COUNCIL REGULATION (EEC) No 3482/85

of 5 December 1985

opening, allocating and providing for the administration of a Community tariff quota for certain hand-made products (1986)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas, as regards certain hand-made products, the Community has declared its readiness to open an annual duty-free Community tariff quota of an overall amount which, for 1985, amounted to 10 200 000 ECU and up to a limit value of 1 200 000 ECU for each tariff heading or subheading considered;

Whereas, to take account of Spain's and Portugal's participation from 1 March 1986, the amount adopted in 1985 should be increased by 3,33 % and thus be brought to 10 540 000 ECU;

Whereas products may, however, be admitted under the Community tariff quota only on the submission to the Community's customs authorities of a document issued by the recognized authorities of the country of manufacture certifying that the goods concerned are hand-made; whereas it is accordingly appropriate to open the tariff quota in question with effect from 1 January 1986;

Whereas equal and continuous access to the quota should be ensured for all Community importers and the rate laid down for the tariff quota should be applied consistently to all imports until the quota is used up; whereas a system of utilization of the Community tariff quota based on an allocation between the Member States concerned would, in the light of the principles outlined above, appear consistent with the Community nature of the quota; whereas to represent as closely as possible the actual development of the market in the said goods, the allocation should follow

proportionately the requirements of the Member States calculated both from statistics of imports from third countries during a representative reference period and according to the economic outlook for the tariff year in question;

Whereas, however, there is no specific classification of the said goods in the statistical nomenclatures; whereas it has thus been impossible to collect sufficiently precise and representative statistics; whereas the extent to which the current Community tariff quota has been used is not such that the real requirements of each of the Member States can be firmly ascertained; whereas the only possibility is, therefore, to divide the tariff quota volume into 11 parts, of which one each would be allocated to the Benelux countries, Denmark, the Federal Republic of Germany, Greece, Spain, France, Ireland, Italy, Portugal and the United Kingdom, the last part being held in reserve to cover the later requirements of Member States which use up their initial shares;

Whereas the initial shares may be used up at different rates; whereas, therefore, to avoid disruption of supplies, any Member State which has almost used up its initial share should draw a supplementary share from the Community reserve; whereas this must be done by each Member State as each one of its supplementary shares is almost used up, and as many times as the reserve allows; whereas the initial and supplementary shares must be valid until the end of the quota period; whereas this form of administration requires close collaboration between the Member States and the Commission, and the Commission must be in a position to follow the extent to which the tariff quota has been used up and inform the Member States accordingly; whereas this collaboration must be all the closer since it does not seem necessary, at present, to provide for special measures in the Regulation to avoid exceeding the maximum allocation of 1 200 000 ECU per tariff heading or subheading;

Whereas if, at a given date in the quota period, a Member State has a considerable quantity left over, it is essential that it should return a significant percentage thereof to the

reserve so as to avoid a part of the Community tariff quota remaining unused in one Member State when it could be used in others;

HAS ADOPTED THIS REGULATION:

Article 1

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within and jointly represented by the Benelux Economic Union, any operation concerning the administration of the shares allocated to that economic union may be carried out by any one of its members,

2. If, after its initial share has been used up, 90 % or more of the second share drawn by a Member State has been used up, that Member State shall, in accordance with the conditions set out in paragraph 1, draw a third share equal to 7,5 % of its initial share, rounded up where necessary to the next whole number.

It shall inform the Member States, not later than 5 October 1986 of the amount still in reserve after amounts have been returned thereto pursuant to Article 5.

It shall ensure that the drawing which exhausts the reserve is limited to the balance available and to this end shall specify the amount thereof to the Member State making the last drawing.

Article 7

At the Commission's request, Member States shall inform it of imports of the products concerned actually charged against their shares.

Article 9

Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.
