**on detailed rules to implement Council Regulation (EC) No 1221/97 laying down general rules for the application of measures to improve the production and marketing of honey**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1221/97 of 25 June 1997 laying down general rules for the application of measures to improve the production and marketing of honey <sup>(1)</sup>, and in particular Article 5 thereof,

Whereas Regulation (EC) No 1221/97 lays down measures for the purpose of improving the conditions under which honey is produced and marketed in the Community; whereas Article 1 of that Regulation states that Member States may establish national programmes; whereas it is necessary to specify the basic elements that these programmes are required to contain and the time limit for their transmission to the Commission;

Whereas the Community's financial contribution to national programmes should be restricted, by reference to each Member State's share of the total number of hives in the Community;

Whereas the Member States are to monitor programmes implemented pursuant to this Regulation; whereas those monitoring measures are to be notified to the Commission;

Whereas, although measures included in operational programmes under Objectives 1, 5 (b) and 6 cannot be financed pursuant to this Regulation, a list of such measures should also be notified to the Commission;

Whereas common criteria should be laid down to ensure that the studies referred to in Article 2 of Regulation (EC) No 1221/97 are carried out in a consistent fashion;

Whereas rules should be adopted for setting the agricultural conversion rates to be applied to the financing of national programmes;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Poultrymeat and Eggs,
