THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 729/70 of 21 April 1970 on the financing of the common agricultural policy ⁽¹⁾, as last amended by Regulation (EC) No 1287/95 ⁽²⁾, and in particular Articles 4 and 5 thereof,

Having regard to Council Decision 94/729/EC of 31 October 1994 on budgetary discipline ⁽³⁾, and in particular Article 13 thereof,

Whereas Article 4 (5) of Regulation (EEC) No 729/70 stipulates that the Member States must themselves mobilize the funds to cover the expenditure of the Guarantee Section of the European Agricultural Guidance and Guarantee Fund, hereafter referred to as the 'EAGGF Guarantee Section'; whereas under the same Regulation, the Commission grants only monthly advances against booking of the expenditure effected by the Member States;

Whereas, with a view to ensuring the proper management of the appropriations entered in the budget of the Communities for the EAGGF Guarantee Section, each paying agency must keep accounts relating exclusively to expenditure to be financed by the EAGGF Guarantee Section;

Whereas the transmission by the Member States to the Commission of all data relating to the expenditure to be financed by the EAGGF Guarantee Section must be organized; whereas, in this respect, it is appropriate to recognize that the communication of data relating to quantities should benefit from a certain margin of imprecision which may be explained, among other things, by administrative difficulties linked to their establishment; whereas, this applies also to the estimates of expenditure which, while they must be reliable, are by their nature of an approximative character; whereas, furthermore, it is inappropriate to request the communication of data relating to recoveries where this would constitute a heavy administrative burden;

Whereas the common agricultural regulations include deadlines for payment of aids to beneficiaries by Member States; whereas all payments effected after those deadlines, and for which the delay in payment is unjustified, must be regarded as ineligible, and therefore cannot, in principle be the subject of an advance on the booking of expenditure; whereas, however, in order to modulate the financial impact in proportion to the delay incurred in payment, the reduction in the advances should be graduated as a function of the size of the delay recorded;

Whereas, where Member States fail to meet the deadlines agreed for the notification of data relating to expenditure or to ensure the consistency of such data, the Commission may, pursuant to Article 13 of Decision 94/729/EC defer accordingly the payment of the advances against booking;

Whereas Article 4 of Council Regulation (EEC) No 1883/78 of 2 August 1978 on general rules on the financing of EAGGF Guarantee Section intervention⁽¹⁾, as last amended by Regulation (EC) No 1571/93⁽²⁾, stipulates that where an intervention measure entails buying-in and storage of products, the amount financed is to be determined by the annual accounts established by the intervention agencies; whereas Council Regulation (EEC) No 3492/9⁽³⁾ laid down rules and conditions governing these accounts; whereas the procedures according to which the financing of such measures fits into the system of advances against booking should be made clear;

Whereas the last subparagraph of Article 5 (2) (a) of Regulation (EEC) No 729/70 stipulates that expenditure for October is related to October if made between 1 and 15 October and to November if made from 16 to 31 October; whereas it is preferable to avoid the division of the accounts provided for in Article 4 of Regulation (EEC) No 1883/78, in view of their complexity; whereas, accordingly, it should be stipulated that expenditure deriving from September operations is to be treated in the accounts by the paying agencies on the basis of 50% in respect of the first 15 days of October, and the rest, including any adjustments or corrections, in respect of the last 16 days of October;

Whereas Article 5a of Regulation (EEC) No 729/70 authorizes remuneration of the funds mobilized by certain Member States; whereas procedures for declaration by these Member States of interest chargeable to the Community should be laid down;

Whereas the concept of expenditure to be declared monthly by the paying agencies should be properly defined;

Whereas a uniform presentation of documents to be sent in by the Member States is needed; whereas in view of the need for frequent adaptation of such documents to changes in management requirements, the Commission must be in a position to adopt and adapt without delay, under a simplified procedure, the forms to be used;

Whereas in order to facilitate the application of the provisions in this matter it is advisable to replace Commission Regulation (EEC) No 2776/88⁽⁴⁾, as last amended by Regulation (EEC) No 775/90⁽⁵⁾, with a new Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Committee of the European Agricultural Guidance and Guarantee Fund (EAGGF),

HAS ADOPTED THIS REGULATION:

Article 1

1. After approval of the advances, in accordance with the last subparagraph of Article 5 (2) (a) of Regulation (EEC) No 729/70, the Commission shall place at the disposal of the Member States, within the framework of the budget appropriations, the funds needed to cover expenditure to be financed by the EAGGF Guarantee Section, on an account opened for that purpose by each Member State with its Treasury or any other financial institution.

2. The name and number of this account shall be notified by each Member State to the Commission.

▼B*Article 2*

1. Each paying agency shall keep accounts covering only the use of the funds made available to it to defray the expenditure referred to in Article 1 (2) of Regulation (EEC) No 729/70.

▼M5

2. Amounts withheld from the aid payments referred to in Articles 3 and 4 of Regulation (EC) No 1259/1999 must be credited to a special account opened for each paying agency or to a special single account opened by each Member State.

The book keeping must allow identification of the origin of the credit in relation to the payment to the beneficiary of the aid in question.

3. The Member States may redistribute the amounts so collected to other paying agencies, with a view to their utilisation. These amounts shall be credited to the paying agency's account as referred to in paragraph 2 or, where applicable, to a separate account intended exclusively for financing the additional Community support referred to in Article 5(2) of Regulation (EC) No 1259/1999.

