COMMISSION REGULATION (EC) No 2449/96
of 18 December 1996

opening and providing for the administration of certain annual tariff quotas for products covered by CN codes 0714 10 91, 0714 10 99, 0714 90 11 and 0714 90 19 originating in certain third countries other than Thailand

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1095/96 of 18 June 1996 on the implementation of the concessions set out in Schedule CXL drawn up in the wake of the conclusion of the GATT XXIV.6 negotiations ⁽¹⁾, and in particular Article 1 (1) thereof,

Whereas the Community has undertaken, within the framework of the World Trade Organization (WTO), to open certain annual tariff quotas for products covered by CN codes 0714 10 91, 0714 10 99, 0714 90 11 and 0714 90 19 originating in Indonesia, in other contracting parties to the WTO other than Thailand, in the People's Republic of China and in certain other countries not members of the WTO other than China; whereas under those quotas the customs duty is limited to 6 % *ad valorem*; whereas those quotas are to be opened on a multiannual basis and administered by the Commission;

Whereas it is necessary to maintain a system of administration which ensures that only products originating in the Republic of Indonesia and the People's Republic of China can be imported under the quotas allocated to those countries; whereas, as a result, the issue of import licences should continue to be subject to the presentation of export licences issued by the authorities of those two countries, specimens of which have been sent to the Commission; whereas, as regards products originating in Vietnam, in accordance with the practice followed for several years, import licence applications are subject, in addition to other provisions, to presentation of a certificate issued on the initiative of the exporting country;

Whereas, since imports of the products concerned into the Community have traditionally been administered on a calendar-year basis, that system should be maintained;

Whereas imports of products covered by CN codes 0714 10 91, 0714 10 99, 0714 90 11 and 0714 90 19 are subject to presentation of an import licence for which common detailed rules of application are laid down in Commission Regulation (EEC) No 3719/88 ⁽²⁾, as last amended by Regulation (EC) No 2350/96 ⁽³⁾; whereas Commission Regulation (EC) No 1162/95 ⁽⁴⁾, as last amended by Regulation (EC) No 1527/96 ⁽⁵⁾, lays down special detailed rules for the application of the system of licences for cereals and rice;

Whereas the usual additional rules for the management of such quotas, relating in particular to the submission of applications, issue of licences, and monitoring of imports should be applied;

Whereas, in particular, the origin of the products should be ascertained by providing that the issue of import licences be subject to the presentation of certificates of origin issued by the countries concerned; whereas, however, certificates of origin should not be required for products originating in the People's Republic of China;

Whereas, for the sake of sound management of the import arrangements in question, applications for licences may not cover a quantity in excess of that entered on the document certifying loading and shipment to the Community; whereas a maximum quantity per application should also be laid down in certain cases, and it should be stipulated that in no case may applications cover a quantity greater than that for which the aforementioned proof is provided;

Whereas, in cases where the quantities actually unloaded are slightly in excess of the quantities given in the import licences, measures to ensure the release for free circulation of the surplus quantities should be adopted if the country of origin of the products is able to guarantee that the formalities needed for this purpose can be executed; whereas Indonesia and China appear able to meet this condition;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

TITLE I

In the case of products originating in Indonesia, once it has been verified that the quantities actually unloaded for a given consignment are in excess of those covered by the import licence(s) issued for that consignment, the competent authorities which issued the licence(s) concerned shall, at the request of the importer, notify the Commission by telex or fax as quickly as possible, on a case-by-case basis, of the Indonesian export licence number(s), the import licence number(s), the excess quantity and the name of the vessel.

The Commission shall contact the Indonesian authorities with a view to the issue of new export licences. Once the supplementary import licence has been processed and stamped by the competent authority when the security is released, the licence shall be returned to the issuing authority as soon as possible.
