Commission Regulation (EC) No 794/2004 of 21 April 2004 implementing Council Regulation (EU) 2015/1589 laying down detailed rules for the application of Article 108 of the Treaty on the Functioning of the European Union

### [F1COMMISSION REGULATION (EC) No 794/2004

### of 21 April 2004

implementing Council Regulation (EU) 2015/1589 laying down detailed rules for the application of Article 108 of the Treaty on the Functioning of the European Union

### THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 659/1999 of 22 March 1999 laying down detailed rules for the application of Article 93 of the EC Treaty<sup>(1)</sup>, and in particular Article 27 thereof,

After consulting the Advisory Committee on State Aid,

### Whereas:

- (1) In order to facilitate the preparation of State aid notifications by Member States, and their assessment by the Commission, it is desirable to establish a compulsory notification form. That form should be as comprehensive as possible.
- (2) The standard notification form as well as the summary information sheet and the supplementary information sheets should cover all existing guidelines and frameworks in the state aid field. They should be subject to modification or replacement in accordance with the further development of those texts.
- (3) Provision should be made for a simplified system of notification for certain alterations to existing aid. Such simplified arrangements should only be accepted if the Commission has been regularly informed on the implementation of the existing aid concerned.
- (4) In the interests of legal certainty it is appropriate to make it clear that small increases of up to 20 % of the original budget of an aid scheme, in particular to take account of the effects of inflation, should not need to be notified to the Commission as they are unlikely to affect the Commission's original assessment of the compatibility of the scheme, provided that the other conditions of the aid scheme remain unchanged.
- (5) Article 21 of Regulation (EC) No 659/1999 requires Member States to submit annual reports to the Commission on all existing aid schemes or individual aid granted outside an approved aid scheme in respect of which no specific reporting obligations have been imposed in a conditional decision.
- (6) For the Commission to be able to discharge its responsibilities for the monitoring of aid, it needs to receive accurate information from Member States about the types and amounts of aid being granted by them under existing aid schemes. It is possible to simplify and improve the arrangements for the reporting of State aid to the Commission which are currently described in the joint procedure for reporting and notification under

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

the EC Treaty and under the World Trade Organisation (WTO) Agreement set out in the Commission's letter to Member States of 2 August 1995. The part of that joint procedure relating to Member States reporting obligations for subsidy notifications under Article 25 of the WTO Agreement on Subsidies and Countervailing measures and under Article XVI of GATT 1994, adopted on 21 July 1995 is not covered by this Regulation.

- (7) The information required in the annual reports is intended to enable the Commission to monitor overall aid levels and to form a general view of the effects of different types of aid on competition. To this end, the Commission may also request Member States to provide, on an ad hoc basis, additional data for selected topics. The choice of subject matter should be discussed in advance with Member States.
- (8) The annual reporting exercise does not cover the information, which may be necessary in order to verify that particular aid measures respect Community law. The Commission should therefore retain the right to seek undertakings from Member States, or to attach to decisions conditions requiring the provision of additional information.
- (9) It should be specified that time-limits for the purposes of Regulation (EC) No 659/1999 should be calculated in accordance with Regulation (EEC, Euratom) No 1182/71 of the Council of 3 June 1971 determining the rules applicable to periods, dates and time limits<sup>(2)</sup>, as supplemented by the specific rules set out in this Regulation. In particular, it is necessary to identify the events, which determine the starting point for time-limits applicable in State aid procedures. The rules set out in this Regulation should apply to pre-existing time-limits which will continue to run after the entry into force of this Regulation.
- (10) The purpose of recovery is to re-establish the situation existing before aid was unlawfully granted. To ensure equal treatment, the advantage should be measured objectively from the moment when the aid is available to the beneficiary undertaking, independently of the outcome of any commercial decisions subsequently made by that undertaking.
- (11) In accordance with general financial practice it is appropriate to fix the recovery interest rate as an annual percentage rate.
- (12) The volume and frequency of transactions between banks results in an interest rate that is consistently measurable and statistically significant, and should therefore form the basis of the recovery interest rate. The inter-bank swap rate should, however, be adjusted in order to reflect general levels of increased commercial risk outside the banking sector. On the basis of the information on inter-bank swap rates the Commission should establish a single recovery interest rate for each Member State. In the interest of legal certainty and equal treatment, it is appropriate to fix the precise method by which the interest rate should be calculated, and to provide for the publication of the recovery interest rate applicable at any given moment, as well as relevant previously applicable rates.
- (13) A State aid grant may be deemed to reduce a beneficiary undertaking's medium-term financing requirements. For these purposes, and in line with general financial practice,

- the medium-term may be defined as five years. The recovery interest rate should therefore correspond to an annual percentage rate fixed for five years.
- (14) Given the objective of restoring the situation existing before the aid was unlawfully granted, and in accordance with general financial practice, the recovery interest rate to be fixed by the Commission should be annually compounded. For the same reasons, the recovery interest rate applicable in the first year of the recovery period should be applied for the first five years of the recovery period, and the recovery interest rate applicable in the sixth year of the recovery period for the following five years.
- (15) This Regulation should apply to recovery decisions notified after the date of entry into force of this Regulation,

#### HAS ADOPTED THIS REGULATION:

#### **Textual Amendments**

F1 Substituted by Commission Regulation (EU) 2015/2282 of 27 November 2015 amending Regulation (EC) No 794/2004 as regards the notification forms and information sheets (Text with EEA relevance).

### SUBJECT MATTER AND SCOPE

Article 1 U.K.

### Subject matter and scope

- This Regulation sets out detailed provisions concerning the form, content and other details of notifications and annual reports referred to in Regulation (EC) No 659/1999. It also sets out provisions for the calculation of time limits in all procedures concerning State aid and of the interest rate for the recovery of unlawful aid.
- 2 This Regulation shall apply to aid in all sectors.

CHAPTER II U.K.

**NOTIFICATIONS** 

Article 2 U.K.

#### **Notification forms**

Without prejudice to Member States' obligations to notify state aids in the coal sector under Commission Decision 2002/871/CE<sup>(3)</sup>, notifications of new aid pursuant to Article 2(1) of Regulation (EC) No 659/1999, other than those referred to in Article 4(2), shall be made on the notification form set out in Part I of Annex I to this Regulation.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

Supplementary information needed for the assessment of the measure in accordance with regulations, guidelines, frameworks and other texts applicable to State aid shall be provided on the supplementary information sheets set out in Part III of Annex I.

Whenever the relevant guidelines or frameworks are modified or replaced, the Commission shall adapt the corresponding forms and information sheets.

### **Transmission of notifications**

- 1 The notification shall be transmitted to the Commission by means of the electronic validation carried out by the person designated by the Member State. Such validated notification shall be considered as sent by the Permanent Representative.
- The Commission shall address its correspondence to the Permanent Representative of the Member State concerned, or to any other address designated by that Member State.
- 3 As from 1 July 2008, notifications shall be transmitted electronically via the web application State Aid Notification Interactive (SANI).

All correspondence in connection with a notification shall be transmitted electronically via the secured e-mail system Public Key Infrastructure (PKI).

In exceptional circumstances and upon the agreement of the Commission and the Member State concerned, an agreed communication channel other than those referred to in paragraph 3 may be used for submission of a notification or any correspondence in connection with a notification.

In the absence of such an agreement, any notification or correspondence in connection with a notification sent to the Commission by a Member State through a communication channel other than those referred to in paragraph 3 shall not be considered as submitted to the Commission.

- Where the notification or correspondence in connection with a notification contains confidential information, the Member State concerned shall clearly identify such information and give reasons for its classification as confidential.
- The Member States shall refer to the State aid identification number allocated to an aid scheme by the Commission in each grant of aid to a final beneficiary.

The first subparagraph shall not apply to aid granted through fiscal measures.]

### **Textual Amendments**

**F2** Substituted by Commission Regulation (EC) No 271/2008 of 30 January 2008 amending Regulation (EC) No 794/2004 implementing Council Regulation (EC) No 659/1999 laying down detailed rules for the application of Article 93 of the EC Treaty.

## Article 4 U.K.

### Simplified notification procedure for certain alterations to existing aid

- For the purposes of Article 1(c) of Regulation (EC) No 659/1999, an alteration to existing aid shall mean any change, other than modifications of a purely formal or administrative nature which cannot affect the evaluation of the compatibility of the aid measure with the common market. However an increase in the original budget of an existing aid scheme by up to 20 % shall not be considered an alteration to existing aid.
- The following alterations to existing aid shall be notified on the simplified notification form set out in Annex II:
  - increases in the budget of an authorised aid scheme exceeding 20 %;
  - b prolongation of an existing authorised aid scheme by up to six years, with or without an increase in the budget;
  - tightening of the criteria for the application of an authorised aid scheme, a reduction of aid intensity or a reduction of eligible expenses;

The Commission shall use its best endeavours to take a decision on any aid notified on the simplified notification form within a period of one month.

The simplified notification procedure shall not be used to notify alterations to aid schemes in respect of which Member States have not submitted annual reports in accordance with Article 5, 6, and 7, unless the annual reports for the years in which the aid has been granted are submitted at the same time as the notification.

#### ANNUAL REPORTS

Article 5 U.K.

### Form and content of annual reports

Without prejudice to the second and third subparagraphs of this Article and to any additional specific reporting requirements laid down in a conditional decision adopted pursuant to Article 7(4) of Regulation (EC) No 659/1999, or to the observance of any undertakings provided by the Member State concerned in connection with a decision to approve aid. Member States shall compile the annual reports on existing aid schemes referred to in Article 21(1) of Regulation (EC) No 659/1999 in respect of each whole or part calendar year during which the scheme applies in accordance with the standardised reporting format set out in Annex IIIA.

Annex IIIB sets out the format for annual reports on existing aid schemes relating to the production, processing and marketing of agricultural products listed in Annex I of the Treaty.

Annex IIIC sets out the format for annual reports on existing aid schemes for state aid relating to the production, processing or marketing of fisheries products listed in Annex I of the Treaty.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

2 The Commission may ask Member States to provide additional data for selected topics, to be discussed in advance with Member States.

Article 6 U.K.

### Transmission and publication of annual reports

1 Each Member State shall transmit its annual reports to the Commission in electronic form no later than 30 June of the year following the year to which the report relates.

In justified cases Member States may submit estimates, provided that the actual figures are transmitted at the very latest with the following year's data.

2 Each year the Commission shall publish a State aid synopsis containing a synthesis of the information contained in the annual reports submitted during the previous year.

Article 7 U.K.

### Status of annual reports

The transmission of annual reports shall not be considered to constitute compliance with the obligation to notify aid measures before they are put into effect pursuant to Article 88(3) of the Treaty, nor shall such transmission in any way prejudice the outcome of an investigation into allegedly unlawful aid in accordance with the procedure laid down in Chapter III of Regulation (EC) No 659/1999.

### TIME-LIMITS

Article 8 U.K.

#### **Calculation of time-limits**

- [F3] Time-limits provided for in Regulation (EC) No 659/1999 and in this Regulation or fixed by the Commission pursuant to Article 108 of the Treaty shall be calculated in accordance with Regulation (EEC, Euratom) No 1182/71, and the specific rules set out in paragraphs 2 to 5b of this Article. In case of conflict, the provisions of this Regulation shall prevail.]
- 2 Time limits shall be specified in months or in working days.
- [F23] With regard to timelimits for action by the Commission, the receipt of the notification or subsequent correspondence in accordance with Article 3(1) and Article 3(3) of this Regulation shall be the relevant event for the purpose of Article 3(1) of Regulation (EEC, Euratom) No 1182/71.
- With regard to timelimits for action by Member States, the receipt of the relevant notification or correspondence from the Commission in accordance with Article 3(2) of this Regulation shall be the relevant event for the purposes of Article 3(1) of Regulation (EEC, Euratom) No 1182/71.]

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- With regard to the time-limit for the submission of comments following initiation of the formal investigation procedure referred to in Art. 6(1) of Regulation (EC) No 659/1999 by third parties and those Member States which are not directly concerned by the procedure, the publication of the notice of initiation in the *Official Journal of the European Union* shall be the relevant event for the purposes of Article 3(1) of Regulation (EEC, Euratom) No 1182/71.
- [F45a With regard to the time-limit for the submission of the information requested from third parties pursuant to Article 6a(6) of Regulation (EC) No 659/1999, the receipt of the request for information shall be the relevant event for the purposes of Article 3(1) of Regulation (EEC, Euratom) No 1182/71.
- With regard to the time-limit for the submission of the information requested from third parties pursuant to Article 6a(7) of Regulation (EC) No 659/1999, the notification of the decision shall be the relevant event for the purposes of Article 3(1) of Regulation (EEC, Euratom) No 1182/71.]
- Any request for the extension of a time-limit shall be duly substantiated, and shall be submitted in writing to the address designated by the party fixing the time-limit at least two working days before expiry.

#### **Textual Amendments**

- **F2** Substituted by Commission Regulation (EC) No 271/2008 of 30 January 2008 amending Regulation (EC) No 794/2004 implementing Council Regulation (EC) No 659/1999 laying down detailed rules for the application of Article 93 of the EC Treaty.

CHAPTER V U.K.

#### INTEREST RATE FOR THE RECOVERY OF UNLAWFUL AID

[F2Article 9] U.K.

### Method for fixing the interest rate

- 1 Unless otherwise provided for in a specific decision, the interest rate to be used for recovering State aid granted in breach of Article 88(3) of the Treaty shall be an annual percentage rate which is fixed by the Commission in advance of each calendar year.
- The interest rate shall be calculated by adding 100 basis points to the one-year money market rate. Where those rates are not available, the three-month money market rate will be used, or in the absence thereof, the yield on State bonds will be used.
- In the absence of reliable money market or yield on stock bonds or equivalent data or in exceptional circumstances the Commission may, in close co-operation with the Member State(s) concerned, fix a recovery rate on the basis of a different method and on the basis of the information available to it.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 4 The recovery rate will be revised once a year. The base rate will be calculated on the basis of the one-year money market recorded in September, October and November of the year in question. The rate thus calculated will apply throughout the following year.
- In addition, to take account of significant and sudden variations, an update will be made each time the average rate, calculated over the three previous months, deviates more than 15 % from the rate in force. This new rate will enter into force on the first day of the second month following the months used for the calculation.]

#### **Textual Amendments**

**F2** Substituted by Commission Regulation (EC) No 271/2008 of 30 January 2008 amending Regulation (EC) No 794/2004 implementing Council Regulation (EC) No 659/1999 laying down detailed rules for the application of Article 93 of the EC Treaty.

Article 10 U.K.

### **Publication**

The Commission shall publish current and relevant historical State aid recovery interest rates in the *Official Journal of the European Union* and for information on the Internet.

Article 11 U.K.

### Method for applying interest

- 1 The interest rate to be applied shall be the rate applicable on the date on which unlawful aid was first put at the disposal of the beneficiary.
- The interest rate shall be applied on a compound basis until the date of the recovery of the aid. The interest accruing in the previous year shall be subject to interest in each subsequent year.
- [F23] The interest rate referred to in paragraph 1 shall be applied throughout the whole period until the date of recovery. However, if more than one year has elapsed between the date on which the unlawful aid was first put at the disposal of the beneficiary and the date of the recovery of the aid, the interest rate shall be recalculated at yearly intervals, taking as a basis the rate in force at the time of recalculation.]

