United Kingdom	1.49	0.71	0.85

Whereas, taking into account these figures and the foreseeable development of the market in the product concerned during 1978, the initial shares in the volume of the quota may be fixed approximately at the following percentages:

Benelux	62.91
Denmark	0.52
Germany	29.35
France	4.43
Ireland	0.35
Italy	0.35
United	2.09

Whereas, in order to take into account the import trends for the product concerned in the Member States, the quota volume should be divided into two tranches, the first tranche being allocated among the Member States and the second forming a reserve intended ultimately to cover the requirements of the Member States, should their initial share be used up;

Article 2

1. The tariff quota referred to in Article 1 (1) shall be divided into two tranches.

2. A first tranche, amounting to 387 000 hectolitres, shall be shared among the Member States ; the shares which, subject to Article 5, shall be valid until 31 December 1978, shall be as follows :

	(hectolitres)
Benelux	243 450
Denmark	2 000
Germany	113 600
France	17 150
Ireland	1 350
Italy	1 350
United Kingdom	8 100

3. The second tranche of 43 000 hectolitres shall constitute the reserve.

Article 3

1. If 90 % or more of any Member State's initial share, as laid down in Article 2 (2), or 90 % or more of that share less the amount returned to the reserve where Article 5 has been applied, has been exhausted, that Member State shall without delay, by notifying the Commission, draw a second share equal to 15 % of its initial share, rounded up to the next unit where appropriate, to the extent that the amount in the reserve allows.

2. If, after its initial share has been exhausted, 90 % or more of the second share drawn by that Member State has been exhausted, it shall, in the manner provided for in paragraph 1, draw a third share equal to 7.5 % of its initial share.

3. If, after its second share has been exhausted, 90 % or more of the third share drawn by that Member State has been used up, it shall, in the manner provided for in paragraph 1, draw a fourth share equal to the third.

This process shall be applied until the reserve is exhausted.

4. By way of derogation from paragraphs 1, 2 and 3, Member States may draw smaller shares than those fixed in those paragraphs if there is reason to believe that those shares might not be used up. They shall inform the Commission of their reasons for applying this paragraph.

Article 4

Each of the additional shares drawn pursuant to Article 3 shall be valid until 31 December 1978.

Article 5

Member States shall return to the reserve, not later than 1 October 1978, the unused portion of their initial share which, on 15 September 1978, is in excess of 20 % of the initial amount. They may return a greater portion if there are grounds for believing that such portion may not be used in full.

The Member States shall, not later than 1 October 1978, notify the Commission of the total imports of the products concerned effected under and charged against the Community quota up to and including 15 September 1978 and, where appropriate, of the proportion of their initial shares that they are returning to the reserve.

Article 6

The Member States shall be authorized to divide the shares allocated to them or which they have drawn from the reserve into two parts, according to their foreseeable use, reserving one part for wines intended for direct consumption and the other for wines intended for processing.

However, during the marketing year and according to the actual needs which arise, they shall make the necessary adjustments to the original allocations.

Article 7

The Commission shall keep account of the shares opened by Member States in accordance with Articles 2 and 3 and shall inform each of them of the extent to which the reserve has been used as soon as it receives the notification.

The Commission shall, not later than 5 October 1978, notify the Member States of the state of the reserve after the return of shares pursuant to Article 5.

The Commission shall ensure that any drawing which uses up the reserve is limited to the balance available and, for this purpose, shall specify the amount thereof to the Member State which makes the final drawing.

Article 8

1. Member States shall take all measures necessary to ensure that supplementary shares drawn pursuant

to Article 3 are opened in such a way that charges may be made without interruption against their combined shares of the Community quota.

2. Member States shall ensure that importers of the said products established in their territory have free access to the shares allocated to them or drawn from the reserve.

3. The extent to which a Member State has used up its share shall be determined on the basis of the imports of the products in question submitted to the customs authorities under the cover of declarations that they have been made available for home use.

Article 9

At the request of the Commission, Member States shall inform it of imports of the products in question actually charged against their shares.

Article 10

The Member States and the Commission shall cooperate closely in order to ensure that the provisions of this Regulation are complied with.

Article 11

This Regulation shall enter into force on 1 January 1978.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 5 December 1977.

For the Council

The President
