

Commission Regulation (EEC) No 3846/87 of 17 December 1987
establishing an agricultural product nomenclature for export refunds

COMMISSION REGULATION (EEC) No 3846/87
of 17 December 1987

establishing an agricultural product nomenclature for export refunds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals⁽¹⁾, as last amended by Regulation (EEC) No 1900/87⁽²⁾, and in particular Article 16 thereof, and to the corresponding provisions of the other regulations on the common organization of the agricultural product markets,

Whereas, pursuant to Council Regulation (EEC) No 2658/87⁽³⁾, a combined goods nomenclature, based on that of the harmonized system and meeting both Common Customs Tariff and Community external trade statistics requirements, will come into use on 1 January 1988;

Whereas product descriptions and tariff numbers to be shown in the annexes to the Commission regulations setting the export refunds on agricultural products should therefore be formulated using the combined nomenclature as basis;

Whereas in order to ensure uniform presentation of the lists of agricultural products on which refunds are granted and to guarantee the application of these a nomenclature of agricultural products for use in connection with export refunds should be drawn up;

Whereas it is necessary in certain cases, because of the way in which the export refund scheme operates, to make subdivisions in the combined nomenclature; whereas in order to identify these subdivisions and to facilitate handling of data relating to products falling within them numeric codes based on those of the combined nomenclature should be devised;

Whereas where a refund is set only on some of the products falling under a combined nomenclature subheading it is necessary, in order to maintain a coherent nomenclature for refunds and permit computer processing, also to mention the part of the subheading of the combined nomenclature in respect of which no refund has been set;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the relevant management committees,

HAS ADOPTED THIS REGULATION:

Article 1

There is hereby introduced for use in connection with export refunds an agricultural product nomenclature, hereinafter referred to as the 'refund nomenclature', based on the combined nomenclature.

Changes to legislation: There are outstanding changes not yet made to Commission Regulation (EEC) No 3846/87. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

The refund nomenclature shall be as shown in the Annex hereto.

It shall include additional subdivisions to those of the combined nomenclature as required for the description of goods on which export refunds are granted, and code numbers as specified in Article 2.

Article 2

1 Each subheading of the refund nomenclature shall be provided with a numeric code of eleven consecutive digits as follows:

- a the first eight digits shall be those of the numeric code for the relevant combined nomenclature subheading;
- b the ninth, 10th and 11th digits shall identify the refund nomenclature subheading. If a combined nomenclature subheading is not further subdivided in the refund nomenclature the last three figures shall be '000';

2 In the case of tobacco a 12th figure shall be added to the product code when the refund amounts are published, for the purpose of identifying the crop year.

Article 3

The refund nomenclature shall be used by the Commission and the Member States for the application of Community measures relating to export refunds on agricultural products, and the numeric codes shall be entered on the documents provided for this purpose.

Member States may combine the refund nomenclature with other nomenclatures.

The Commission shall publish in the *Official Journal of European Communities* the full version of the refund nomenclature, as it follows from the regulatory provisions on export arrangements for agricultural products, that is to be used from 1 January each year.

Article 4

This Regulation shall enter into force on 1 January 1988.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 17 December 1987.

For the Commission

Frans ANDRIESSEN

Vice-President

| d | The weight of a coating of paraffin corresponding to normal use in the trade is considered as part of the net weight of the sausage. | |
| e | The term 'uncooked' shall apply to products which have not been subjected to any heat-treatment or which have been subjected to a heat-treatment insufficient to ensure the coagulation of meat proteins in the whole of the product and which therefore show traces of a pinkish liquid on the cut surface when the product is cut along a line passing through its thickest part. | |
| f | If composite food preparations (including prepared dishes) containing sausages, are classified under heading No 1601 because of their composition, the refund is granted only on the net weight of the sausages, the meat and the offal, including fats of any kind or origin, which make part of these preparations. | |
| g | The refund on products containing bones is granted on the net weight of the product after deduction of the weight of the bones. | |
| h | The granting of the refund is subject to the compliance with the conditions laid down in Commission Regulation (EEC) No 171 /78 (OJ No L 25, 31. 1. 1978, p. 21). At the time of the conclusion of customs export formalities the exporter shall declare in writing that the products in question fulfill these conditions. | |

a When the product falling within this subheading is a mixture containing added whey and/or added lactose and/or casein and/or caseinates, no export refund shall be granted. When completing customs formalities the applicant shall state on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added to the product.

b The weight of the added non-lactic matter and/or added whey and, or added lactose and/or added casein and/or added caseinates shall not be taken into account for the purpose of calculation of the fat content by weight.