### ANNEX I U.K.

# STANDARD FORM FOR NOTIFICATION OF STATE AIDS PURSUANT TO ARTICLE 88 (3) EC TREATY AND FOR THE PROVISION OF INFORMATION ON UNLAWFUL AID

This form shall be used by Member States for the notification pursuant to Article 88(3) EC Treaty of new aid schemes and individual aid It shall also be used when a non-aid measure is notified to the Commission for reasons of legal certainty.

Member States are also requested to use this form when the Commission requests comprehensive information on alleged unlawful aid.

The present form consists of three parts:

- I. **General Information:** to be completed in all cases
- II. Summary Information for publication in the Official Journal
- III. Supplementary Information Sheet depending on the type of aid

Please note that failure to complete this form correctly may result in the notification being returned as incomplete. The completed form shall be transmitted on paper to the Commission by the Permanent Representative of the Member State concerned. It shall be addressed to the Secretary General of the Commission.

If the Member State intends to avail itself of a specific procedure laid down in any regulations, guidelines, frameworks and other texts applicable to State aid, a copy of the notification shall be as well addressed to the Director General of the Commission department responsible.

a A secondary objective is one for which, in addition to the primary objective, the aid will be exclusively earmarked. For example, a scheme for which the primary objective is research and development may have as a secondary objective small and medium-sized enterprises (SMEs) if the aid is earmarked exclusively for SMEs. The secondary objective may also be sectorial, in the case for example of a research and development scheme in the steel sector.

### 9. **Reporting and Monitoring U.K.**

In order to enable the Commission to monitor the aid scheme and individual aid, the notifying Member State undertakes to:

- Annually submit to the Commission the reports provided for by Article 26 of Council Regulation (EU) 2015/1589<sup>(23)</sup>.
- Maintain for at least 10 years from the date of award of the aid (individual aid and aid granted under the scheme) detailed records containing the information and supporting documentation necessary to establish that all compatibility conditions are met, and provide them, on a written request, to the Commission within a period of 20 working days or such longer period as may be fixed in the request.

#### For fiscal aid schemes:

In case of schemes under which fiscal aid is granted automatically based on tax declarations of the beneficiaries, and where there is no *ex ante* control that all compatibility conditions are met for each beneficiary, the Member State undertakes to put in place an appropriate control mechanism, by which it regularly verifies (for example once per fiscal year), at least *ex post* and on a sample basis, that all compatibility conditions are met, and to impose sanctions in case of fraud. In order to enable the Commission to monitor fiscal aid schemes, the notifying Member State undertakes to maintain detailed records of the controls for at least 10 years from the date of the controls, and provide them, on a written request, to the Commission within a period of 20 working days or such longer period as may be fixed in the request.

#### SUPPLEMENTARY INFORMATION SHEETS

PART III.1.A U.K.

### Supplementary Information Sheet on individual regional investment aid

This supplementary information sheet must be used for the notification of any individual investment aid covered by the Guidelines on regional State aid  $2014-2020^{(30)}$  (the 'RAG'). Where several beneficiaries are involved in an individual aid measure, the relevant information must be provided for each of them.

- 1. Scope U.K.
- 1.1. Reasons for notifying the measure:
- a) The notification relates to individual aid granted under a scheme and the aid from all sources exceeds the notification threshold. Please provide State aid references of the approved or block-exempted aid schemes concerned.
- b) The notification relates to individual aid granted outside a scheme (ad hoc aid).
- c) The notification relates to aid granted to a beneficiary that has closed down the same or similar activity in the EEA two years preceding the date of applying for aid or at the moment when submitting the aid application the beneficiary has the intention of closing down such an activity within a period of two years after the investment to be subsidised is completed.
- d) The notification relates to an investment by a large undertaking to diversify an existing establishment in a 'c' area into new products and/or new process innovation.
- e)□ Other. Please explain:
- 1.2. Scope of the notified aid measure U.K.
- 1.2.1. Please confirm that the beneficiary is not an undertaking in difficulty<sup>(32)</sup>
- 1.2.2. If the measure covers investment aid to broadband networks, please explain how the aid granting authority will ensure that the following conditions are complied with and provide the reference to the relevant provisions in the legal basis and/or supporting documents:
- aid is granted only to areas where there is no network of the same category (either basic broadband or next generation access networks) and where none is likely to be developed in the near future
- the subsidised network operator offers active and passive wholesale access under fair and non-discriminatory conditions with the possibility of effective and full unbundling
- aid was or will be allocated on the basis of a competitive selection process in accordance with paragraphs 78(c) and (d) of the EU Guidelines for the application of State aid rules in relation to the rapid deployment of broadband networks<sup>(33)</sup>.
- 1.2.3. If the measure covers aid to research infrastructures<sup>(34)</sup>, please confirm that the aid is conditional on giving transparent and non-discriminatory access to this infrastructure

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- and provide supporting documents to that effect and/or provide reference(s) to the relevant parts of the legal basis (paragraph 13 RAG).
- 1.2.4. Please provide a copy of the application form and the (draft) aid granting agreement.
- 2. Additional information on the beneficiary, investment project and aid U.K.
- 2.1. Beneficiary U.K.
- 2.1.1. Identity of aid recipient(s):
- 2.1.2. If the legal identity of the aid recipient is different from that of the undertaking(s) that finance(s) the project or the actual beneficiary or beneficiaries of the aid, describe those differences.
- 2.1.3. Please give a clear description of the relationship between the beneficiary, the group of enterprises it belongs to and other associated enterprises, including joint ventures.
- 2.2. The investment project U.K.
- 2.2.1. Please provide the following information on the notified investment project:

Date of application for the aid:	
(Planned) date of start of works on the investment project:	
Planned date of the start of production:	
Planned date on which the full production capacity is reached:	
Planned end date of the investment project:	

- 2.2.2. If the notification covers an investment in an 'a' area or an investment by an one or more SMEs<sup>(35)</sup> in a 'c' area, please specify the category or categories of initial investment concerned by the notification (paragraph 20(h) RAG):
- (a)  $\Box$  the setting-up of a new establishment
- (b)□ the extension of the capacity of an existing establishment
- (c) the diversification of the output of an establishment into products not previously produced in the establishment
- (d)□ a fundamental change in the overall production process of an existing establishment
- (e) an acquisition of assets directly linked to an establishment provided the establishment has closed down or would have closed down had it not been purchased, and is bought by an investor unrelated to the seller (36).
- 2.2.3. If the notification covers an investment in a 'c' area by a Large Enterprise, please specify the category or categories of initial investment concerned by the notification (paragraph 15 and paragraph 20(i) RAG):
- (a) □ the setting-up of a new establishment

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- (b) the diversification of the activity of an establishment, under the condition that the new activity is not the same or a similar activity (37) to the activity previously performed in the establishment
- (c)□ diversification of an existing establishment into new products
- (d)□ new process innovation at an existing establishment
- (e) the acquisition of the assets belonging to an establishment that has closed or would have closed had it not been purchased, and is bought by an investor unrelated to the seller, under the condition that the new activity to be performed using the acquired assets is not the same or a similar activity to the activity performed in the establishment prior to the acquisition.
- 2.2.4. Please describe briefly the investment explaining how the project concerned falls within one or more of the categories of initial investment indicated above:
- 2.3. Eligible costs calculated on the basis of investment costs U.K.
- 2.3.1. Please provide the following breakdown of the total eligible investment costs in nominal and discounted value:

-------	------

- 2.3.3. Please provide evidence to show that in the case of SMEs not more than 50 % of the costs of preparatory studies or consultancy costs linked to the investment is included in the eligible cost (paragraph 95 RAG).
- 2.3.4. Please provide evidence to show that for aid awarded for a fundamental change in the production process, the eligible costs exceed the depreciation of the assets linked to the activity to be modernised in the course of the three preceding fiscal years (paragraph 96 RAG).

**b** In the transport sector, expenditure on the purchase of transport equipment cannot be included in the uniform set of items of expenditure. Such expenditure is not eligible for initial investment.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 2.3.5. Please provide a reference to the legal basis or explain how it is ensured that for aid awarded for a diversification of an existing establishment, the eligible costs exceed by at least 200 % the book value of the assets that are reused, as registered in the fiscal year preceding the start of works (paragraph 97 RAG). If appropriate, provide documentation containing the relevant quantitative data.
- 2.3.6. In cases involving the lease of tangible assets, please provide a reference to the relevant provisions in the legal basis where it is stipulated that the following conditions are respected (paragraph 98 RAG) or explain how respect for those conditions is otherwise achieved.
- for land and buildings, the lease must continue for at least five years after the expected date of completion of the investment for large companies, and three years for SMEs;
- for plant or machinery, the lease must take the form of financial leasing and must contain an obligation for the beneficiary of the aid to purchase the asset at the expiry of the term of the lease.
- 2.3.7. Paragraph 99 RAG provides that 'In the case of acquisition of an establishment only the costs of buying the assets from third parties unrelated to the buyer should be taken into consideration. The transaction must take place under market conditions. Where aid has already been granted for the acquisition of assets prior to their purchase, the costs of those assets should be deducted from the eligible costs related to the acquisition of an establishment. If the acquisition of an establishment is accompanied by an additional investment eligible for aid, the eligible costs of this latter investment should be added to the costs of purchase of the assets of the establishment'.

If relevant in the notified case, please explain how those conditions have been complied with, providing relevant supporting documentation.

- 2.3.8. If the eligible expenditure for the investment project includes intangible assets, please explain how it is ensured that the conditions set out in paragraphs 101 to 102 RAG<sup>(39)</sup> will be respected. In such cases please provide a precise reference to the relevant provision in the legal basis.
- 2.4. Eligible costs calculated on the basis of wage costs U.K.

### Please:

- explain how eligible costs calculated on the basis of wage costs have been established (paragraph 103 RAG);
- explain how the number of jobs created has been calculated with reference to paragraph 20(k) RAG;
- explain how the wage costs of the persons hired have been established with reference to paragraph 20(z) RAG; and
- provide the relevant calculations and documentation supporting the figures.
- 2.5. Calculation of discounted eligible costs and the amount of aid U.K.
- 2.5.1. Please fill in the table in this point with the details of the eligible costs by category of eligible cost to be defrayed over the whole duration of the investment project:

- 2.5.3. Please specify whether any of the aid measures to be granted to the project are not yet defined, and explain how the granting authority will ensure that the applicable maximum aid intensity is respected (paragraphs 82 and 83 RAG):
- 2.5.4. Is the project co-financed by the ESI Funds? If so, please explain under which operational programme the ESI Funds finance will be obtained. Please also indicate the amount of ESI Fund finance that will be involved.
- 2.5.5. If the beneficiary (at group level) has received aid for one (or more) initial investment(s) started in the same NUTS 3 region over a period of three years from the date of start of works of the notified investment project (paragraph 20(t) RAG), please provide details of the aid measures for each of the previous aided initial investments (including a short description of the investment project, the date of aid application, the date of the aid award, the date of start of works, the aid amount(s) and the eligible costs<sup>(41)</sup>).

- 2.5.6. Please confirm that the total amount of aid that will be granted to the initial investment project does not exceed the 'maximum aid intensity' (as defined in paragraph 20(m) RAG), taking into account the increased aid intensity for SMEs (as determined in paragraph 177 RAG) and the 'adjusted aid amount' (as defined in paragraph 20(c) RAG), where applicable. Please provide the relevant supporting documentation and calculations.
- 2.5.7. Where the aid to be granted to the investment project is to be awarded under several regional aid schemes or cumulated with ad hoc aid, please confirm that the maximum permissible aid intensity that may be granted to the project has been calculated in advance by the first granting authority and specify the amount of that maximum aid intensity. Please explain how the aid granting authorities will ensure that that maximum aid intensity will be respected (paragraph 92 RAG).
- 2.5.8. If the initial investment is linked to a European Territorial Cooperation (ETC) project please explain with reference to the provisions set out in paragraph 93 RAG how the maximum aid intensity applicable to the project and the different beneficiaries involved are established.
- 3. Compatibility assessment of the measure U.K.
- 3.1. Contribution to regional objectives and need for State intervention U.K.
- 3.1.1. Please:
- indicate the exact location of the aided project (that is to say the locality and the NUTS 2 or 3 region to which the locality belongs);
- provide details on its regional aid status in the current regional aid map (that is to say is it in an area eligible for regional aid under Article 107(3)(a) or (c) TFEU?); and
   provide the maximum aid intensity applicable to large enterprises.
- 3.1.2. Please explain how the aid will contribute to regional development<sup>(42)</sup>.
- 3.1.3. If the notification concerns an individual application for aid under a scheme, please explain how the project contributes towards the objective of the scheme and provide relevant supporting documents (paragraph 35 RAG).
- 3.1.4. If the notification concerns ad hoc aid, please explain how the project contributes towards the development strategy of the area concerned and provide relevant supporting documents (paragraph 42 RAG).
- 3.1.5. Please explain how the provision requiring that the investment will be maintained in the area concerned for at least five years (three years for SMEs) after its completion is implemented (paragraph 36 RAG). Please provide the reference to the relevant provision in the legal basis (e.g. the aid granting contract).
- 3.1.6. In cases where the aid is calculated on the basis of wage costs, please explain how the method of implementation of the provision requiring that jobs are created within three

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

years of the investment completion and that each job created by the investment will be maintained within the area for a period of five years (three years for SMEs) from the date the post is first filled is implemented (paragraph 37 RAG). Please provide the reference to the relevant provision in the legal basis (e.g. the aid granting contract).

- 3.1.7. Please provide a reference to the legal basis or demonstrate that the recipient(s) has to make a contribution of at least 25 % of the eligible costs, through its own resources or by external financing, in a form that is exempted of any public financial support (paragraph 38 RAG).
- 3.1.8. Did you or do you commit to carry out an Environmental Impact Assessment ('EIA') for the investment (paragraph 39 RAG).

□ yes	□ no

If no, please explain why an EIA is not required for this project.

