**GENERAL IMPLEMENTING PROVISIONS**

TITLE V

**CUSTOMS VALUE**

CHAPTER 1

**General provisions**

*Article 153*

1 In applying Article 30 (2) (d) of the Code (computed value), the customs authorities may not require or compel any person not resident in the Community to produce for examination, or to allow access to, any account or other record for the purposes of determining this value. However, information supplied by the producer of the goods for the purposes of determining the customs value under this Article may be verified in a non-Community country by the customs authorities of a Member State with the agreement of the producer and provided that such authorities give sufficient advance notice to the authorities of the country in question and the latter do not object to the investigation.

2 The cost or value of materials and fabrication referred to in the first indent of Article 30 (2) (d) of the Code shall include the cost of elements specified in Article 32 (1) (a) (ii) and (iii) of the Code.

It shall also include the value, duly apportioned, of any product or service specified in Article 32 (1) (b) of the Code which has been supplied directly or indirectly by the buyer for use in connection with the production of the imported goods. The value of the elements specified in Article 32 (1) (b) (iv) of the Code which are undertaken in the Community shall be included only to the extent that such elements are charged to the producer.

3 Where information other than that supplied by or on behalf of the producer is used for the purposes of determining a computed value, the customs authorities shall inform the declarant, if the latter so requests, of the source of such information, the data used and the calculations based on such data, subject to Article 15 of the Code.

4 The 'general expenses' referred to in the second indent of Article 30 (2) (d) of the Code, cover the direct and indirect costs of producing and selling the goods for export which are not included under the first indent of Article 30 (2) (d) of the Code.
