

Commission Regulation (EC) No 599/2004 of 30 March 2004 concerning the adoption of a harmonised model certificate and inspection report linked to intra-Community trade in animals and products of animal origin (Text with EEA relevance)

Commission Regulation (EC) No 599/2004
of 30 March 2004

concerning the adoption of a harmonised model certificate and inspection report linked to intra-Community trade in animals and products of animal origin

(Text with EEA relevance)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary and zootechnical checks applicable in intra-Community trade in certain live animals and products with a view to the completion of the internal market⁽¹⁾, and in particular Article 20(3) thereof,

Having regard to Council Directive 89/662/EEC of 11 December 1989 concerning veterinary checks in intra-Community trade with a view to the completion of the internal market⁽²⁾, and in particular Article 16(3) thereof,

Having regard to Council Directive 91/628/EC of 19 November 1991 on the protection of animals during transport and amending Directives 90/425/EEC and 91/496/EEC⁽³⁾, and in particular Article 15 thereof,

Having regard to Council Decision 92/438/EEC of 13 July 1992 on computerisation of veterinary import procedures (Shift project), amending Directives 90/675/EEC, 91/496/EEC, 91/628/EEC and Decision 90/424/EEC, and repealing Decision 88/192/EEC⁽⁴⁾, and in particular Article 12 thereof,

Whereas:

- (1) Harmonisation of the presentation of the health certificates required in intra-Community trade is vital to the introduction of the Traces system, as provided for in Commission Decision 2003/623/EC concerning the development of an integrated computerised veterinary system known as Traces⁽⁵⁾, so that the data gathered can be properly managed and processed in order to improve health safety in the Community.
- (2) The introduction of a harmonised model to collect the results of inspections carried out under Directives 89/662/EEC, 91/628/EEC and 90/425/EEC is necessary so that data can be processed by electronic means, and constitutes the basis of a standardised presentation of results, as required by those Directives.
- (3) The presentation of the models of documents required by Community legislation in the following acts must be harmonised:

- (4) The exchanges of information between competent authorities provided for in Regulation (EC) No 1774/2002 of the European Parliament and of the Council of 3 October 2002 laying down health rules concerning animal by-products not intended for human consumption⁽²⁸⁾ should also be harmonised as regards the dispatch of animal by-products and processed products.
- (5) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS REGULATION:

Article 1

The various health certificates required in the context of intra-Community trade, with the exception of health certificates for registered equidae, shall be presented on the basis of the harmonised model annexed hereto.

These model certificates comprise:

- 1 a standardised part I, "details of the consignment",
- 2 part II, "certification", designed to show the requirements under the legislation specific to each species, type of production and type of product, and
- 3 a standardised part III, "checks", recording the results of the inspections carried out in accordance with the rules in force.

Changes to legislation: There are outstanding changes not yet made to Commission Regulation (EC) No 599/2004. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

Article 2

This Regulation shall enter into force on 31 December 2004.

However, the Member States which so wish may use this presentation of certificates from 1 April 2004 onwards in the context of the Traces system.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 30 March 2004.

Notes for guidance on the intra-Community certificate

General: Please complete the certificate in capitals. To confirm an option, tick the box or mark with a cross (X).

“ISO codes” means the international standard two-letter code for a country.

Principles:

This certificate relates to intra-Community trade in all animals and products referred to in Council Directive 90/425/EEC, all products of animal origin referred to in Council Directive 89/662/EEC for which a health certificate is required, and all animal by-products referred to in Regulation (EC) No 1774/2002 of the European Parliament and of the Council for which the rules require prior notification.

This certificate is valid for ten days from the date of the health inspection carried out in the Member State of origin.

The certificate is valid for only one species or one type of product at a time.

The signature and the stamp must be in a colour different to that of the printing.

The original of this certificate must accompany the consignment to the final destination.

The holding or establishment must keep the original or a copy of the certificate for at least three years.

Certificates may be drawn up only for animals which are to be transported in the same railway wagon, truck/lorry, aircraft or boat/ship, which originate from the same holding and which are being sent to the same consignee. The same applies to products.

The certificate must be issued within 24 hours of the departure of the consignment.

Part 1 This part may be completed by the consignor or the dealer, or by an official veterinarian or an official inspector in the case of aquaculture animals

Box 1.1. Consignor: give the name and address of the natural or legal person dispatching the consignment.

Box 1.2. The certificate reference number is a unique reference number given by the Traces system.

Box 1.2.a. The local reference number is a number which the competent authority may give in accordance with its own classification.

Box 1.3. Competent central authority: name and number of the competent central authority in the country of origin as published in the Official Journal.

