

COMMISSION REGULATION (EEC) No 3752/91

of 19 December 1991

re-establishing the levying of customs duties on products falling within CN code 2523, originating in Poland, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3831/90 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3831/90 of 20 December 1990 applying generalized tariff preferences for 1991 in respect of certain industrial products originating in developing countries⁽¹⁾, and in particular Article 9 thereof,

Whereas, pursuant to Article 1 of that Regulation, customs duties on certain products originating in each of the countries or territories listed in Annex III are totally suspended, and the products as such are, as a general rule, subject to statistical surveillance every three months on the reference base referred to in Article 8;

Whereas, as provided for in Article 8, where the increase of preferential imports of these products, originating in one or more beneficiary countries, threatens to cause economic difficulties in a region of the Community, the levying of customs duties may be re-established, once the Commission has had an appropriate exchange of information with the Member States; whereas for this purpose the reference base to be considered is equal, as a general rule, to 6,3 % of the total importations into the Community, originating from third countries in 1988;

Whereas, in the case of products falling within CN code 2523, originating in Poland, the reference base is fixed at ECU 7 464 000; whereas that reference base was reached on 15 May 1991 by charges of imports into the Commu-

nity of the products in question originating in Poland; whereas the exchange of information organized by the Commission has demonstrated that continuance of the preference threatens to cause economic difficulties in a region of the Community; whereas, therefore, customs duties for the products in question must be re-established with regard to Poland,

HAS ADOPTED THIS REGULATION:

Article 1

As from 24 December 1991, the levying of customs duties, suspended pursuant to Council Regulation (EEC) No 3831/90, shall be re-established on imports into the Community of the following products, originating in Poland:

CN code	Description
2523	Portland cement, aluminous cement, slag cement, supersulphate cement and similar hydraulic cements, whether or not coloured or in the form of clinkers

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