- 3.2. Appropriateness of the measure U.K.
- 3.2.1. If the notification concerns ad hoc aid, please demonstrate how the development of the area concerned is better ensured by such aid than by aid under a scheme or other types of measures (paragraph 55 RAG):
- 3.2.2. If the aid is granted in forms that provide a direct pecuniary advantage<sup>(44)</sup>, please demonstrate why other potentially less distortive forms of aid such as repayable advances or forms of aid that are based on debt or equity instruments<sup>(45)</sup> are not appropriate (paragraph 57 RAG):
- 3.3. Incentive effect and proportionality of the measure U.K.
- 3.3.1. Please confirm that works on the notified individual investment started only after submission of the application for the aid (paragraph 64 RAG). Please provide a copy of the aid application sent to the granting authority by the beneficiary and documentary evidence of the date of the start of works.
- 3.3.2. Please explain the incentive effect of the aid by describing the counterfactual scenario with reference to one of the two possible scenarios set out in paragraph 61 RAG.
- 3.3.3. In Scenario 1 cases (that is to say, investment decisions under paragraph 61 RAG), please provide the following information (or refer to the relevant parts of the submitted counterfactual scenario) (paragraph 104 RAG):
- the calculation of the investment's Internal Rate of Return ('IRR') with and without the aid<sup>(46)</sup>:
- information on the relevant benchmarks for the company (e.g. normal rates of return required by the beneficiary to undertake similar projects, cost of capital of the company as a whole, relevant industry benchmarks):
- an explanation of why, on the basis of the criteria in this point, the aid is the minimum necessary to render the project sufficiently profitable (cf. paragraph 79 RAG):
- 3.3.4. In Scenario 2 cases (that is to say, location decisions under paragraph 61 RAG), please provide the following information (or refer to the relevant parts of the submitted counterfactual scenario) (paragraph 105 RAG):
- the calculation of the difference of the Net Present Value ('NPV') of the investment in the target area and the NPV of the investment in the alternative location<sup>(47)</sup>:

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the
Commission Regulation (EC) No 794/2004. (See end of Document for details)

- all the parameters used for the calculation of the NPV of the investment in the target area and the NPV of the investment in the alternative location (among others the time frame concerned, discount rate used, etc.):
- an explanation of why on the basis of the information referred to in the first two subpoints the aid does not exceed the difference between the NPV of investment in the target area and the NPV in the alternative location (cf. paragraph 80 RAG):
- 3.3.5. If the regional aid is awarded through ESI Funds in 'a' regions to investments necessary to achieve standards set by Union law, please explain the following (and provide supporting documentation):
- What is the standard concerned?
- Why is the investment necessary to achieve the standard?
- Why it would not be sufficiently profitable for the beneficiary to make the investment in the area concerned which would lead to the closure of an existing establishment in the area in the absence of the aid (paragraph 63 RAG)?
- 3.4. Avoidance of negative effects on competition and trade U.K. For scenario 1 cases

Definition of the relevant market

- 3.4.1. Please provide the information specified in this point to identify the relevant product market(s) (that is to say, products affected by the change in behaviour of the aid beneficiary) and to identify the competitors and customers/consumers affected (paragraphs 129 and 130 RAG):
- Specify all the product(s) that will be produced in the aided facility upon the completion of the investment and indicate, where appropriate, the NACE code or Prodcom code or CPA nomenclature<sup>(48)</sup> for projects in the service sectors.
- Will the products envisaged by the project replace any other products produced by the beneficiary (at group level)? What product(s) will it replace? If these replaced products are not produced at the location of the project, indicate where they are currently produced. Please provide a description of the link between the replaced production and the current investment and provide a time schedule for the replacement.
- What other product(s) can be produced with the same new facilities (through flexibility of the production installations of the beneficiary) at little or no additional cost?
- Explain whether the project concerns an intermediate product and whether a significant part of the output is sold otherwise than on the market (under market conditions). Based on that explanation, for the purpose of calculating the market share and capacity increase in the remainder of this section, please indicate whether the product concerned is the product envisaged by the project or whether it is a downstream product.
- Please indicate the relevant product market(s) of the product(s) concerned and, if possible, provide evidence in support, from an independent third party. A relevant product market includes the product concerned and its demand-side substitutes, that is to say products considered to be such by the consumer (by reason of the product's characteristics, prices and intended use) and its supply-side substitutes, that is to say products considered as such by producers (through flexibility of the production installations of the beneficiary and its competitors).
- 3.4.2. Please provide information, and supporting evidence, on the relevant geographic market of the beneficiary:

Market Power (paragraph 115 and paragraph 132(a)RAG)

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 3.4.3. Please provide the following information on the market position of the beneficiary (over a period of time before receiving the aid and the expected market position after finalising the investment):
- an estimate of all sales (in value and volume terms) of the beneficiary in the relevant market (at group level).
- an estimate of the overall sales of all producers in the relevant market (in value and volume terms). If available, include statistics prepared by public and/or independent sources.
- 3.4.4. Provide an assessment of the structure of the relevant market including, for example, the level of concentration in the market, possible barriers to entry, buyer power and barriers to expansion or exit. Please provide evidence, from an independent third party if possible, to support the conclusions on this point.

Capacity (paragraph 132(a) RAG)

3.4.5. Provide an estimate of the additional production capacity created by the investment (in volume and value terms):

#### For all cases

Manifest negative effects

- 3.4.6. In Scenario 1 cases, please provide the following information, and supporting evidence, on the relevant product market<sup>(49)</sup>:
- From a long-term perspective, is the relevant market structurally in absolute decline (that is to say, showing a negative growth rate)? (paragraph 135 RAG)?
- Is the relevant market in relative decline (that is to say, showing a positive growth rate, but not exceeding a benchmark growth rate)? (paragraph 135 RAG)

In Scenario 2 cases, please indicate whether without aid the investment would have been located in a region with a regional aid intensity which is higher or the same as the target region (paragraph 139 RAG). Please provide supporting evidence.

3.4.7. Please confirm whether the beneficiary has submitted a statement in which it confirms that, at group level, it has not closed down the same or a similar activity in the EEA in the two years preceding the aid application and does not intend to close down the same or a similar activity elsewhere in the EEA in the two years after the completion of investment (paragraph 23 RAG).

If such a statement was provided, please annex a copy of it to the notification, otherwise, please explain why it was not provided.

- 3.4.8. If the beneficiary at group level has closed down the same or a similar activity in another area in the EEA in the two years preceding the aid application, or intends to do so in the two years after the completion of investment, and has relocated that activity to the target area, or intends to do so, please explain why it considers that there is no causal link between the aid and the relocation (paragraph 122 RAG).
- 3.4.9. Please explain whether the State aid would directly result in a substantial loss of jobs in existing locations within the EEA. If the State aid would result in a substantial loss of jobs in existing locations within the EEA, please indicate their number and the proportion compared to the total employment of the location(s) concerned.

### 4. Other information U.K.

Please provide any other relevant information to assess the notified aid measure under the RAG:

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

### PART III.1.B U.K.

### Supplementary Information Sheet on regional investment aid schemes

This supplementary information sheet must be used for the notification of any investment aid schemes covered by the Guidelines on regional State aid  $2014-2020^{(50)}$  (the 'RAG').

- 1. Scope U.K.
- 1.1. Reasons for notifying the scheme instead of putting it in place under the General Block Exemption Regulation ('GBER')<sup>(51)</sup> or *de minimis* Regulation<sup>(52)</sup>:
- (a) The notification relates to a sectoral scheme. In that case please indicate the sector covered by the scheme (NACE code):
- (b)□ The notification relates to a general scheme also covering the shipbuilding sector.
- (c)□ Other. Please specify:
- 1.2. Scope of the notified scheme U.K.
- 1.2.1. I confirm that the legal basis for the notified scheme foresees an obligation to notify to the Commission individual aid to beneficiaries that have closed down the same or a similar activity<sup>(53)</sup> in the EEA during the two years preceding the date of applying for aid or at the moment of the aid application have the intention to close down such an activity within a period of two years after the investment to be subsidised is completed (paragraph 23 RAG).

Please provide the reference to the relevant provision of the legal basis:

1.2.2. I confirm that the notified aid scheme provides that no regional investment aid will be granted to categories of companies and sectors listed below. In each case, please list the relevant provision in the legal basis of the scheme.

- c The Regional Aid Guidelines apply to aid schemes supporting activities outside the scope of Article 42 TFEU but covered by Regulation (EU) No 1305/2013 of the European Parliament and of the Council of 17 December 2013 on support for rural development by the European Agricultural Fund for Rural Development (EAFRD) and repealing Council Regulation (EC) No 1698/2005 (OJ L 347, 20.12.2013, p. 487) and which are either co-financed by the European Agriculture Fund for Rural Development or are granted as additional national financing to such co-financed schemes, unless sectoral rules provide otherwise.
- d As defined in footnote 12 of the Regional Aid Guidelines.
- 1.2.3. If the scheme covers investment aid to broadband networks please specify whether each of the following conditions are complied with:
- (a) aid is granted only to areas where there is no network of the same category (either basic broadband or new generation access networks) and where none is likely to be developed in the near future;
- (b) the subsidised network operator offers active and passive wholesale access under fair and non-discriminatory conditions with the possibility of effective and full unbundling;
- (c) aid should be allocated on the basis of a competitive selection process in accordance with paragraphs 78(c) and (d) of the Broadband guidelines (54);

Please provide the reference to the relevant provision of the legal basis:

- 1.2.4. If the scheme covers aid to research infrastructures, is the aid made conditional on giving transparent and non-discriminatory access to this infrastructure?
- (a)□ No
- (b) Yes. Please provide the reference to the relevant provision of the legal basis:
- 2. Initial investment, eligible costs and aid U.K.
- 2.1. Types of initial investments covered by the scheme U.K.
- 2.1.1. Where the scheme covers investments in 'a' areas by SMEs or large enterprises or investments by SME(s) in 'c' areas (paragraph 34 RAG), please specify the category or categories of initial investment concerned by the notification (paragraph 20(h) RAG):
- (a)□ the setting-up of a new establishment?
- (b) $\Box$  the extension of the capacity of an existing establishment

- (c) the diversification of the output of an establishment into products not previously produced in the establishment
- (d)□ a fundamental change in the overall production process of an existing establishment
- (e) an acquisition of assets directly linked to an establishment provided the establishment has closed or would have closed if it had not been purchased, and is bought by an investor unrelated to the seller (56)
- 2.1.2. In case the scheme covers investments in 'c' areas by large enterprises, please specify the category or categories of initial investment concerned by the notification (paragraph 15and paragraph 20(i) RAG):
- (a)□ the setting-up of a new establishment
- (b)□ the diversification of the activity of an establishment, under the condition that the new activity is not the same or a similar activity (57) to the activity previously performed in the establishment
- (c)□ diversification of an existing establishment into new products
- (d)□ new process innovation at an existing establishment
- (e) the acquisition of the assets belonging to an establishment that has closed or would have closed if it had not been purchased, and is bought by an investor unrelated to the seller, under the condition that the new activity to be performed using the acquired assets is not the same or a similar activity to the activity performed in the establishment prior to the acquisition
- 2.1.3. Please provide the reference to the relevant provisions of the legal basis where it is stipulated that the Commission will be notified of any individual aid to be granted under the legal basis of the scheme to large enterprises in 'c' areas for (paragraphs 24 and 34 RAG):
- (a) diversification of an existing establishment into new products;
- (b) new process innovation at an existing establishment.
- 2.1.4. Please provide the reference to the relevant provisions of the legal basis where it is stipulated that the Commission will be notified of any individual aid to be granted under the legal basis of the scheme that would lead to the notification threshold being exceeded<sup>(58)</sup> (paragraph 23 RAG).
- 2.2. Eligible costs calculated on the basis of investment costs U.K.
- 2.2.1. Where the eligible expenditure (paragraph 20(x) RAG) under the scheme relates to tangible assets, is the value of the investment established as a percentage on the basis of land, buildings and plant, machinery and equipment?<sup>(59)</sup>:
- $(a)\Box$  land
- (b)□ buildings
- (c)□ plant/machinery/equipment?

Please provide the reference to the relevant parts of the legal basis:

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 2.2.2. Please provide a reference to the relevant provision of the legal basis which stipulate that the acquired assets should be new<sup>(60)</sup> (paragraph 94 RAG)
- 2.2.3. Please provide a reference to the relevant provision in the legal basis which stipulate that in the case of SMEs not more than 50 % of the costs of preparatory studies or consultancy costs linked to the investment can be considered as eligible costs (paragraph 95 RAG).
- 2.2.4. Please provide a reference to the relevant provision of the legal basis which stipulates that for aid awarded for a fundamental change in the production process, the eligible costs exceed the depreciation of the assets linked to the activity to be modernised in the course of the preceding three fiscal years (paragraph 96 RAG).
- 2.2.5. Please provide a reference to the relevant provision of the legal basis which stipulates that for aid awarded for a diversification of an existing establishment, the eligible costs exceed by at least 200 % the book value of the assets that are reused, as registered in the fiscal year preceding the start of works (paragraph 97 RAG).
- 2.2.6. In cases involving the lease of tangible assets, please provide a reference to the relevant provisions of the legal basis which stipulate that the following conditions should be respected (paragraph 98 RAG):
- for land and buildings, the lease must continue for at least five years after the expected date of completion of the investment for large companies, and three years for SMEs;
- for plant or machinery, the lease must take the form of financial leasing and must contain an obligation for the beneficiary of the aid to purchase the asset at the expiry of the term of the lease.
- 2.2.7. Paragraph 99 RAG provides that 'In the case of acquisition of an establishment only the costs of buying the assets from third parties unrelated to the buyer should be taken into consideration. The transaction must take place under market conditions. Where aid has already been granted for the acquisition of assets prior to their purchase, the costs of those assets should be deducted from the eligible costs related to the acquisition of an establishment. If the acquisition of an establishment is accompanied by an additional investment eligible for aid, the eligible costs of this latter investment should be added to the costs of purchase of the assets of the establishment'.

If relevant for the notified scheme, please provide a reference to the provisions of the legal basis which stipulate that the conditions in this point should be respected.

- 2.2.8. Where the eligible expenditure under the scheme relates to intangible assets (paragraph 20(j) RAG), is the value of the investment established on the basis of expenditure entailed by the transfer of technology through the acquisition of patent rights, licences, know-how or unpatented technical knowledge?
- (a)□ patent rights
- (b)□ licences
- (c)□ know-how
- (d)□ unpatented technical knowledge

Please provide the reference to the relevant parts of the legal basis:

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 2.2.9. Please provide a reference to the relevant provisions of the legal basis which stipulate that for large undertakings the expenditure on eligible intangible investment must not exceed 50 % of the total eligible investment costs of the project (paragraph 100 RAG).
- 2.2.10. Please provide a reference to the relevant provisions of the legal basis which stipulate that the conditions set out in paragraphs 101 and 102 RAG<sup>(61)</sup> should be respected.
- 2.3. Eligible costs calculated on the basis of wage costs U.K.

Please provide a reference to the relevant provisions of the legal basis where it is stipulated how the eligible costs calculated on the basis of wage costs should be established (paragraph 103 RAG), how the number of jobs created should be calculated with reference to paragraph 20(k) RAG and how the wage costs of the persons hired should be established with reference to paragraph 20(z) RAG.

- 2.4. Calculation of discounted eligible costs U.K.
- 2.4.1. Please indicate which forms of aid are allowed under the scheme:
- (a) grants. Please provide the reference to the relevant provisions of the legal basis:
- (b) soft loans. Please indicate how the grant equivalent will be calculated and provide the reference to the relevant provisions of the legal basis:
- guarantees. Please indicate how the grant equivalent will be calculated and provide the reference to the relevant provisions of the legal basis:
- (d) tax measures. Please specify which type of measures and indicate how the grant equivalent will be calculated. Please also provide the reference to the relevant provisions of the legal basis:
- (e) other. Please specify and indicate how the grant equivalent will be calculated. Please also provide the reference to the relevant provisions of the legal basis:
- 2.4.2. Is the aid scheme eligible to be co-financed by the ESI Funds? If so, please mention under which operational programmes the ESI Funds finance might be obtained. Please also indicate the amount of ESI Funds finance that will be involved, if known at this stage.
- 2.4.3. Please provide the reference to the relevant provisions of the legal basis which stipulate that the aid granting authority should establish before granting individual aid under the notified scheme whether the beneficiary (at group level) received aid for one (or more) initial investment(s) started in the same NUTS 3 region in a period of three years from the date of start of works on the investment project.
- 2.4.4. Please provide the reference to the relevant provisions of the legal basis which stipulate that the total amount of aid that will be granted under the scheme to any initial investment project does not exceed the 'maximum aid intensity' (as defined in paragraph 20(m) RAG), taking into account the increased aid intensity for SMEs (as determined in paragraph 177 RAG) or the 'adjusted aid amount' (as defined in paragraph 20(c) RAG), where applicable.
- 2.4.5. Please provide the reference to the relevant provisions of the legal basis which stipulate that where individual aid is awarded under several regional aid schemes or cumulated with ad hoc aid, the maximum permissible aid intensity that may be granted to the project will be calculated in advance by the first granting authority (paragraph 92 RAG)

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 2.4.6. Where the aid scheme allows for aid to initial investment linked to European Territorial Cooperation (ETC) projects please provide the reference to the relevant provisions of the legal basis which stipulate (with reference to the provisions set out in paragraph 93 RAG) how the maximum aid intensity applicable to the project and the different beneficiaries involved will be established.
- 3. Compatibility assessment of the aid scheme U.K.
- 3.1. Contribution to regional objective and need for State intervention U.K.