Box 1.4. Competent local authority: name and number of the competent local authority in the country of origin as published in the Official Journal.

Box 1.5. Consignee: Indicate the name and address of the natural or legal person responsible for receiving the consignment in the country of destination.

Box 1.6. Number(s) of related original certificates: concerns only those animals passing through an assembly centre (bovine, porcine, ovine and caprine animals and equidae): give the reference number of each certificate constituting the new consignment.

Accompanying documents: concerns only those equidae and animals listed in the Washington Convention on protected species and products thereof.

For equidae and animals listed in the Washington Convention on protected species give the passport or CITES permit number.

For products and by-products give the commercial document number.

Changes to legislation: *There are outstanding changes not yet made to Commission Regulation (EC) No 599/2004. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes*

- Box I.7. Dealer: concerns only consignments of bovine, porcine, ovine or caprine animals: give the official registration number and name of the approved dealer.
- Box I.8. Country of origin: give the name of the country from which the animals or products originate.
- Box I.9. Region of origin: concerns only bovine and porcine animals and aquaculture animals in the context of regionalisation measures.
- For bovine and porcine animals: indicate the administrative regions.
- For aquaculture animals: indicate the approved zones and coastal zones.

Part 2. This part may only be completed by an official veterinarian or an official inspector in the case of aquaculture animals

- Box II. Health information: please complete this part in accordance with the relevant rules.
- Box II.a. Reference number: cf. box I.2.
- Box II.b. Local reference number: cf. box I.2.a.

Part 3 Checks: this part must be completed by an official veterinarian or an official inspector when carrying out the destination check or during transport for animals and during dispatch of products concerned by Regulation (EC) No 1774/2002

- Box III.1. Date of inspection:
- Box III.2. Certificate reference number: cf. box I.2.
- Box III.3. Documentary check: This also includes checking compliance with Community standards and the additional guarantees for some Member States and, as regards species not listed in Annex A to Directive 90/425/EEC, this includes compliance with national requirements regardless of the final destination. Non-compliance with an additional guarantee requirement or with a national requirement means that the consignment is not satisfactory.
- Box III.4. Identity check: compare the consignment with the certificate and the accompanying documents.
- Box III.5. Physical check: these refer to the results of the clinical examination undertaken, mortality and morbidity in the consignment. State the number of animals checked.
- Box III.6. Laboratory tests:
- Tested for: state the category of substance or pathogen for which an investigation procedure is undertaken.
- "Based on suspicions" includes cases where animals are suspected of having a disease or show signs of disease or are tested under safeguard clauses in force.
- Box III.7. Welfare check: describe the transport conditions and the welfare status of the animals on arrival.
- Box III.8. Infringement of welfare legislation: please complete one or more boxes depending on the nature of the infringement(s).

Changes to legislation: There are outstanding changes not yet made to Commission Regulation (EC) No 599/2004. Any changes that have already been made to the legislation appear in the content and are referenced with annotations. (See end of Document for details) [View outstanding changes](#)

- Box III.9. Infringement of health legislation: complete the appropriate box depending on the nature of the infringement.
- III.9.1. Absence of certificate: when a consignment is travelling with no certification or prior notification.
- III.9.2. Mis-match with documents: signifies that the elements making up the consignment do not correspond to the certification.
- III.9.3. Non-authorised country: when a safeguard measure affects the country for the species under consideration.
- III.9.5. Prohibited species: animals of a non-standard species banned in a Member State or animals of a species protected under the Washington Convention infringing the relevant rules.
- III.9.12 Address invalid: when the address given does not exist or does not correspond to the species or product concerned or the consignment never arrived at the given address.
- Box III.10. Impact of the transport on animals: concerns animals only: state how many animals have died, how many are unfit to travel and how many females gave birth or miscarried during transport. In the case of animals consigned in large numbers (day-old chicks, fish, molluscs, etc.) give an estimate of the number of dead or unfit animals as appropriate.
- Box III.11. Corrective action: indicate any decisions taken to put an end to the infringement in accordance with Directives 91/628/EEC, 90/425/EEC or 89/662/EEC.
- III.11.1. Delayed departure: delay the transport to ensure animals are fit for departure.
- III.11.2. Transfer procedure: transfer the animals from a means of transport which does not meet the requirements to one that does.
- Box III.12. Follow-up of quarantine: concerns animals only: slaughter or release of animals depending on the results of examinations.
- Box III.13. Place of inspection.
- Box III.14. Signature of official veterinarian or inspector: state which local veterinary unit the signatory is attached to.
