ANNEX 2

ANNEX MODEL APPLICATION FOR INWARD PROCESSING AUTHORIZATION

67/B

Notes concerning the application

1. *Name or business name and address:* where the application is submitted on the applicant firm's headed notepaper, Section 1 (a) need not be completed provided this information is shown on the letterhead. Section 1 (b) must be completed where the applicant and the operator are not the same person.

2. *System applied for:* indicate with a cross whichever is applicable, taking into account Article 551.

Changes to legislation: Commission Regulation (EC) No 2193/94 is up to date with all changes known to be in force on or before 04 July 2024. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

2A. *Type of authorization applied for:* place a cross in the appropriate box or boxes.

Where the application is for the renewal or amendment of an existing authorization the holder needs to give the reference particulars of that authorization plus particulars of any changes to be made.

3. *Goods to be processed and grounds for application:*

- (a) trade and/or technical description: the description should be sufficiently clear and detailed to enable a decision to be taken on the application, and in particular to decide in the light of information supplied whether the economic conditions can be considered fulfilled;
- (b) indication of combined nomenclature classification: as this information is purely for indicative purposes, only the four-digit code need be given, unless the eight-digit classification is needed to enable an authorization to be issued and allow the processing operations to be properly administered. The eight-digit code must be given where the equivalent compensation system is to be used;
- (c) estimated quantity: this information need not be entered where the code used to refer to the economic conditions is one of the following: 6201, 6301, 6302, 6303, 7004, 7005, 7006 in so far it is not intended to use the equivalent compensation system;
- (d) estimated value: this information need not be given where the quantity is not required (see (c)). Where a value is stated it should be the customs value of the goods estimated on the basis of known particulars and documents which have been presented;
- (e) and (f) commercial quality and technical characteristics: this information must be given where it is planned to use the equivalent compensation system, with or without prior exportation (see Section 6).

This information is not obligatory if it concerns goods indicated in Annex 78;

- (g) origin: indicate the country of origin;
- (h) economic grounds: using the codes listed in the Annex to the application, indicate why the essential interests of Community producers are not affected.

4. *Compensating products and planned export operation:*

- (a) trade or technical description: complete as 3 (a) for each compensating product obtained;
- (b) indication of combined nomenclature classification: complete as 3 (b) for each compensating product obtained;
- (c) main compensating product: state which of the compensating products is/are the main one(s);
- (d) planned export operation: indicate and justify export opportunities for the compensating products.

5. *Special mode applied for:* place a cross in the appropriate box(es) and give the requisite particulars for each mode.

Where it is planned to use the equivalent compensation system, state the eight-digit CN code, commercial quality and technical characteristics of the equivalent goods to enable the customs

Changes to legislation: Commission Regulation (EC) No 2193/94 is up to date with all changes known to be in force on or before 04 July 2024. authority to make the necessary comparison between import goods and equivalent goods and ascertain other particulars which may be needed if Article 570 (1) is applied.

Where it is planned to use the triangular traffic system or the prior exportation system if the goods are to be entered by a person other than the holder of the authorization, give:

- (1) The name or business name;
- (2) Address of the person authorized to enter the goods for the procedure.
6. *Rate of yield:* indicate the expected rate of yield or suggest how such rate should be established.
7. *Nature of processing operation:* describe the operations to be carried out on the import goods in order to produce the compensating products.
8. *Place where the processing operation is to be carried out:* give the address of the place where the processing operation will be carried out.
9. *Estimated time needed for:*
 - (a) carrying out the processing operations and disposing of the compensating products (period for re-exportation): indicate the average time likely to be needed to process a given batch (expressed e.g. by unit or quantity) of the goods, and indicate the time likely to elapse between completion of the processing operations and export of the compensating products;
 - (b) procurement and transport to the Community of non-Community goods: to be filled in only if it is planned to use the prior exportation system. Indicate the time required for procurement of the import goods and their transport to the Community.
10. *Suggested method of identification:* indicate the most suitable methods of identifying the import goods incorporated in the compensating products (see Article 551 (4)).
11. *Suggested customs offices:* state which of the possible customs offices would be suitable as:
 - (a) supervising customs office: supervision of procedure;
 - (b) customs office of entry for the procedure: acceptance of declarations entering goods for the procedure;
 - (c) customs office of discharge: acceptance of declarations assigning goods to a permitted customs-approved treatment or use.
12. *Special control arrangements:* describe the proposed transfer arrangements for control of the procedure (e.g. use of the commercial records).
13. *Special transfer arrangements:* describe the proposed transfer arrangements, referring where appropriate to the relevant Articles of the Regulation.
14. *Simplified procedures:* state any proposed simplified procedures, referring to the relevant Articles of the Regulation.
15. *Intended duration of authorization:* indicate the period during which it is planned to import goods for processing.
16. *Reference to authorizations issued:*

Footnotes to the authorization

- (¹) To be completed where the holder of the authorization and the operator are not the same.
- (²) Place a cross in the appropriate box.
- (³) Particulars to be supplied as necessary to enable customs offices to check on use of the authorization, with particular reference to approved or expected rates of yield and having regard in respect of quantity and value to the economic conditions cited. Quantity and value may be stated by reference to imports over a given period. Where reference is made to compensating products, distinguish between main and secondary compensating products.
The information concerning commercial quality and technical characteristics are not obligatory if it concerns goods indicated in Annex 78.
- (⁴) Place a cross in the appropriate box(es) and give the requisite particulars.
The information concerning commercial quality and technical characteristics are not obligatory if it concerns goods indicated in Annex 78.
- (⁵) Indicate the rate of yield or the means by which the supervising customs office is to establish such rate. Where the yield is that shown in the stock records of the holder of the authorization, enter "inward processing records".
- (⁶) This refers to the time required to carry out the inward processing operations in respect of a given quantity of import goods and dispose of the compensating products.
- (⁷) To be completed if the prior exportation system is to be used.
- (⁸) Describe the special arrangements approved for supervision of the procedure, e.g. administrative cooperation, use of information sheets or other documents, routing of copies, etc.
- (⁹) Describe the transfer arrangements approved, referring where appropriate to the relevant Articles of the Regulation.
- (¹⁰) State any simplified procedures used, referring to the relevant Articles of the Regulation.
- (¹¹) Where the conditions justify the granting of an authorization for a period exceeding two years, the duration (or the words "unlimited duration"), to be entered in section 15, should be accompanied by the review clause provided for in section 16.
- (¹²) The review of the economic conditions must take place within two years of the date of issue of the authorization.