Is the scheme part of an Operational Programme<sup>(62)</sup> (paragraph 32 RAG)?

- Yes. Please provide the reference(s) to the Operational Programme(s) concerned:
- No. Please explain how the scheme is consistent and contributes to the development strategy of the area concerned (paragraph 33 RAG):
- 3.1.1. Please provide the reference to the relevant provisions of the legal basis containing the requirement to carry out an Environmental Impact Assessment ('EIA') for the investments concerned before granting aid to individual projects, when so required by law (paragraph 39 RAG).
- 3.1.2. Please explain how the granting authorities will prioritise and select the investment projects according to the objectives of the scheme (for example, on the basis of a formal scoring approach) (paragraph 33 RAG). Please also provide the reference to the relevant provisions of the legal basis or other related administrative acts.
- 3.1.3. Please explain how, when awarding aid to individual investment projects under the notified scheme, the aid granting authority will establish that the selected project(s) contributes towards the objective of the scheme and thus towards the development strategy of the area concerned (paragraph 35 RAG).
- 3.1.4. Please explain how the provision requiring that any investment supported under the notified scheme will be maintained in the area concerned for at least five years (three years for SMEs) after its completion is implemented (paragraph 36 RAG). Please provide the reference to the relevant provisions in the legal basis.
- 3.1.5. In cases where the aid granted under the notified scheme is calculated on the basis of wage costs, please explain the method of implementation of the provision requiring that jobs are created within three years of the investment completion and that each job created by the investment concerned is maintained within the area for a period of five years (three years for SMEs) from the date the post is first filled (paragraph 37 RAG). Please provide the reference to the relevant provision in the legal basis.
- 3.1.6. Please provide a reference to the relevant provisions of the legal basis where it is stipulated that recipients have to make a contribution of at least 25 % of the eligible costs, through their own resources or by external financing, in a form that is exempted of any public financial support (63) (paragraph 38 RAG).
- 3.1.7. Please provide a reference to the relevant provisions of the legal basis showing that the scheme should respect the ceilings of the regional aid map applicable at the time of awarding the aid (paragraph 81 RAG). Please also provide the reference to the Commission decision approving the regional aid map concerned.
- 3.2. Appropriateness of the scheme U.K.

Status: Point in time view as at 31/01/2020. Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 3.2.1. If the scheme is not eligible under an Operational Programme, please explain why regional aid is an appropriate instrument to tackle the common objective of equity or cohesion<sup>(64)</sup> (paragraph 52 RAG):
- Where the scheme is sector-specific and is not eligible for co-financing by Structural 3.2.2. Funds, please demonstrate the advantages of such an instrument compared to a multisectoral scheme or other policy options (paragraph 53 RAG):
- Will individual aid under the notified scheme be granted: 3.2.3.
- automatically, should the conditions of the scheme be fulfilled or
- on a discretionary basis, following a decision of the authorities? П

Please provide the reference to the relevant provision of the legal basis:

If aid is to be granted on a discretionary basis, please provide a short description of the criteria used and attach a copy of the internal administrative provisions of the granting authority applicable for the awarding of aid:

- 3.2.4. If the aid under the scheme is granted in forms that provide a direct pecuniary advantage (65), please demonstrate why other potentially less distortive forms of aid such as repayable advances or forms of aid that are based on debt or equity instruments<sup>(66)</sup> are not appropriate (paragraph 57 RAG):
- 3.3. Incentive effect and proportionality of the scheme U.K.
- 3.3.1. Please provide the reference to the relevant provisions of the legal basis stipulating that any application for aid must be submitted before work is started on the investment project concerned (paragraph 64 RAG):
- Please provide the reference to the relevant provisions of the legal basis which stipulate 3.3.2. that those applying for aid under the notified scheme will be obliged to submit a standard application form provided by the aid granting authority in which they must explain counterfactually what would happen if they do not receive the aid and indicate which of the scenarios (Scenario 1 — investment decision or Scenario 2 — location decision) applies (paragraph 66 and paragraph 61 RAG). If that application form differs from the example provided in Annex V to the RAG, please provide a copy of that application.
- Please provide the reference to the relevant provisions of the legal basis which stipulate 3.3.3. that large enterprises who apply for aid under the notified scheme are required to provide documentary evidence in support of the counterfactual described. (paragraph 67 RAG). Please also explain what type of documents will be required.
- Please provide the reference to the relevant provisions of the legal basis which stipulate 3.3.4. that when assessing individual aid applications the aid granting authority is obliged to carry out a credibility check of the counterfactual provided and to verify that regional aid has the required incentive effect corresponding to Scenario 1 or Scenario 2<sup>(67)</sup> (paragraph 68 RAG).
- 3.3.5. Please provide the reference to the relevant provisions of the legal basis which stipulate that individual aid granted to large enterprises under the notified scheme will be limited to the net extra costs of implementing the investment in the area concerned compared to the counterfactual in the absence of aid, using the method explained in paragraph 79 and paragraph 80 RAG (paragraph 88 RAG).

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 3.4. Avoidance of undue negative effects on competition and trade U.K.
- 3.4.1. Please explain how the distortions of competition and trade caused by the notified aid scheme will be limited to the minimum (paragraph 125 RAG)<sup>(68)</sup>:
- 3.4.2. Please provide references to the relevant provisions in the legal basis stipulating that when awarding aid under the scheme to individual projects, the granting authority must verify and confirm that without aid the investment would not have been located in a region with a regional aid intensity which is higher or the same as the target region (paragraph 126 RAG).
- 3.4.3. Please provide references to the relevant provisions in the legal basis which stipulate that when awarding aid under the scheme to individual projects, the granting authority must notify individual aid grants in cases where the beneficiary has closed down the same or a similar activity in another area in the EEA in the two years preceding the date of applying for aid or at the moment of the aid application has the intention to close down such an activity within a period of two years after the investment to be subsidised is completed (paragraph 122 RAG).

### 2. Basic elements of the scheme U.K.

- 2.1. Please provide a description of the main elements of the scheme and its objectives:
- 2.2. Please indicate which forms of aid are allowed under the scheme:
- (a) Grants. Please provide the reference to the relevant provisions of the legal basis:
- (b) Soft loans. Please indicate how the grant equivalent will be calculated and provide the reference to the relevant provisions of the legal basis:

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- (c) Guarantees. Please indicate how the grant equivalent will be calculated and provide the reference to the relevant provisions of the legal basis:
- (d) Tax measures. Please specify which ones and indicate how the grant equivalent will be calculated. Please also provide the reference to the relevant provisions of the legal basis:
- (e) Other. Please specify and indicate how the grant equivalent will be calculated. Please also provide the reference to the relevant provisions of the legal basis:
- 2.3. The individual aid under the notified scheme will be granted:
- (a)□ automatically, should the conditions of the scheme be fulfilled
- (b)□ on a discretionary basis, following a decision of the authorities.

Should the aid be granted on a case by case basis, please provide a short description of the criteria that will be applied. If administrative guidance for the assessment of the aid application exists, please attach a copy:

- 2.4. Will the aid scheme be co-financed by the ESI Funds? If so, please explain under which operational programmes ESI Funds finance will be obtained. Please also indicate the amount of ESI Funds finance that will be involved.
- 3. Compatibility of the aid U.K.
- 3.1. Contribution to regional objective and incentive effect:

For aid to reduce certain specific difficulties faced by SMEs<sup>(70)</sup>in 'a' areas

- 3.1.1. Please list the specific difficulties faced by SMEs in the region concerned to be addressed by the scheme (paragraph 43 RAG) and demonstrate the existence and importance of those difficulties (paragraph 44 RAG).
- 3.1.2. Please explain why the difficulties listed in point 3.1.1 cannot be overcome by investment aid and thus the notified operating aid scheme is needed (paragraph 44 RAG):

For aid to compensate certain additional costs in the outermost regions

3.1.3. Please identify the specific additional costs<sup>(71)</sup> that will be compensated under the scheme and demonstrate how those costs are related to the permanent handicaps set out in Article 349 TFEU (paragraph 45 RAG):

For aid to reduce depopulation in very sparsely populated areas

- 3.1.4. Please demonstrate the risk of depopulation of the relevant area in the absence of operating aid (paragraph 46 RAG):
- 3.2. Appropriateness of the scheme U.K.

Please indicate why the aid proposed is considered appropriate to achieve the objective of the scheme. Please explain in particular why other less distortive policy instruments and other less distortive types of aid instrument are not appropriate to achieve the same positive contribution to regional development (paragraphs 50, 56, 57 and 58 RAG):

- 3.3. Proportionality of the scheme U.K. *For all types of operating aid*
- 3.3.1. Please determine the eligible costs that are fully attributable to the problems the aid is intended to address (paragraph 109 RAG):

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 3.3.2. Please confirm that depreciation charges and the costs of financing included in the eligible costs relevant to regional investment aid will not be included in the eligible costs for operating aid (paragraph 109 RAG), and provide the reference to the relevant provision of the legal basis:
- 3.3.3. Please describe the compensation model (paragraph 56 RAG) that will be adopted and how that model will allow an appropriate calculation of the aid amount, ensuring that there is no overcompensation, as defined in paragraph 109 RAG:
- 3.3.4. Please indicate whether operating aid is also granted through other operating aid schemes in the region, by mentioning the relevant State aid reference of those schemes.
- 3.3.5. In case other operating aid schemes are applicable in the same region, please explain how it is ensured that operating aid granted under different operating aid schemes does not lead to overcompensation:

For operating aid in outermost regions only

3.3.6. Please demonstrate that the additional costs to be compensated under the notified scheme will be quantified in relation to the level of costs incurred by similar undertakings established in other regions of the Member State concerned (paragraph 110 RAG):

For operating aid to reduce certain specific difficulties faced by SMEs in certain 'a' areas only

- 3.3.7. Please explain how the level of aid will be progressively reduced over the duration of the scheme (paragraph 111 RAG) and provide the reference to the relevant provision of the legal basis:
- 3.4. Avoidance of undue negative effects on competition and trade U.K.

Please explain why it is unlikely that the aid granted under the scheme will create very significant distortions of competition in the market (paragraph 140 RAG):

4. Other information U.K.

Please provide any other information that is of relevance to assess the notified aid measure under the RAG:

- B) If available, please provide any sectoral comparisons and other studies that can substantiate the analysis of the alleged market failures:
- C) If available, please provide any information regarding R & D&I projects or activities undertaken within the Union which, with respect to their technological content, level of risk and size, are similar to those concerned by the notified measure and explain why the aid is needed in the case concerned:
- 6.3. Appropriateness of the aid measure U.K.
- A) Please explain how the advantages of using a selective policy instrument such as state aid in order to increase R & D&I activities have been established, and provide any related impact assessment and supporting documents:
- B) If aid is awarded in forms that provide a direct pecuniary advantage (such as direct grants, exemptions or reductions in taxes or other compulsory charges, or the supply of land, products or services at favourable prices), please provide an analysis of other options and explain why or how other forms of aid are less appropriate to address the identified market failures:
- 6.4. Incentive effect U.K.

- B) Please specify the elements that are relevant for the notified measure and provide supporting evidence, such as board documents, risk assessments, financial reports, internal business plans, expert opinions and other studies related to the project under assessment:
  - (a)□ level of profitability;
  - (b)□ amount of investment and the timeframe of cash flows;
  - (c)□ level of risk involved.
- C) If available, please provide industry-specific data demonstrating that the beneficiary's counterfactual scenario, its required level of profitability and its expected cash-flows are reasonable:
- 6.5. Proportionality of the aid U.K.
- A) If the aid is awarded in the form of a repayable advance expressed as gross grant equivalent, please provide details on the methodology applied in order to calculate such gross grant equivalent, including underlying verifiable data or, for individual aid, specify on the basis of which approved aid scheme the aid is awarded:

If the aid is awarded in the form of a repayable advance expressed as a percentage of the eligible costs and exceeds, by up to 10 percentage points, the maximum aid intensities laid down in the R & D&I Framework, please confirm that:

- (a) in the case of a successful outcome, the notified measure provides that the advance is to be repaid with an interest rate not less than the discount rate resulting from the application of the Communication from the Commission on the revision of the method for setting the reference and discount rates (78);
- (b)□ in the case of a success exceeding the outcome defined as successful, the Member State concerned requests payments beyond repayment of the advance amount including interest according to the applicable discount rate;

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

in the case of failure or partial success, the repayment is proportional to the degree of success achieved.

Please provide details on the repayment of the advance and clearly define what is considered as a successful outcome of the aided activities, on the basis of a reasonable and prudent hypothesis:

- B) If the aid is awarded in the form of a fiscal measure, please specify how the aid intensities are calculated and provide any relevant details:
  - on the basis of individual projects;
  - at the level of the undertaking, as the ratio between the overall tax relief and the sum of all eligible R & D&I costs incurred in a period not exceeding three consecutive fiscal years.
- 6.5.1. Individual aid U.K.
- A) Please provide a comprehensive business plan for the aided project (with and without aid), including all relevant expected costs and benefits:

If the aid beneficiary faces a clear choice between carrying out either the aided project or an alternative one without aid, please provide also a comprehensive business plan for the counterfactual project:

- B) In the absence of an alternative project, please explain why the aid is limited to the minimum necessary for the aided project to be sufficiently profitable, for example by making it possible to achieve an internal rate of return ('IRR') corresponding to the sector or firm specific benchmark or hurdle rate:
- C) If the aid beneficiary faces a clear choice between carrying out either the aided project or an alternative one without aid, please explain why the aid is limited to the minimum necessary to cover the net extra costs of the aided project compared to the counterfactual project, if relevant by taking account of the probabilities of different business scenarios occurring:

Please provide any supporting documents, such as internal company documents, showing that the counterfactual project is a clearly defined and sufficiently predictable alternative project that has been considered by the beneficiary in its internal decision making:

- D) Please explain how the aid amount has been established and provide any supporting documents:
- E) If there were multiple potential candidates for carrying out the aided activity, is the aid awarded on the basis of transparent, objective and non-discriminatory criteria?

Please provide details:

F) If the aid is meant to address actual or potential direct or indirect distortions of international trade, please provide any available evidence indicating that, directly or indirectly, competitors located outside the Union have received (normally in the last three years) or are going to receive aid of an equivalent intensity for similar projects:

2.3. Please describe the process and the results of the open transparent public consultation giving the opportunity to all interested stakeholders to comment on the planned aid measure. Please submit the relevant internet links on which the information about the measure has been published:

Competitive selection procedure

- 2.4. In case of deployment and/or operation of the subsidised network by a third-party operator, please confirm that a competitive selection procedure will be conducted in line with the EU Public Procurement Directives<sup>(128)</sup>. Please provide all relevant information in that respect:
- 2.5. Please provide information on how the most economically advantageous offer is to be selected (including the award criteria and the relative weighting which is given to each of the criteria chosen) taking into account qualitative criteria (for instance, coverage, sustainability of the technological approach or the impact of the solution on competition) and price:
- 2.6. Are there are any minimum service requirements that the subsidised network has to comply with (such as minimum bandwidth, sustained services, minimum geographical coverage, etc.)?