Changes to legislation: There are outstanding changes not yet made to Commission Regulation (EEC) No 3846/87. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

When the product falling within this subheading is a mixture containing added whey and/or added lactose and/or added casein and/or added caseinates, the added whey and/or added lactose and /or added casein and/or added caseinates shall not be taken into account in the calculation of the amount of refund.

When completing customs formalities, the applicant shall state, on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:

- the actual content by weight of whey and/or lactose and/or casein and/or caseinates added per 100 kilograms of finished product, and in particular,
- the lactose content of the added whey.

c When the product contains casein and or caseinates that were added before or at the time of processing, no refund shall be granted.

When completing customs formalities, the applicant shall state, on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added.

d The weight of added non-lactic matter and/or added whey and/or added lactose and/or added casein and/or added caseinates shall not be taken into account for the purpose of calculating the fat content, by weight.

The refund per 100 kilograms of product falling within this subheading shall be equal to the sum of the following components:

- (a) the amount per kilogram shown, multiplied by the weight of the lactic part contained in 100 kilograms of product; however, where whey and/or lactose and/or casein and/or caseinates have been added to the product, the amount per kilogram shown shall be multiplied by the weight of lactic part excluding the weight of added whey and/or added lactose and/or added caseinates, contained in 100 kilograms of product;
- (b) a component calculated in accordance with the provisions of Article 2 (3 of Regulation (EEC) No 1098/68. When completing customs formalities, the applicant shall state, on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:
 - the actual content by weight of whey and/or lactose and/or casein and/or caseinates added per 100 kilograms of finished products, and, in particular,
 - the lactose content of the added whey.

e The refund on 100 kilograms of product falling within this subheading is equal to the sum of the following elements:

- (a) the amount per 100 kilograms shown; however, where whey and/or lactose and/or casein and, or caseinates been added to the products, the amount per 100 kilograms shown shall be:
 - multiplied by the weight of the lactic part other than the added whey and/or added lactose and/or added casein and/or added caseinates contained in 100 kilograms of product, and then
 - divided by the weight of the lactic part contained in 100 kilograms of product;
- (b) a component calculated in accordance with the provisions of Article 2 (3 of Regulation (EEC) No 1098/68. When completing customs formalities, the applicant shall state, on the declaration provided for this purpose, whether or not whey and/or lactose and/or casein and/or caseinates have been added, and where this is the case:
 - the actual content by weight of whey and/or lactose and/or casein and/or caseinate added per 100 kilograms of finished product, and, in particular,
 - the lactose content of the added whey.

f No refund shall be paid in respect of exported cheese of which the free-at-frontier price, before application of the refund and the monetary compensatory amount, in the exporting Member State, is less than 140 ECU per 100 kilograms. This limitation to 140 ECU per 100 kilograms does not apply to cheeses falling within subheadings 0406 90 91 and 93.

g In the case of cheeses presented in containers which also contain conserving liquid, in particular brine, the refund is granted on the net weight, the weight of the liquid being deducted.

h When completing customs formalities, the applicant shall state on the declaration provided for this purpose:

- the skimmed-milk-powder content, by weight,
- whether or not whey and/or lactose and or casein and/or caseinates have been added, and where this is the case:
 - the content by weight of the added whey and /or added lactose and/or added casein and/or added caseinates, and
 - the lactose content of the added whey per 100 kilograms of finished product.

i 'Special compound feedingstuffs' are compound feedingstuffs containing skimmed-milk powder and fish meal and/or more than 9 grams of iron and/or more than 1,2 grams of copper in 100 kilograms of product.

j On the export of such products pursuant to Commission Regulation (EEC) No 765/86 (OJ No L 72, 15. 3. 1986, p. 11):

- the amount of the refund shall be that applying on 16 October 1986 in respect of products for which the export licence with advance fixing of the refund was issued before 1 January 1987,
- no refund is to apply in respect of products for which the export licence was issued on or after 1 January 1987.