4. Where interest is earned by the unused funds, it shall be added to the balance available at the end of each financial year. This interest shall be used by the Member States to finance the additional Community support referred to in Article 5(2) of Regulation (EC) No 1259/1999, or it shall be deducted from the advances in accordance with Article 6 of this Regulation.

5. The paying agencies must keep accounts of expenditure on the measures provided for in Article 5(2) of Regulation (EC) No 1259/1999 that are separate from the accounts of other expenditure on rural development. The accounts must distinguish in respect of each payment between the national funding and the funding resulting from the application of Articles 3 and 4 of Regulation (EC) No 1259/1999.

▼B*Article 3*

1. Not later than the second working day of each week, the Member States shall notify the Commission by ►**M1** fax or electronically ◀ of the total expenditure effected from the beginning of the month until the end of the preceding week.

Two notifications shall be made where the week runs over two months.

2. The final notification of each month shall include, in addition to details of expenditure, any information explaining any substantial difference between the estimates drawn up pursuant to paragraph 5 and expenditure actually incurred.

3. For the 10th day of each month, the Member States shall communicate to the Commission, by ►**M1** fax or electronically ◀, details of the total amount of expenditure effected during the preceding month.

However, the communication in relation to the expenditure effected between 1 and 15 October must be notified for the 25th day of the same month at the latest.

4. The notification referred to in paragraph 3 shall include a breakdown by chapters of the nomenclature of the budget of the European Communities.

However, where budgetary monitoring is subject to exceptional conditions, the Commission may request a more detailed breakdown.

5. For the 20th day of each month, the Member States shall transmit to the Commission, electronically and in two paper copies, a set of documents permitting the booking to the Community budget of expenditure effected during the preceding month.

However, the set of documents permitting the booking of expenditure effected between 1 and 15 October is to be submitted by 10 November, at the latest.

▼M7

- (d) the accounts evidencing expenditure relating to public storage referred to in Article 4(1) of Regulation (EEC) No 1883/78.

▼M3

- 6a. Twice a year, when presenting the documents as referred to in paragraph 5 for the booking against the Community budget of expenditure incurred, in May and November for the table referred to under point (a) and, in April and October for the tables referred to under point (b), Member States shall enclose:

 - (b) tables showing the situation, at the end of April and at the end of the financial year, of amounts withheld pursuant to Articles 3 and 4 of Regulation (EC) No 1259/1999 and the use made of those amounts in accordance with Article 5(2) of that Regulation.

▼B

7. Expenditure for October shall be related to October if effected from 1 to 15 October and to November if effected from 16 to 31 October.

▼M2

- (b) However, if the paying agency of a non-participating Member State is capable of converting into national currency the amounts paid to beneficiaries in euro at the exchange rate applied on the day of payment, the complete accounts of that paying agency may be maintained in national currency.
- Recoveries, where arising, of amounts paid in euro must correspond to the national currency booked on the day of payment.
10. If, in accordance with paragraphs 8 and 9, the paying agencies of a Member State may choose between the euro, units of national currency and the national currency for their accounts, it is not obligatory that they all adopt the same choice.
11. The communications referred to in Article 3 shall be established in the currency or currencies in which the accounts are maintained.

▼B*Article 4*

1. On the basis of data sent in accordance with Article 3, the Commission shall adopt decisions and make the monthly advances against booking of expenditure, without prejudice to the provisions ►**M6** Article 14 of Regulation (EC) No 2040/2000 ◀.

▼B

2. Advances against booking shall be reduced for expenditure effected after the deadlines laid down as follows:
- (a) where expenditure effected after the deadlines is equal to 4 % or less of the expenditure effected before the deadlines, no reduction shall be made, irrespective of the number of months' delay,
- (b) above the threshold of 4 %, all further expenditure effected with a delay of up to:

▼B

However, the Commission will apply a different time scale and/or lower reductions or none at all, if exceptional management conditions are encountered for certain measures, or if well-founded justifications are introduced by the Member States.

The reductions referred to in this Article shall be made in accordance with the rules laid down in ►**M6** Article 14 of Regulation (EC) No 2040/2000 ◀.

▼M6

3. Checks on compliance with the deadlines for the purposes of the payment of advances against booking of expenditure shall be made twice each financial year:

5. The Commission, having informed the Member States concerned, may defer payment of the advances to the Member States as provided for in Article 5 (2) (a) of Regulation (EEC) No 729/70 where the notifications referred to in Article 3 arrive late or contain discrepancies which necessitate supplementary verification.

▼M7

6. Where the documents referred to in Article 37(1) of Commission Regulation (EC) No 1750/1999⁽¹⁾ are not received by 30 September each year, the Commission may, after notifying the Member State concerned, suspend payment of the advance relating to expenditure incurred in accordance with that Regulation.

Where those documents are received from 1 to 15 October, payment of the advance relating to expenditure incurred in accordance with Regulation (EC) No 1750/1999 for the month of September may be deferred by the same number of days as the documents are received late.

Where those documents are received after 15 October, payment of the advances relating to expenditure incurred in accordance with Regulation (EC) No 1750/1999 for the month of September shall be suspended until the advance relating to the expenditure of the month of October.