□yes		□no	
	If yes, please describe: logical neutrality		
2.8.	Is the aid measure technologically r	eutral?	
□yes		□no	

- 2.9. If the answer to point 2.8 is yes, please describe how that principle is ensured: *Use of existing infrastructure*
- 2.10. Please submit a map depicting the existing infrastructures in place in the country or region concerned, including also any new infrastructure(s) planned by commercial operators in the near future, that is to say within a three year period:
- 2.11. Please explain how it is ensured that the operators wishing to participate in the selection procedure provide all relevant information on any existing infrastructure they own or control in the target area:

Wholesale access

2.12. Please explain what type of 'wholesale access' obligations will be imposed on the subsidised network (including access to passive and active infrastructure, the right to

Wholesale access pricing

- 2.13. Please explain how access prices will be benchmarked: *Claw-back and monitoring mechanism*
- 2.14. Will a claw-back mechanism apply to the aid measure?

□yes	□no

- 2.15. If the answer to point 2.14 is yes, please describe this mechanism, its characteristics and duration:
- 2.16. Please explain how the monitoring of the aid measure will be organised:
- which public authority will undertake the monitoring?
- what aspects of the measure will be subject to monitoring?
- which performance criteria will be analysed?
- what will be the timing of the monitoring?

National regulatory authority ('NRA')

- 2.17. Please describe the role of the NRA in particular regarding: identification of target areas, wholesale access pricing including benchmarking, dispute resolution, etc.:
- 2.18. Please report the position of the NRA on the proposed aid intervention and, where available, the opinion of the national competition authority:
- 3. Compatibility criteria U.K.

Please explain how the notified aid measure complies with the conditions specified in Section 2.5 of the Broadband Guidelines, in particular with regard to:

Objective of common interest

(a) Is the aid measure aimed to address well-defined objectives of common interest?

□yes	□no

(b) If the answer to (a) is yes, please give a description of the objectives of common interest pursued by the aid measure:

Market failure

(c) Does the aid measure address a market failure or important inequalities hampering the availability of broadband services?

□yes	□no

(d) If the answer to (c) is yes, please describe this market failure and provide a general overview of the broadband market in the country or region concerned and of the areas targeted by the aid measure.

That overview should contain information on the current level of broadband coverage, internet penetration rate (number of connected households, enterprises), breakdown of services availability by technology, major trends on the (national or regional) broadband market, rural/urban divide in terms of broadband coverage, comparison of

(f)	Have any other alternative (less distortive) instruments already been implemented
	to enable the supply of broadband services and to overcome the lack of broadband
	connectivity, including <i>ex ante</i> regulation or demand stimulation?

□yes	□no

- (g) If the answer to (f) is yes, please describe those initiatives and explain why they were deemed insufficient to achieve the desired broadband development objectives:
- (h) Have the existing network operators undertaken any private investment in the target areas over the last three years?

□yes	□no

(i) If the answer to (h) is yes, please describe those investments and explain why existing broadband infrastructure is not sufficient to satisfy the needs of citizens and business users and why State aid is necessary:

Incentive effect

- (j) Please describe the positive effects that the aid measure is expected to generate: *Step Change*
- (k) Will the aid measure ensure a 'step change' in terms of broadband availability?

□yes □no	

- (l) If the answer to (k) is yes, please demonstrate this by means of comparison to the existing and planned network deployment (that is to say before and after the planned intervention). In particular, please describe in detail whether and to what extent significant new investment in the broadband network will be undertaken and what new capabilities will be brought to the market in terms of broadband service availability and quality:
- (m) Please explain the expected changes in the behaviour of the beneficiary(s) of the aid measure:
- (n) Please demonstrate that similar broadband network investment would not have been undertaken within the same time frame and/or under the same terms and conditions in the absence of State aid:

Proportionality

(o) Please explain how it is ensured that the aid measure is limited to the minimum necessary:

Distortion of competition and effect on trade

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

(p) Please explain what potential negative effects on competition and trade the aid measure may have (for example: potential to cause crowding out of private investments or reinforcement of a dominant position) and what elements in the design of the measure (129) could minimize those risks:

## 4. **Other information** U.K.

Please indicate here any other information you consider relevant to the assessment of the measure concerned under the Broadband Guidelines or any other information that is relevant from the point of view of Union competition and internal market rules<sup>(130)</sup>.

PART III.6 U.K.

#### Supplementary information sheet for State aid for environmental protection and energy

This supplementary information sheet must be used for the notification of any aid covered by the Guidelines on State aid for environmental protection and energy 2014–2020 (hereinafter 'the EEAG')<sup>(131)</sup>.

All documents provided by Member States as annexes to the notification form must be numbered and document numbers must be indicated in the relevant sections of this supplementary information sheet.

If there are several beneficiaries involved in an individual aid measure, the relevant information must be provided for each of them.

This supplementary information form is to be filled in in addition to the 'Part I. General information' form.

#### Scope

General Block Exemption Regulation

Before completing this notification form you should consider whether this measure could be implemented under Commission Regulation (EU) No 651/2014 (the General Block Exemption Regulation ('the GBER')<sup>(132)</sup>, and in particular section 7 of chapter III thereof (Aid for environmental protection).

Could the aid be implemented under the GBER?

□yes	□no

If the aid could be implemented under the GBER, please explain why the measure is notified. *De minimis Regulation* 

Before completing this notification form you should consider whether this measure could be implemented under the *de minimis* Regulation<sup>(133)</sup>:

Could the aid be implemented under the *de minimis* Regulation?

□yes	□no

If the aid could be implemented under the *de minimis* Regulation, please explain why the measure is notified.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

This form should only be completed for notification of State aid which is intended to be implemented under the EEAG. Please fill in the relevant parts of the notification form corresponding to the character of the notified measure.

### Section A: U.K.

#### General information on environmental and energy aid measures

1. Please specify the type of aid below and then complete the appropriate part of section B of this supplementary information sheet ('General compatibility assessment'). If the scheme provides more than one type of aid in the list below you should complete section B for each box ticked. U.K.

If the measure is aid in the form of reductions in, or exemptions from, environmental taxes, or from funding the support for energy from renewable energy sources<sup>(134)</sup>, please fill in Section C of the form ('Compatibility assessment for aid in the form of reductions in or exemptions from environmental taxes and in the form of reductions in funding support for energy from renewable sources').

- (a) Aid for undertakings which go beyond Union standards or which increase the level of environmental protection in the absence of Union standards;
- (b) Aid for the acquisition of new transport vehicles which go beyond Union standards or which increase the level of environmental protection in the absence of Union standards;
- (c)□ Aid for early adaptation to future Union standards;
- (d)□ Aid for renewable energy sources;
  - Please confirm that the measure only supports energy from renewable energy sources as defined in point 19(5) and 19(11) of the EEAG.
  - For biofuels, please confirm that the measure only supports sustainable biofuels as defined in point 19(9) of the EEAG.
- (e)□ Aid for energy efficieny measures;
  - Please confirm that the measure only supports efficiency measures as defined in point 19(2) of the EEAG.
- (f)□ Aid for energy efficient district heating or cooling measures;
  - Please confirm that the measure only supports energy efficient district heating or cooling measures as defined in point 19(14) of the EEAG.
- $(g)\square$  Aid for high efficient cogeneration;
  - Please confirm that the measure only supports high efficient cogeneration as defined in point 19(13) of the EEAG.
- (h)□ Aid for waste management;
- (i)□ Aid for environmental studies;
- (j)□ Aid for the remediation of contaminated sites;
- (k)□ Aid for the relocation of undertakings;
- (1)□ Aid involved in tradable permits schemes;

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- (p)□ Aid in the form of reductions in or exemptions from environmental taxes;
- $(q)\Box$  Aid in the form of reductions in funding support for energy from renewable sources.
- 2. Please provide a detailed description of the main characteristics of the notified measure (objective, likely effects of the aid, aid instrument, aid intensity, beneficiaries, budget, conditions, etc.).
- 3. Can the aid be combined with other aid? U.K.

□yes	□по
------	-----

If the answer is yes, please explain and fill in the section on cumulation in the proportionality section of section B.

- 4. In case the notified measure concerns a scheme, please tick the box in this point to confirm that any aid awarded under the notified scheme will be notified individually if it exceeds the thresholds laid down in point 20 of the EEAG: U.K.
- □ yes
- 5. In case the notified individual aid is based on an approved scheme, please provide details concerning that scheme (case number, title of the scheme, date of Commission approval): U.K.
- 6. If applicable, please indicate the exchange rate which has been used for the purposes of the notification: U.K.
- 7. Please indicate whether such conditions are attached to the measure, including its financing method when it forms an integral part of it, that can entail a non-severable violation of Union law (point 29 of the EEAG). U.K.

□yes	□no
------	-----

If the answer is yes, please explain how compliance with Union law is ensured.

## Section B: U.K.

#### **General compatibility assessment**

1. Contribution to an objective of common interest U.K.

To answer the questions in this section, please refer to section 3.2.1 of the EEAG and where further specified to sections 3.2-3.6 and 3.8-3.10 of the EEAG. State aid schemes

1. In the light of the objectives of common interest addressed by the EEAG, please indicate the environmental or energy objectives pursued by the notified measure<sup>(135)</sup>.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

Please provide a detailed description of each distinct type of aid to be granted under the notified measure: U.K.

2. Has the notified measure already been applied in the past? U.K.

□yes	□no

If yes, please indicate its results in terms of environmental protection or energy system improvements, the relevant case number and date of Commission approval and, if possible, attach national evaluation reports on the measure:

- 3. If the measure is new, please indicate the expected results and the period over which they will be achieved, as well as how those results will contribute to the achievement of the objective pursued: U.K.
- 4. Please explain how you ensure that the generation adequacy investment will not contradict the objective of phasing out environmentally harmful subsidies including for fossil fuels, in line with point 220 of EEAG. How are for example demandside management and interconnection capacity taken into account? Is there for example a preference for low carbon capacity providers in case of equivalent technical performance? U.K.
- 5. In the case of generation adequacy, please explain and clearly define the generation adequacy problem that is expected to arise and the consistency with the generation adequacy analysis regularly carried out by ENTSO-E<sup>(136)</sup>. Please provide in the answer details in view of the considerations set out in point 221 of the EEAG. U.K.
- 6. In the case of waste management, please confirm that the following conditions are met: U.K.
- (a) the waste hierarchy principle is respected (see point 118 of the EEAG)
- (b)□ the investment is aimed at reducing pollution generated by undertakings ('polluters') and does not extend to pollution generated by the beneficiary of the aid (see point 158(a) of the EEAG)
- (c) the aid does not indirectly relieve the polluters from a burden that should be borne by them under Union law, or from a burden that should be considered as a normal company cost for the polluters (see point 158(b) of the EEAG)
- (d) the investment goes beyond the 'state of the art' (see point 158(c) of the EEAG)
- (e) the treated materials would otherwise be disposed of, or be treated in a less environmentally friendly manner (see point 158(d) of the EEAG)
- (f) the investment does not merely increase demand for the materials to be recycled without increasing collection of those materials (see point 158 of the EEAG)

Furthermore, please provide details and evidence of compliance with the conditions mentioned in this point:

7. In the case of tradable permits, please describe in detail the tradable permit scheme, including, inter alia, the objectives, the granting methodology, the authorities or entities involved, the role of the State, the beneficiaries and the procedural aspects: U.K.

Please explain how:

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- (a) the tradable permit scheme is set up in such a way as to achieve environmental objectives beyond those intended to be achieved on the basis of Union standards that are mandatory for the undertakings concerned:
- (b) the allocation is carried out in a transparent way and based on objective criteria and on data sources of the highest quality available:
- (c) the total amount of tradable permits or allowances granted to each undertaking for a price below their market value is not higher than its expected needs as estimated for the situation in the absence of the trading scheme:
- (d)□ the allocation methodology does not favour certain undertakings or certain sectors;

  In case the allocation methodology favours certain undertakings or certain sectors, please explain how that is justified by the environmental logic of the scheme itself or is necessary for consistency with other environmental policies:
- (e) new entrants must not in principle receive permits or allowances on more favourable conditions than existing undertakings operating on the same markets:
- (f) granting higher allocations to existing installations compared to new entrants should not result in creating undue barriers to entry:

Please provide details and evidence demonstrating compliance with the conditions mentioned in this point:

*Individually notifiable aid — additional information* 

8. If the aid is to be made available to individual undertakings please provide as much as possible quantifiable information to demonstrate the contribution to the relevant common objective for the notified measure. U.K.

#### 2. Need for State Aid U.K.

To answer the questions in this section, please refer to section 3.2.2 of the EEAG and where further specified to sections 3.2 - 3.6 and 3.8 - 3.10 of the EEAG. State aid schemes

- 1. Please identify the market failure which is hampering the level of environmental protection or a well-functioning, secure, affordable and sustainable energy market (see point 35 of the EEAG): U.K.
- 2. If the market failure is already being addressed by other policies or measures, please provide evidence that the notified measure is only targetted at the residual market failure (see point 36 of the EEAG): U.K.
- 3. Please provide detailed information on the nature and the reasons why the notified measure is necessary: U.K.
- 4. In the case of investment in energy infrastructure projects, please explain (see points 206-208 of the EEAG): U.K.
- (a) To what extent does the measure benefit projects of common interest as defined in Regulation (EU) No 347/2013, smart grids or infrastructure in assisted regions?
- (b) To what extent does the market failure lead to a sub-optimal provision of the necessary infrastructure?

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- To what extent is the infrastructure accessible to third parties and subject to tariff (c) regulations?
- 5. In the case of generation adequacy please provide the following information set out in points 222 to 224 of the EEAG. U.K.
- Assessments of the impact of variable generation, including that originating from (a) neighbouring systems.
- Assessment of the impact of the demand-side participation, including a description of (b) measures to encourage demand-side management.
- Assessment of the actual or potential existence of interconnectors including a (c) description of projects under construction and planned projects.
- Assessment of any other element which might cause or exacerbate the generation (d) adequacy problem, such as regulatory or market failures, including for example caps on wholesale prices.

Individually notifiable aid — additional information

- 6. If the aid is to be made available to individual undertakings please provide clear evidence that the individual undertakings concerned are actually confronted with the market failures or the residual market failures identified above (see points 38 and 39 of the EEAG): U.K.
- 7. To the extent relevant, please provide specific information on: U.K.
- whether the market failure is already sufficiently addressed by other policy measures, (a) in particular the existence of environmental or other Union standards, the Union ETS or environmental taxes:
- whether State intervention is needed, taking into account the cost of implementation of (b) national standards for the aid beneficiary in the absence of aid compared to the costs, or absence thereof, of implementation of those standards for the main competitors of the aid beneficiary:
- in the case of coordination failures, the number of undertakings required to collaborate. (c) diverging interests between collaborating parties and practical problems to coordinate collaboration, such as linguistic issues, sensitivity of information and non-harmonised standards:
- Appropriateness of the aid U.K. 3.

To answer the questions in this section, please refer to section 3.2.3 of the EEAG and where further specified to sections 3.2 - 3.6 and 3.8 - 3.10 of the EEAG.

- Please explain why State aid is the appropriate instrument rather than other policy 1. instruments (non-State aid instruments) or the full implementation of the 'polluter pays priciple' (see points 41 - 44 of the EEAG). U.K.
- 2. Please explain why the State aid instrument selected is deemed to be the most appropriate State aid instrument to address the policy objective concerned and why it is likely to generate the least distortions of trade and competition in comparison with other State aid instruments (see point 45 – 48 of the EEAG). U.K.

