

**COMMISSION REGULATION (EC) No 1000/2000  
of 12 May 2000**

**fixing the export refunds on beef and veal and amending Regulations (EEC) No 3846/87  
establishing an agricultural product nomenclature for export refunds and (EC) No 1445/95 on  
rules of application for import and export licences in the beef and veal sector**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

other prepared or preserved meat or offal listed in Annex I under CN code 1602 50 10.

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1254/1999 of 17 May 1999 on the common organisation of the market in beef and veal <sup>(1)</sup>, as amended by Commission Regulation (EC) No 907/2000 <sup>(2)</sup> and in particular Article 33(12) thereof,

Whereas:

(1) Article 33 of Regulation (EC) No 1254/1999 provides that the difference between prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund.

(2) Commission Regulation (EEC) No 32/82 <sup>(3)</sup>, as last amended by Regulation (EC) No 744/2000 <sup>(4)</sup>, Regulation (EEC) No 1964/82 <sup>(5)</sup>, as last amended by Regulation (EC) No 1452/1999 <sup>(6)</sup>, and Regulation (EEC) No 2388/84 <sup>(7)</sup>, as last amended by Regulation (EEC) No 3661/92 <sup>(8)</sup>, lay down the conditions for granting special export refunds on certain cuts of beef and veal and certain preserved beef and veal products.

(3) It follows from applying those rules and criteria to the foreseeable situation on the market in beef and veal that the refund should be as set out below.

(4) Given the current market situation in the Community and the possibilities of disposal in certain third countries in particular, export refunds should be granted, on the one hand, on bovine animals intended for slaughter of a live weight greater than 220 kilograms and less than 300 kilograms, and, on the other on adult bovine animals of a live weight of at least 300 kilograms.

(5) Export refunds should be granted for certain destinations on some fresh or chilled meat listed in the Annex I under CN code 0201, on some frozen meat listed in Annex I under CN code 0202, on some meat or offal listed in Annex I under CN code 0206 and on some

(6) In view of the wide differences in products covered by CN codes 0201 20 90 9700 and 0202 20 90 9100 used for refund purposes, refunds should be granted only on cuts in which the weight of bone does not exceed one third.

(7) In the case of meat of bovine animals, boned or boneless, salted and dried, there are traditional trade flows to Switzerland. To allow this trade to continue, the refund should be set to cover the difference between prices on the Swiss market and export prices in the Member States.

(8) In the case of certain other cuts and preserves of meat or offal shown in Annex I under CN codes 1602 50 31 to 1602 50 80, the Community share of international trade may be maintained by granting a refund corresponding to that at present available.

(9) In the case of other beef and veal products, a refund need not be fixed since the Community's share of world trade is not significant.

(10) Commission Regulation (EEC) No 3846/87 <sup>(9)</sup>, as last amended by Regulation (EC) No 2765/1999 <sup>(10)</sup>, establishes the agricultural product nomenclature for the purposes of export refunds.

(11) In order to simplify customs export formalities for operators, the refunds on all frozen cuts should be brought into line with those on fresh or chilled cuts other than those from adult male bovine animals.

(12) Checks on products covered by CN code 1602 50 should be stepped up by making the granting of refunds on these products conditional on manufacture under the arrangements provided for in Article 4 of Council Regulation (EEC) No 565/80 of 4 March 1980 on the advance payment of export refunds in respect of agricultural products <sup>(11)</sup>, as amended by Regulation (EEC) No 2026/83 <sup>(12)</sup>.

- (13) Refunds on female animals should vary depending on their age in order to prevent abuses in the export of certain pure-bred breeding animals.
- (14) Opportunities exist for the export to certain third countries of heifers other than those intended for slaughter, but to prevent any abuse control criteria should be laid down to ensure that these animals are not more than 36 months old.
- (15) Notwithstanding the subdivision of the Combined Nomenclature for prepared and preserved meat falling within CN code 1602 50, experience has shown that it is possible to delete from the refund nomenclature several products covered by that code.
- (16) Following introduction at the beginning of January 1998 of a new specific refund on boneless forequarter cuts from male adult bovine animals, experience has shown the desirability of totally withdrawing the product codes for refunds on certain other boneless meat with a lean meat content of at least 55 %. Section 5 of the Annex to Regulation (EEC) No 3846/87 and Annex III to Commission Regulation (EC) No 1445/95 of 26 June 1995 on rules of application for import and export licences in the beef and veal sector <sup>(1)</sup>, as last amended by Regulation (EC) No 2648/98 <sup>(2)</sup>, should therefore be amended accordingly.
- (17) The Management Committee for Beef and Veal has not delivered an opinion within the time limit set by its chairman,
