The operations must progressively take over from humanitarian action and pave the way for the resumption of medium-term and long-term development aid. They must in particular permit refugees, displaced persons and demobilized troops to return home and must help the entire population to resume normal civilian life in their countries and regions of origin.

2. The countries to benefit from this Regulation shall be the African, Caribbean and Pacific countries, the Mediterranean countries, the countries of Latin America and Asia and the developing countries of the Caucasus and Central Asia.

2. The priorities for operations under this Regulation shall be: the relaunch of production on a lasting basis, the physical and operational rehabilitation of basic infrastructure, including mine clearance, social reintegration, in particular of refugees, displaced persons and demobilized troops, and the restoration of the institutional capacities needed in the rehabilitation period, especially at local level.