Status: Point in time view as at 31/01/2020. Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- In the case of generation adequacy please confirm and explain that the aid is 3. remuneration purely for availability in accordance with point 225 of the EEAG. Please also describe how the measure provides adequate incentives to both existing and future generators and to operators using substitutable technologies, such as demandside response or storage solutions (such as allowing for different lead times to allow different technologies) in accordance with point 226 of the EEAG. Please explain to what extent interconnection capacity could remedy any possible problem of generation adequacy (as stated in point 226 of the EEAG). U.K.

To answer the questions in this section, please refer to section 3.2.5 of the EEAG and sections 3.2-3.6 and 3.8-3.10 of the EEAG.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

If the measure concerns investment aid only, please fill in the first part of this section. If the aid is operational aid, please fill in the second part of this section. If the measure consists of both investment and operating aid both sections should be completed.

- 5.1. State aid schemes U.K.
- 5.1.1. Investment aid schemes U.K.

The aid amount per beneficiary should be limited to the minimum required to achieve the level of environmental protection or energy objective aimed for. As a general principle aid will be deemed limited to the minimum necessary if the aid corresponds to the total net extra cost necessary to meet the objective compared to the counterfactual scenario (see section 3.2.5 of the EEAG, point (70).

For aid to energy efficient district heating and cooling projects, this section is only applicable to the production plant. For the infrastructure part the funding gap approach for energy infrastructure should be used (see section 5.1.2 operating aid schemes) (point 76 of the EEAG).

- 5.1.1.1. Eligible costs<sup>(140)</sup>: please provide the details of the eligible costs as appropriate. U.K.
- (1) Please confirm that the eligible costs are limited to the extra investment costs necessary to achieve the objective of common interest and do not exceed an aid intensity of 100 %: U.K.
- □ yes
- Please confirm the following by ticking the appropriate box and provide explanations about: U.K.
- the precise environmental protection related cost constitutes the eligible costs, if the cost of investing in environmental protection can be easily identified;

or

- the extra investment costs are established by comparing the aided investment with the counterfactual situation in the absence of aid, that is to say the reference investment (141)
- (3) The counterfactual scenario can be difficult to establish in integrated projects such as integrated energy-efficiency measures or biogas projects. Where a counterfactual scenario cannot be established the Commission may consider the total costs of the project as an alternative which may imply lower aid intensities to reflect the calculation of the eligible costs (see point 75 of the EEAG).

If you propose to use that approach please explain in detail the reason for doing so and provide the details of the calculation, in particular showing how the maximum aid intensities are appropriately adjusted:

- Please provide a detailed calculation methodology, by reference to the counterfactual situation, which will be applied to all individual aid grants based on the notified scheme, and provide the relevant evidence: U.K.
- (5) What form do the eligible costs take? U.K.
- (a)□ investments in tangible assets
- (b)□ investments in intangible assets

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

If the investment relates to tangible assets please complete point 6; if it relates to intangible assets please complete point 7. If the investment relates to both tangible and intetangible assets both points 6 and 7 should be completed.

- (6) In case of investments in tangible assets please indicate the form(s) of investments concerned: U.K.
- (a) investments in land which are strictly necessary in order to meet environmental objectives;
- (b)□ investments in buildings intended to reduce or eliminate pollution and nuisances;
- (c) investments in plant and equipment intended to reduce or eliminate pollution and nuisances;
- (d)□ investments to adapt production methods with a view to protecting the environment.
- (7) In case of investments in intangible assets (technology transfer through the acquisition of operating licenses or of patented and non-patented know how) please confirm that any such intangible asset satisfies the following conditions: U.K.
- (a)□ it is regarded as a depreciable asset;
- (b)□ it is purchased on market terms, from an undertaking over which the acquirer has no direct or indirect control;
- it is included in the assets of the undertaking, and remains in the establishment of the recipient of the aid and is used there for at least five years  $^{(142)}$ .

Furthermore, please confirm that if the intangible asset is sold during the first five years:

- □ the yield from the sale will be deducted from the eligible costs; and
- all or part of the amount of aid will, where appropriate, be reimbursed.

If the investment relates to Union standards, please fill in point 8.

- (8) In case of measures aiming at obtaining a level of environmental protection higher than Union standards, please confirm the relevant statements<sup>(143)</sup> by ticking the relevant box: U.K.
- (a) if the undertaking is adapting to national standards adopted in the absence of Union standards, the eligible costs consist of the additional investment costs necessary to achieve the level of environmental protection required by the national standards;
- (b)□ if the undertaking is adapting to or goes beyond national standards which are more stringent than the relevant Union standards or goes beyond Union standards, the eligible costs consist of the additional investment costs necessary to achieve a level of environmental protection higher than the level required by the Union standards<sup>(144)</sup>;
- if no standards exist, the eligible costs consist of the investment costs necessary to achieve a higher level of environmental protection than that which the undertaking or undertakings in question would achieve in the absence of any environmental aid.
- 5.1.1.2. Aid intensity and bonuses U.K.

**Changes to legislation:** There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

The aid intensities which are allowed for the different measures can be found in Annex 1 to the EEAG.

### Section C1: U.K.

### Aid in the form of reductions in or exemptions from environmental taxes (157)

- 1. Please explain how the tax reductions or exemptions contribute indirectly to an improvement of the level of the environmental protection and explain why the tax reductions and exemptions do not undermine the general objective pursued: U.K.
- 2. For reductions in or exemptions from harmonised taxes at Union level, please confirm that: U.K.
- (a)  $\Box$  the aid is granted for a maximum period of 10 years;

and

(b) the aid beneficiaries are selected on objective, transparent and non-discriminatory criteria;

and

(c) the aid is granted in principle in the same way for all competitors in the same sector if they are in a similar factual situation;

and

(d) $\square$  the beneficiaries pay at least the Union minimum tax level set by the relevant applicable directive<sup>(158)</sup>.

Please provide for each category of beneficiaries evidence regarding the payable minimum tax level (rate actually paid preferably in EUR and in the same units as the applicable Union legislation):

(e) the reductions or exemptions are compatible with the relevant applicable Union legislation and comply with the limits and conditions set out therein:

Please refer to the relevant provision(s) and provide the relevant evidence:

- 3. If the conditions in point 2 are confirmed and duly substantiated, there is no need to complete this section, unless those conditions are not fulfilled for the total measure.
- 4. For reductions in or exemptions from environmental taxes which have not been harmonized or for those which have been harmonized but where beneficiaries pay a sum lower than the Union minimum tax level, please confirm that the aid is granted for a maximum period of 10 years: U.K.

nves	$\Box$ no
<i>□y e s</i>	

Furthermore, please provide the following:

- a detailed description of the exempted sector(s):
- a list of the 20 largest beneficiaries covered by the exemptions or reductions as well as a detailed description of their situation, in particular their turnover, their market shares and the size of the tax base:
- 5. Please confirm that: U.K.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

(a) the choice of beneficiaries is based on objective and transparent criteria and the aid is granted in principle in the same way to all competitors in the same sector or relevant market which are in a similar factual situation

and

(b) the environmental tax without reduction would lead to a substantial increase in production costs for each sector or category of individual beneficiaries;

and

- (c)  $\square$  without the aid the substantial increase in production costs would, if passed to the customers, lead to a substantial reduction in sales<sup>(159)</sup>.
- 6. Please provide qualitative and quantitative evidence related to the conditions in point 2: U.K.
- 7. Please explain in what form the tax reduction or exemption is given (point 174 of the EEAG): U.K.
- 8. Please specify which one of the following conditions is met: U.K.
- (a) Are aid beneficiaries paying at least 20 % of the national tax?

□yes □no
----------

If the answer is no, please demonstrate how a lower rate can be justified in view of a limited distortion of competition:

(b) Are the reductions or exemptions conditional on the conclusion of agreements between the Member State and the recipient undertakings or associations of undertakings?

□yes	□no

If so, please provide details and evidence illustrating that the undertakings or associations of undertakings commit themselves to achieve environmental protection objectives which have the same effect of the application of (i) 20 % of the national tax or (ii) the Union minimum tax level:

#### Please also confirm that:

- (a) the substance of the agreements has been negotiated by the Member State and specifies the targets and fixes a time schedule for reaching those targets;
- (b) the Member State ensures independent and timely monitoring of the commitments concluded in those agreements;
- (c) those agreements will be revised periodically in the light of technological and other developments and will stipulate effective penalty arrangements which will apply if the commitments are not met.

Specify per sector the targets and time schedule and describe the monitoring and review mechanisms (for example by whom and at what intervals) as well as the penalty mechanism:

9. Where a carbon tax levied on energy products used for electricity production is introduced and compensation for the electricity used is envisaged (point 179 of the EEAG), please provide the following information: U.K.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- (a) The direct link to the ETS allowance price:

- (c) A list of the beneficiaries and whether they are eligible under the Union ETS State aid Guidelines:
- (d) Please give details about the way the lump sum payment is made:

## Section C2: U.K.

#### Aid in the form of reductions in funding support for energy from renewable sources

- 1. Please explain what the additional costs<sup>(161)</sup> resulting from the financing of renewable energy are and how they are reflected in the electricity prices that are established. Please detail: U.K.
- 2. Please confirm that only reductions from the costs of funding renewable energy support are covered by the measure and that no other costs are included. Please detail. The additional costs cannot exceed the funding of support to energy from renewable sources. U.K.

#### **Eligibility**

- 3. Please provide an overview of the beneficiaries of the measure and identify to what extent the beneficiaries are active in the sectors referred to in Annex 3 to the EEAG. U.K.
- 4. To the extent that the beneficiaries of the measure are not active in sectors that are part of Annex 3 to the EEAG, please identify to what extent the beneficiaries are active in sectors referred to in Annex 5 to the EEAG. U.K.

- Please demonstrate for the undertakings the level of trade intensity at Union level.
- 7. Please confirm providing relevant evidence that the choice of beneficiaries is based on objective, transparent and non-discriminatory criteria and the aid is granted in principle in the same way to all competitors in the same sector or relevant market which are in a similar factual situation. U.K.

#### Proportionality

- 8. Please confirm that the beneficiaries pay in full at least 15 % of the additional costs. U.K.
- 9. Please confirm whether the maximum contributions for electro intensive undertakings are capped. U.K.
- at 4 % Gross value Added (GVA)

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

at 0.5 % GVA (for undertakings with an electro intensity of at least 20 %)

If so,

- (a) Please demonstrate how the maximum levels and GVA are calculated (see Annex 4 to the EEAG):
- (b) Please explain whether any adjustments are made to the calculation in order to cover all labour costs (point 191 of the EEAG):
- (c) Please explain how the cap applies to all eligible undertakings:

## Section C3: U.K.

#### Transitional rules for reductions in funding support for energy from renewable sources

This section only applies if an adjustment plan was submitted to the Commission before 1 July 2015.

1. Please explain in detail whether reductions in or exemptions from funding support for renewable energy were granted before 1 July 2014. U.K.

If so, please show whether new beneficiaries have entered the scheme after 1 July 2014.

- 2. Please provide an overview of the beneficiaries who benefitted from the measure before 1 July 2014. U.K.
- 3. Please divide those beneficiaries in two groups: one eligible for the aid under the EEAG (group 1) and another not eligible for aid under the EEAG (group 2). U.K.
- 4. Please provide an adjustment plan that would progressively bring the aid levels in line with the application of the eligibility and proportionality criteria set out in section C.2. U.K.
- (a) Please demonstrate how the plan foresees a minimum own contribution of 15 % by 2019 for group 1 referred to in point 3.
- (b) Please demonstrate how the plan foresees a minimum own contribution of 20 % by 2019 for group 2 referred to in point 3.

# PART III.7 U.K.

#### Supplementary Information Sheet on risk finance aid

Please complete this supplementary information sheet, in addition to the 'General information' form, for the notification of any aid scheme covered by the Guidelines on State aid to promote risk finance investments ('RFG') $^{(162)}$ .

Please consult paragraph 52 RFG for definitions.

- 1. Scope U.K.
- 1.1. Reasons for notifying the scheme:

Status: Point in time view as at 31/01/2020. Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- The scheme does not comply with the General Block Exemption Regulation (a)□ ('GBER')<sup>(163)</sup>. Please identify the provisions in the legal basis of the scheme that go beyond the GBER and indicate which GBER provisions they go beyond:
- (b)□ The scheme does not comply with the *de minimis* Regulation<sup>(164)</sup>. Please indicate the reasons why:
- The scheme does not comply with the market economy operator test at one or more (c) levels (at the level of the investors, the financial intermediary and its manager, and the undertakings in which the investment is made) (See section 2.1 RFG; for loans, reference is made to the Communication on the Reference Rate<sup>(165)</sup>, and for guarantees to the Guarantee Notice<sup>(166)</sup>). Please specify the reasons why:
- The scheme does not contain aid and it is notified for legal certainty reasons. (d)□
- 1.2. Scope of the notified scheme: Please tick as appropriate to confirm:
- The notified scheme is deployed through financial intermediaries or alternative trading (a)□ platforms, except for fiscal incentives for direct investments in eligible undertakings (paragraph 20 RFG).
  - Please provide the reference to the relevant provision of the legal basis:
- (b)□ The notified scheme excludes large companies, except for small or innovative midcaps (paragraph 21 RFG).
  - Please provide the reference to the relevant provision of the legal basis:
- (c)□ The notified scheme excludes risk finance aid to companies listed on the official list of a stock exchange or a regulated market (paragraph 22 RFG).
  - Please provide the reference to the relevant provision of the legal basis:
- (d)□ The risk finance scheme involves private investors (paragraph 23 RFG).
  - Please provide the reference to the relevant provision of the legal basis:
- (e)□ The risk finance scheme provides that as regards asymmetric risk-reward sharing between the State and private investors there is a substantial risk incurred by private investors or the State receives a reward on its investment (paragraph 24 RFG).
  - Please provide the reference to the relevant provision of the legal basis:
- The risk finance scheme cannot be used to support buyouts (paragraph 25 RFG). (f)□
  - Please provide the reference to the relevant provision of the legal basis:
- The risk finance scheme provides that no risk finance aid will be granted to (g)□ undertakings in difficulty, as defined in the RFG (Please note that under the RFG, SMEs within seven years from their first commercial sale that qualify for risk finance investments following due diligence by the selected financial intermediary will not be considered as undertakings in difficulty, unless they are subject to insolvency proceedings or fulfil the criteria under their domestic law for being placed in collective insolvency proceedings at the request of their creditors).
  - Please provide the reference to the relevant provision of the legal basis:
- The risk finance scheme excludes aid to undertakings that have received illegal aid (h)□ that has not yet been fully recovered (paragraph 26 RFG).

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- (i) The risk finance scheme does not concern aid to export-related activities towards third countries or Member States, namely aid directly linked to the quantities exported, the establishment and operation of a distribution network or to other current costs linked to the export activity, as well as aid contingent upon the use of domestic over imported goods (paragraph 27 RFG).
- (j) The risk finance scheme does not make aid subject to the obligation to use nationally produced goods or national services, and does not violate the freedom of establishment, where the aid is subject to the obligation for financial intermediaries, their managers or final beneficiaries to have or move their headquarters in the territory of the Member State concerned.

