

COMMISSION REGULATION (EC) No 1846/96
of 25 September 1996
amending Regulation (EC) No 716/96 adopting exceptional support measures for
the beef market in the United Kingdom

THE COMMISSION OF THE EUROPEAN COMMUNITIES,
Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal ⁽¹⁾, as last amended by Regulation (EC) No 1588/96 ⁽²⁾, and in particular Article 23 thereof,

Whereas Commission Regulation (EC) No 716/96 ⁽³⁾, as last amended by Regulation (EC) No 1512/96 ⁽⁴⁾, provides for exceptional support measures for the beef market in the United Kingdom, providing, in particular, for compensation for animals slaughtered under the scheme laid down in that Regulation; whereas the Community pays part of the cost for each animal purchased and destroyed; whereas, for technical reasons, there are very long delays between the rendering and the destruction of the animals; whereas the United Kingdom should therefore be paid in advance of 80 % after the animals concerned have been rendered;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

The following is added to the third subparagraph of Article 2(1) of Regulation (EC) No 716/96:

‘An advance equal to 80 % of the Community contribution shall be paid after the animal concerned has been rendered in accordance with Article 1 (2).’

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
