COUNCIL REGULATION (EC) No 1434/98

of 29 June 1998

specifying conditions under which herring may be landed for industrial purposes other than direct human consumption

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community and, in particular, Article 43 thereof,

Having regard to the proposal from the Commission ⁽¹⁾,

Having regard to the opinion of the European Parliament ⁽²⁾,

Whereas Council Regulation (EEC) No 2115/77 of 27 September 1977 prohibiting the direct fishing and landing of herring for industrial purposes other than human consumption ⁽³⁾ is founded upon a situation of over-exploitation which no longer exists in many geographical areas;

Whereas stocks of herring in the Baltic Sea, the Belts and the Sound are currently not threatened; whereas improved economical utilisation of these stocks allows them to be fished for purposes other than direct human consumption; whereas restriction on the industrial purpose for which landings from these stocks are made is not required;

Whereas industrial fishing for herring in the Baltic Sea may induce significant by-catches of young cod; whereas therefore such fishing should not be permitted in areas where young cod are abundant;

Whereas the state of the stock of herring in the North Sea, Skagerrak and Kattegat gives rise to serious concern;

Whereas for other stocks of herring in the North-East Atlantic, current fishing practice i.e. fishing for human consumption, gives rise to sufficiently high rates of exploitation; whereas, therefore, changes in the fishing practice for these stocks is undesirable;

Whereas the level of by-catches of herring should be limited in industrial fisheries targeted at other species; whereas by-catches taken under such limitations may be used for industrial purposes;

Whereas Council Regulation (EEC) No 2847/93 of 12 October 1993 establishing a control system applicable to the common fisheries policy ⁽⁴⁾ provides for satellite monitoring of vessels engaged in fishing for industrial purposes from 1 July 1998 onwards;

Whereas Council Regulation (EC) No 88/98 of 18 December 1997 laying down certain technical measures for the conservation of fishery resources in the waters of the Baltic Sea, the Belts and the Sound ⁽⁵⁾ stipulates conditions for fishing for herring in these waters;

Whereas Council Regulation (EC) No 894/97 of 29 April 1997 laying down certain technical measures for the conservation of fishery resources ⁽⁶⁾ stipulates conditions for retention on board and landing of herring caught in Regions 1 and 2 with fishing gears currently used for fishing for industrial purposes other than human consumption,

⁽¹⁾ OJ C 25, 24. 1. 1998, p. 19.

⁽²⁾ Opinion delivered on 19 June 1998 (not yet published in the Official Journal).

⁽³⁾ OJ L 247, 28. 9. 1977, p. 2.

⁽⁴⁾ OJ L 261, 20. 10. 1993, p. 1. Regulation as last amended by Regulation (EC) No 2205/97 (OJ L 304, 7. 11. 1997, p. 1.)

⁽⁵⁾ OJ L 9, 15. 1. 1998, p. 1.

⁽⁶⁾ OJ L 132, 23. 5. 1997, p. 1.

HAS ADOPTED THIS REGULATION:

Article 1

1. For the purposes of this Regulation, the following definitions of waters shall apply:

Region 1:

All waters which lie to the north and west of a line running from a point at latitude 48° N, longitude 18° W, thence due north to latitude 60° N, thence due east to longitude 5° W, thence due north to latitude 60° 30' N, thence due east to longitude 4° W, thence due north to latitude 64° N, thence due east to the coast of Norway.

Region 2:

All waters situated north of latitude 48° N, but excluding the waters in Region 1 and ICES Divisions IIIb, IIIc and III d.

Region 3:

All waters corresponding to ICES Sub-areas VIII and IX.

▼M1**▼B***Article 2*

1. Herring caught when fishing:

- in Regions 1 and 2 with nets of minimum mesh size less than 32 mm or,
- in Region 3 with nets of minimum mesh size less than 40 mm,

may not be retained on board unless such catches:

- (i) are taken within ICES Sub-area IV, consist of a mixture of herring and other species, are not sorted and the herring does not exceed 20 % by weight of the total combined weight of herring and other species caught by such gears and retained on board or;
- (ii) are taken within ICES Division IIIa, consist of a mixture only of sprat and herring, are not sorted and the herring does not exceed 10 % by weight of the total combined weight of herring and sprat caught by such gears and retained on board or;
- (iii) are taken within ICES Division IIIa, consist of a mixture of herring and other species whether or not including sprat, are not sorted and the herring does not exceed 5 % by weight of the total combined weight of the herring and other species caught by such gears and retained on board or;
- (iv) are taken outside ICES Sub-area IV or ICES Division IIIa, consist of a mixture of herring and other species, are not sorted and the herring does not exceed 10 % by weight of the total combined weight of herring and other species caught by such gears and retained on board.

▼M1**▼B***Article 3***▼M1**

1. Catches of herring taken:

- in Regions 1 and 2 with towed nets of minimum mesh size equal to or greater than 32 mm, or
- in Region 3 with towed nets of minimum mesh size equal to or greater than 40 mm, or

▼M1

— in Regions 1, 2 or 3 with any fishing gear other than towed nets, shall not be landed for purposes other than direct human consumption unless they are first offered for sale for direct human consumption and fail to find a buyer.

2. However, any herring caught with any fishing gear within the conditions specified in Article 2 may be landed for purposes other than direct human consumption.

▼B*Article 4*

Not later than 31 December 2002 the Council shall decide, on the basis of a Report and Proposal from the Commission, on any necessary adjustments to this Regulation.

Article 5

Regulation (EEC) No 2115/77 is hereby repealed.

Article 6

This Regulation shall enter into force on the seventh day following that of its publication in the *Official Journal of the European Communities*.

It shall apply from 1 January 1999.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