## 2. **Description of the scheme U.K.**

- 2.1. Budget of the scheme:
- What is the total risk finance investment amount (including both the public and private part) per target undertaking over the whole investment cycle for each undertaking benefiting from the scheme (that is to say not per annum)? Please specify:
- What is the size of the annual budget of the scheme?
- What is the overall size of budget of the measure for its entire duration? Please specify:
- What is the size of the investment fund(s) set up under the scheme?
- Is the scheme to be co-financed by Union funds (European Social Fund, European Regional Development Fund, other)? Please specify:
- 2.2. Duration of the scheme:
- (a) What is the duration of the scheme? (Please specify the dates of its entry into force and its end date)
- (b) What is the envisaged duration of the investment period?
- (c) What is the envisaged duration of the holding period?
- 2.3. Target undertakings which are the final beneficiaries of the scheme:

The *ex-ante* assessment<sup>(167)</sup> demonstrates the need for the following undertakings to be targeted by the scheme as final beneficiaries (paragraphs 63 - 79 RFG) (please provide details):

- (a) Small midcaps (an undertaking (i) whose number of employees does not exceed 499, and (ii) whose annual turnover does not exceed EUR 100 million or whose annual balance sheet does not exceed EUR 86 million). With reference to the *exante* assessment, please provide a summary of its economic evidence and appropriate justification:
- (b)□ Innovative mid-caps (mid-caps whose number of employees does not exceed 1 500 and whose R & D and innovation costs, as defined by the GBER, represent (a) at least 15 % of its total operating costs in at least one of the three years preceding the first investment under the risk finance measure, or (b) at least 10 % per year of its total operating costs in the three years preceding the first investment under the risk finance measure). With reference to the *ex-ante* assessment, please provide a summary of its the economic evidence and appropriate justification:
- (c) Undertakings receiving the initial risk finance investment more than seven years after their first commercial sale: With reference to the *ex-ante* assessment, please provide a summary of its economic evidence and appropriate justification:

- (d) Undertakings requiring an overall risk finance investment (including public and private) of an amount exceeding the EUR 15 million cap fixed in the GBER: With reference to the *ex-ante* assessment, please provide a summary of its economic evidence and appropriate justification:
- (e) Alternative trading platforms not fulfilling the conditions of Article 23 of the GBER: With reference to the *ex-ante* assessment, please provide a summary of its economic evidence and appropriate justification:
- (f)□ Other:
  - With reference to the *ex-ante* assessment, please provide a summary of its economic evidence and appropriate justification:
- 2.4. Financial instruments: the *ex-ante* assessment demonstrates a need for the following design parameters not complying with the GBER (paragraph 80 to 86 RFG):
- (a) Independent private investors' participation below the ratios required in Article 21(10) of the GBER (paragraphs 80 to 81 RFG).
  - With reference to the *ex-ante* assessment, please provide a summary of its economic evidence and appropriate justification for having ratios below the ratios required in the GBER:
- (b) Financial instruments with design parameters above the ceilings provided for in the GBER, that is to say where the public investor takes more risk than allowed under the GBER (paragraphs 82 83 RFG).
  - With reference to the *ex-ante* assessment, please provide a summary of its economic evidence and appropriate justification for having design parameters above the ceilings provided for in the GBER:
- (c) Financial instruments other than guarantees where investors, financial intermediaries and their managers are selected by giving preference to downside protection over asymmetric profit-sharing.
  - With reference to the *ex-ante* assessment, please provide a summary of its economic evidence and appropriate justification:
- (d)□ Other:
  - With reference to the *ex-ante* assessment, please provide a summary of its economic evidence and appropriate justification:
- 2.5. Fiscal instruments: the *ex-ante* assessment demonstrates that the following design parameters which do not comply with the GBER are required:
- (a) Fiscal incentives to corporate investors (including financial intermediaries or their managers acting as co-investors).
  - Please provide a summary of its economic evidence and appropriate justification:
- (b) Fiscal incentives to corporate investors for investment in SMEs via an alternative trading platform.
  - Please provide a summary of its economic evidence and appropriate justification:
- (c)□ Other:

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

Please provide a summary of its economic evidence and appropriate justification:

- 2.6. Private investors participating in the measure with equity, loans or guarantees:
- (a) Please provide the characteristics of the private investors participating in the measure (e.g. corporate investors, natural persons, etc.):
- (b) Do the private investors provide equity, loans or guarantees at the level of the financial intermediary (e.g. fund of funds) or at the level of the final beneficiaries? Please specify:
- (c) Do the financial intermediaries implementing the scheme co-invest (and are hence to be considered as private investors)?
   □ Yes. If so, please specify:
   □ No
- 2.7. Financial intermediaries implementing the scheme:

(See broad definition in paragraph 52 RFG; it also includes funds with and without legal personality)

- (a) Please specify the nature of the financial intermediaries implementing the scheme:
- (b) Does the implementation of the measure involve an 'entrusted entity' (as defined in paragraph 52(v) RFG)?
  - ☐ Yes. If so, please give details:☐ No
- (c) Does the entrusted entity co-invest with the Member State out of its own resources?
  - Yes. If so, please provide the reference to the legal basis authorising the entrusted entity to make such co-investment:
  - No. If so, please explain the method for the calculation of its compensation for implementing the measure, to ensure it is not overcompensated:
- (d) Is the entrusted entity selected through an open, transparent, non-discriminatory and objective selection procedure or is it directly appointed? Please specify:
- (e) Does the entrusted entity manage the fund(s) through which the funding is provided under the risk finance scheme?

□yes	$ \Box no$

#### 3. Further information for the compatibility assessment of the aid scheme U.K.

3.1. Contribution to a common objective and need for State intervention (3.2 & 3.3 RFG) U.K.

A risk finance aid scheme can only be justified if it is targeted at addressing a specific market failure, in the form of the existence of a funding gap affecting specific undertakings in a specific development stage, geographic area and, if applicable, economic sector.

Please submit the in-depth ex-ante assessment that proves the specific market failure, together with this notification.

3.1.1. Information on the *ex-ante* assessment (paragraphs 65-66 RFG):

Date of the *ex-ante* assessment:

The assessment has been carried out by:

an independent entity

an entity linked to the following public authority:

Data on which the assessment is based:

Please tick to confirm that the *ex-ante* assessment is based on data covering 5 years preceding the notification:

The risk finance scheme is financed partially from the European Stuctural and Investment Funds and the assessment was prepared in accordance with Article 37(2) of Regulation (EU) No 1303/2013 (the Common Provisions Regulation)<sup>(168)</sup>:□

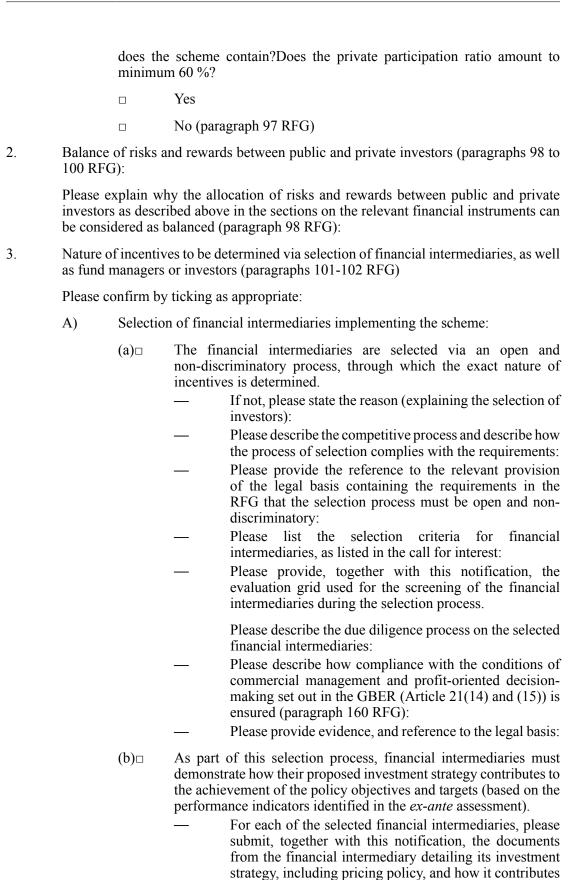

3.1.2. Identification in the *ex-ante* assessment of the specific policy objectives and performance indicators for the risk finance scheme (paragraphs 58–59 RFG):

Please list the identified specific policy objectives and make reference to the relevant section in the *ex-ante* assessment:

Please list the defined performance indicators (see examples in paragraph 58 RFG) and make reference to the relevant section in the *ex-ante* assessment:

- 3.1.3. Economic evidence and justification in the *ex-ante* assessment for the need for State intervention (section 3.3 RFG): see sections 2.3, 2.4, and 2.5 of this form.
- 3.2. Appropriateness and incentive effect of the risk finance scheme (sections 3.4 & 3.5 RFG) U.K.
- 3.2.1. General:
- A) By reference to the *ex-ante* assessment, please explain why the existing and envisaged national and Union policy actions targeting the same identified market failures cannot adequately address the identified market failures (paragraphs 90–91 RFG):
- B) Please explain why the proposed State aid instrument has the most appropriate design to ensure an efficient funding structure (paragraphs 92–93 RFG):
- 3.2.2. Appropriateness conditions for financial instruments (section 3.4.2 RFG):
- 1. Minimum private investment ratios (paragraphs 95–97 RFG):
  - What is the minimum aggregate (that is to say total, including all levels) independent private participation rate in the risk finance investment in the final beneficiary?:% of the risk finance (public and private) provided to the final beneficiary.
  - In case of independent private investors' participation below the ratios required in GBER, please summarize the economic evidence and provide detailed justification for this ratio (as per paragraph 95 RFG), with reference to the *ex-ante* assessment:
  - Does the *ex-ante* assessment demonstrate that the scheme leverages additional private funding that would not have been provided otherwise, or in different forms or amounts or on different terms? Please explain:
  - Is private participation in the risk finance scheme of a non-independent nature acceptable (paragraph 96 RFG)?
    - Yes. If so, please provide economic evidence and justification:
    - □ No

- Please provide a detailed description of the mechanism foreseen in the risk finance scheme, by which the Member State will ensure that the investment strategy of the intermediaries remains at all times aligned with the agreed policy targets (e.g. via monitoring, reporting, participation in the representation bodies), and that material changes to the investment strategy require the prior consent of the Member State.
- Please also provide the reference to the relevant provision of the legal basis:
- (c) Each of the selected financial intermediaries has been selected in a competitive process taking into account its pricing policy on the instruments deployed in the risk finance scheme (including cost of funding, credit risk premiums, administrative and all other fees). Please provide evidence to that effect for each of the selected financial intermediaries.
- (d) The manager of the financial intermediary or the management company ('the manager') is chosen through an open, transparent, non-discriminatory and objective selection procedure or the manager's remuneration fully reflects market levels.
  - If not, please state the reason (including an explanation on the selection of investors):

Please describe the competitive process and describe how the selection process complies with the requirements of this point:

- Please provide the reference to the relevant provision of the legal basis containing those requirements:
- (e) The managers of the fund of funds are required to legally commit as part of their investment mandate to determine via a competitive process the preferential conditions which could apply at the level of the sub-funds (paragraph 101 RFG).
- B) Selection of private investors
  - The private investors are selected via an open and non-discriminatory process through which the exact nature of incentives is determined (paragraph 101 RFG). Please describe the modalities for identification and selection of private investors:
- 4. Co-investing financial intermediary or fund manager taking at least 10 % of first loss piece (paragraph 103 RFG)
  - Where the financial intermediary or fund manager co-invest alongside the Member State, any potential conflict of interest should be avoided and they must take at least 10 % of the first loss piece (paragraph 103 RFG). Please confirm that this is the case (if applicable):
- 5. Pass-on mechanism in the case of debt instruments (loans or guarantees) (paragraph 104 RFG):
  - (a) The risk finance scheme provides for a pass-on mechanism (as described in section 2.9.1.1.A.) ensuring that the financial intermediary passes on the

3.2.4. Appropriateness conditions for measures supporting alternative trading platforms (section 3.4.4 RFG):

For the purposes of these requirements, the information you have provided under section 2.9.3 will be considered.

Please indicate any further information you consider relevant with regard to the appropriateness conditions:

- 3.3. Proportionality of the aid (section 3.6 RFG) U.K.
- 3.3.1. Proportionality in relation to the identified market failure:
- Please describe and quantify the sources of financing available to the targeted undertakings, as analysed in the *ex-ante* assessment (cf. paragraph 65 RFG):
- With reference to the *ex-ante* assessment, please provide a summary description of the nature and size of the funding gap faced by each category of targeted undertaking as demonstrated by the *ex-ante* assessment (that is to say the level of demand for finance from the targeted undertakings that is not met by the sources of financing described in point 3.3.1; please specify how the funding gap is calculated):
- Please describe how the total amount of syndicated funding (public and private) provided under the risk finance measure is limited to the size of the funding gap (paragraph 134 RFG):
- Please explain, by reference to the *ex-ante* assessment, how the preferential treatment of private investors is limited to the minimum necessary to achieve the minimum ratios of private capital participation required by the scheme (paragraph 134 RFG):
- Duration of the funding gap faced by each category of targeted undertaking as estimated by the *ex-ante* assessment:
  - Please provide a summary of the economic evidence:...
- The *ex-ante* assessment provides evidence of the above market failure referred to in point 3.3.1 in the following sector(s):and in the following geographic area:
  - Please provide a summary of the economic evidence:...
- 3.3.2. Proportionality conditions for financial instruments (section 3.6.1 RFG):
- 1. In relation to the financial intermediaries/fund managers:

If the financial intermediary and its manager are public entities and were not selected through an open, transparent, non-discriminatory and objective selection procedure, please tick to confirm and provide evidence of the following (paragraph 41 RFG):

- (a) Their management fee is capped, their overall remuneration reflects normal market conditions and is linked to performance:
- (b) 

  The public financial intermediaries are managed commercially and their managers take investment decisions in a profit-oriented manner at arm's length from the State. Please explain in particular the mechanisms established to exclude any possible interference by the State in the day-to-day management of the public fund:
- (c) 

  The private investors are selected through an open, transparent, non-discriminatory and objective selection process, on a deal-by-deal basis.

In the case of direct appointment of an entrusted entity, what is its annual management fee, excluding performance-based incentives?: % of the capital to be contributed to the entity. Please note that it should not exceed 3 % (paragraph 148 RFG).

#### 2. In relation to the private investors:

In the case of co-investment by a public fund with private investors participating on a deal by deal basis, are the private investors selected through a separate competitive process in respect of each transaction, so as to establish the fair rate of return (paragraph 137 RFG)?

☐ Yes. If so, please provide supporting evidence.☐ No

Where private investors are not selected through such a process, is the fair rate of return established by an independent expert on the basis of an analysis of market benchmarks and market risk using the discounted cash flow valuation methodology, and detailing the calculation of a minimum level of fair rate of return and an appropriate margin to reflect the risks (paragraph 138 RFG), and are all conditions of paragraph 139 RFG fulfilled?

□ No

Yes. If so, please provide the report in which the evaluation is contained, identify the expert, describe the existing rules for its appointment, and provide the relevant evidence:

Please tick to confirm that the same independent expert cannot be used twice within the same 3-year period

Please explain how the risk adjusted returns for the private investors are limited to the fair rate of return (paragraph 140 RFG):

Please explain, on the basis of the *ex-ante* assessment, the economic justification for the specific financial parameters underpinning the measure:

#### 3.3.3. Proportionality conditions for fiscal instruments (section 3.6.2 RFG):

For the purposes of these requirements, the information provided under section 2.9.2 will be considered.

Please indicate any further information you consider relevant with regard to the proportionality conditions:

#### 3.3.4. Proportionality conditions for alternative trading platforms (section 3.6.3 RFG):

For the purposes of these requirements, the information provided under section 2.9.3 will be considered.

Please indicate any further information you consider relevant with regard to the proportionality conditions:

- 3.4. Avoidance of undue negative effects on competition and trade (section 3.7 RFG) U.K.
- Please provide, as part of the *ex-ante* assessment, information on the potential negative effects of the risk finance scheme. It should include the potential negative effects at all three levels, that is to say in the market for the provision of risk finance (e.g. the risk of crowding out of private investors), at the level of financial intermediaries and their managers, and at the level of final beneficiaries (including in the markets in which the beneficiaries are active).

### Supplementary Information Sheet for the notification of an evaluation plan

Member States must use this sheet for the notification of an evaluation plan pursuant to Article 1(2)(a) of Regulation (EU) No  $651/2014^{(169)}$  and in the case of a notified aid scheme subject to an evaluation as provided in the relevant Commission guidelines.

Please refer to the Commission Staff Working Document 'Common methodology for State aid evaluation '(170) for guidance on the drafting of an evaluation plan.

#### 1. Identification of the aid scheme to be evaluated U.K.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- (1) Title of the aid scheme:
- (2) Does the evaluation plan concern:
  - (a) a scheme subject to evaluation pursuant to Article 1(2)(a) of Regulation (EU) No 651/2014?
  - (b)□ a scheme notified to the Commission pursuant to Article 108(3) TFEU?
- (3) Reference of the scheme (to be completed by the Commission):
- (4) Please list any existing *ex-ante* evaluations or impact assessments for the aid scheme and *ex-post* evaluations or studies conducted in the past on predecessors of the aid scheme or on similar schemes. For each of those studies, please provide the following information: (a) a brief description of the study's objectives, methodologies used, results and conclusions, and (b) specific challenges that the evaluations and studies might have faced from a methodological point of view, for example data availability that are relevant for the assessment of the current evaluation plan. If appropriate, please identify relevant areas or topics not covered by previous evaluation plans that should be the subject of the current evaluation. Please provide the summaries of such evaluations and studies in annex and, when available, the internet links to the documents concerned:
- 2. Objectives of the aid scheme to be evaluated (171) U.K.
- 2.1. Please provide a description of the aid scheme specifying the needs and problems the scheme intends to address and the intended categories of beneficiaries, for example size, sectors, location, indicative number:
- 2.2. Please indicate the objectives of the scheme and the expected impact, both at the level of the intended beneficiaries and as far as the objective of common interest is concerned:
- 2.3. Please indicate possible negative effects, on the aid beneficiaries or on the wider economy, that might be directly or indirectly associated with the aid scheme<sup>(172)</sup>:
- 2.4. Please indicate (a) the annual budget planned under the scheme, (b) the intended duration of the scheme<sup>(173)</sup>, (c) the aid instrument or instruments and (d) the eligible costs:
- 2.5. Please provide a summary of the eligibility criteria and the methods for selecting the aid beneficiaries. In particular, please describe the following: (a) the methods used for selecting beneficiaries (e.g. such as scoring), (b) the indicative budget available for each group of beneficiaries, (c) the likelihood of the budget being exhausted for certain groups of beneficiaries, (d) the scoring rules, if they are used in the scheme, (e) the aid intensity thresholds and (f) the criteria the authority granting the aid will take into account when assessing applications:
- 2.6. Please mention specific constraints or risks that might affect the implementation of the scheme, its expected impacts and the achievement of its objectives:

## 3. **Evaluation questions U.K.**

3.1. Please indicate the specific questions that the evaluation should address by providing quantitative evidence of the impact of aid. Please distinguish between (a) questions related to the direct impact of the aid on the beneficiaries, (b) questions related to the indirect impacts and (c) questions related to the proportionality and appropriateness

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

of the aid. Please explain how the evaluation questions relate to the objectives of the scheme:

## 4. **Result indicators** U.K.

4.1. Please use the following table to describe which indicators will be built to measure outcomes of the scheme, as well as the relevant control variables, including the sources of data, and how each result indicator corresponds to the evaluation questions. In particular, please mention (a) the relevant evaluation question, (b) the indicator, (c) the source of data, (d) the frequency of collection of data (for example, annual, monthly, etc.), (e) the level at which the data is collected (for example, firm level, establishment level, regional level, etc.), (f) the population covered in the data source (for example, aid beneficiaries, non-beneficiaries, all firms, etc.):

Evaluation question	Indicator	Source	Frequency	Level	Population

Please explain why the chosen indicators are the most relevant for measuring the expected impact of the scheme:

## 5. Envisaged methods to conduct the evaluation U.K.

- 5.1. In light of the evaluation questions, please describe the envisaged methods to be used in the evaluation to identify the causal impact of the aid on the beneficiaries and to assess other indirect impacts. In particular, please explain the reasons for choosing those methods and for rejecting other methods (for example, reasons related to the design of the scheme)<sup>(174)</sup>:
- 5.2. Please describe precisely the identification strategy for the evaluation of the causal impact of the aid and the assumptions on which the strategy relies. Please describe in detail the composition and the significance of the control group:
- 5.3. Please explain how the envisaged methods address potential selection bias. Can it be claimed with sufficient certainty that observed differences in the outcomes for the aid beneficiaries are due to the aid?
- 5.4. If relevant, please explain how the envisaged methods intend to address specific challenges related to complex schemes, for example schemes that are implemented in a differentiated manner at regional level and schemes that use several aid instruments:

## 6. **Data collection** U.K.

- 6.1. Please provide information on the mechanisms and sources for collecting and processing data about the aid beneficiaries and about the envisaged counterfactual. (175) Please provide a description of all the relevant information that relates to the selection phase: data collected on aid applicants, data submitted by applicants and selection outcomes. Please also explain any potential issue as regards data availability:
- 6.2. Please provide information on the frequency of the data collection relevant for the evaluation. Are observations available on a sufficiently disaggregated level, that is to say at the level of individual undertakings?

- 6.3. Please indicate whether the access to the necessary data for conducting the evaluation might be hindered by laws and regulations governing confidentiality of data and how those issues would be addressed. Please mention other possible challenges related to data collection and how they would be overcome:
- 6.4. Please indicate whether surveys of aid beneficiaries or of other undertakings are foreseen and whether complementary sources of information are intended to be used:
- 7. Proposed timeline of the evaluation U.K.
- 7.1. Please indicate the proposed timeline of the evaluation, including milestones for data collection, interim reports and involvement of stakeholders. If relevant, please provide an annex detailing the proposed timeline:
- 7.2. Please indicate the date by which the final evaluation report will be submitted to the Commission:
- 7.3. Please mention factors that might affect the envisaged timeline:
- 8. The body conducting the evaluation U.K.
- 8.1. Please provide specific information on the body conducting the evaluation or, if not yet selected, on the timeline, procedure and criteria for its selection:
- 8.2. Please provide information on the independence of the body conducting the evaluation and on how possible conflict of interest will be excluded during the selection process:
- 8.3. Please indicate the relevant experience and skills of the body conducting the evaluation or how those skills will be ensured during the selection process:
- 8.4. Please indicate which arrangements the granting authority will make to manage and monitor the conduct of the evaluation:
- 8.5. Please provide information, even if only of an indicative nature, on the necessary human and financial resources that will be made available for carrying out the evaluation:
- 9. **Publicity of the evaluation** U.K.
- 9.1. Please provide information on the way the evaluation will be made public, that is to say, through the publication of the evaluation plan and the final evaluation report on a website:
- 9.2. Please indicate how the involvement of stakeholders will be ensured. Please indicate whether the organisation of public consultations or events related to the evaluation is envisaged:
- 9.3. Please specify how the evaluation results are intended to be used by the granting authority and other bodies, for example for the design of successors of the scheme or for similar schemes:
- 9.4. Please indicate whether and under which conditions data collected for the purpose or used for the evaluation will be made accessible for further studies and analysis:
- 9.5. Please indicate whether the evaluation plan contains confidential information that should not be disclosed by the Commission:
- 10. **Other information** U.K.

#### GENERAL INFORMATION SHEET FOR THE EU GUIDELINES FOR STATE AID IN THE AGRICULTURE AND FORESTRY SECTORS AND IN RURAL AREAS

Please note that this general information sheet for the notification of State aid applies to all sectors covered by the European Union Guidelines for State aid in the agriculture and forestry sectors and in rural areas 2014–2020<sup>(176)</sup> ('the Guidelines'). In addition for all measures covered by the Guidelines the relevant Supplementary Information Sheet must be completed.

#### 0. COMMON ASSESSMENT PRINCIPLES U.K. 1. Does the State aid measure satisfy the following common assessment principles? U.K. the measure contributes to a well-defined objective of common interest; the need for State intervention: a State aid measure must be targeted towards a situation where aid can bring about a material improvement that the market cannot deliver itself, by remedying a well-defined market failure: the appropriateness of the aid measure: the proposed aid measure must П be an appropriate policy instrument to address the objective of common interest: the incentive effect: the aid must change the behaviour of the undertaking(s) concerned in such a way that it engages in an additional activity which it would not carry out without the aid or it would carry out in a restricted or different manner; the proportionality of the aid (aid limited to the minimum necessary): П the aid amount must be limited to the minimum needed to induce the activity in the sector concerned: the avoidance of major undue negative effects on competition and trade between Member States: the negative effects of aid must be sufficiently limited, so that the overall balance of the measure is positive; transparency of aid: Member States, the Commission, economic П operators, and the public must have easy access to all relevant acts and to pertinent information about the aid granted thereunder. 2. Does the State aid measure entail one of the following non-severable violations of European Union law? U.K. the obligation for the beneficiary to have its headquarters in the relevant

Will the aid have an environmental impact? U.K. yes no If the answer is yes, the Member State must provide with the notification information demonstrating that the aid will not result in an infringement of applicable Union environmental protection legislation. 1.8. Where State aid is notified, which forms part of the rural development programme, is the environmental requirement for the State aid measure identical with the environmental requirement of the rural development measure? U.K. no П yes If the answer is no, please note that in accordance with point (52) of the Guidelines the aid cannot be declared compatible with the internal market. 2. APPROPRIATENESS OF AID U.K. 2.1. Is the aid notified provided for at the same time in the relevant rural development programme? U.K. yes П no If the answer is ves, could the Member State demonstrate the advantages of such a national aid instrument compared to the rural development programme measure at stake? As regards investment aid, which is not covered by Regulation (EU) No 1305/2013 2.2. of the European Parliament and of the Council (178) as part of the rural development programme or as additional financing for such a rural development measure, is the aid granted in forms that provide a direct pecuniary advantage (for example direct grants, exemptions or reductions in taxes, social security or other compulsory charges. etc.)? U.K. yes no П If the answer is yes, the Member State must demonstrate why other potentially less distortive forms of aid, such as repayable advances or forms of aid that are based on debt or equity instruments (for example, low-interest loans or interest rebates, State guarantees or an alternative provision of capital on favourable terms) are less appropriate. 2.3. □(e)	other (please specify):

If the eligible costs are costs other than those referred to in points (a) to (d), please note that the aid cannot be declared compatible with the internal market.

- 2.3. Please state the maximum aid intensity, expressed as a percentage of eligible investment: U.K.
- (a) of the amount of the real costs incurred for the dismantling, removal and re-building of existing buildings or facilities;
- (b) where, in addition to the costs referred to in point (a), the relocation results in a modernisation of facilities<sup>(189)</sup> or in an increase in production capacity:
  - (i) of the amount of the costs relating to the modernisation of the facilities or the increase of the production capacity ('the relevant costs') in the outermost regions;
  - (ii) of the amount of the relevant costs in the smaller Aegean Islands;
  - of the amount of the relevant costs in Croatia for the implementation of the Nitrates Directive in accordance with point (148)(b) of the Guidelines;
  - (iv) of the amount of the relevant costs in less developed regions and in all regions whose the gross domestic product (GDP) per capita for the period from 1 January 2007 to 31 December 2013 was less than 75 % of the average of the EU-25 for the reference period but whose GDP per capita is above 75 % of the GDP average of the EU-27;
  - (v) of the amount of the relevant costs in other regions.

If the rates of aid intensity referred to in (i) to (v) are higher than those set out in point (152) of the Guidelines, please clarify whether any of the following exceptions apply allowing for an increase by 20 percentage points:

young farmers or farmers who have set up during the
five years preceding the application for aid;
collective investments, such as storage facilities which
are used by a group of farmers or facilities to
prepare the agricultural products before marketing; and
integrated projects covering several measures provided

- 1.1.7. SUPPLEMENTARY INFORMATION SHEET ON AID TO AREAS FACING NATURAL OR OTHER SPECIFIC CONSTRAINTS U.K.

This form must be used for the notification of State aid aimed at compensating for natural or other specific constraints in certain areas, which is covered by Section 1.1.7. of Chapter 1 of Part II of the EU Guidelines for State aid in the agriculture and forestry sectors and in rural areas 2014 to 2020 ('the Guidelines'). This Section applies to undertakings active in the primary agricultural production.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

1.	The area facing natural or other specific constraints must be designated in accordance
	with Article 32 of the Regulation (EU) No 1305/2013. Please specify the paragraph
	of Article 32 under which the area is designated and describe the constraint in
	question. U.K.

- 2. Calculate the payments (additional costs and income foregone) in comparison to areas which are not affected by natural or other specific constraints, taking into account payments pursuant to Chapter 4 of Title III of Regulation (EU) No 1307/2013. U.K.

	idillillig system	III: U.K.		
		yes		no
4.	Will be the aid	l granted annually per h	ectare of agricultural ar	ea? U.K.
		yes		no

If the answer is no, please note that in accordance with point (257) of the Guidelines this aid cannot be granted.

5. What will be the minimum and maximum amount of the aid per hectare per year on average of the area of the beneficiary receiving the aid? U.K.

#### Minimum: Maximum:

Take into account that the aid must be fixed between the following minimum and maximum amounts: EUR 25 minimum per hectare per year on average of the area of the beneficiary receiving aid, and EUR 250 maximum per hectare per year; the maximum amount may reach EUR 450 per hectare per year in mountain areas as defined in Article 32(2) of Regulation (EU) No 1305/2013.

- 6. If the maximum amounts are higher than the maximum permitted, could the Member State explain the specific circumstances that justify them? U.K.
- 7. Member States must provide for the degressivity of aid above a threshold level of area per holding, to be defined, except where the grant of aid only concerns the minimum amount per hectare per year as laid down in point (258) of the Guidelines. To that effect, could the Member State specify the size of the farms that will benefit from this aid? U.K.
- 8. In addition to the aid provided for in this scheme, will the Member State grant aid under this measure to beneficiaries in areas which were eligible for aid in accordance with Article 36(a)(ii) of Regulation (EC) No 1698/2005<sup>(202)</sup>? U.K.

yes	no

If the answer is yes, for beneficiaries in areas that are no longer eligible following the new delimitation referred to in Article 32(3) of Regulation (EU) No 1305/2013, will this aid be degressive over a maximum period of four years starting on the date that the delimitation in

## OTHER INFORMATION

Please indicate any other information considered relevant to the assessment of the measure concerned under this Section of the Guidelines.

2. SUPPLEMENTARY INFORMATION SHEET ON AIDS FOR THE FORESTRY SECTOR U.K.

This form must be used for the notification of any State aid measure (223) for the forestry sector covered by Chapter 2 of Part II of the European Union Guidelines for State aid in the agriculture and forestry sectors and in rural areas 2014 to 2020 ('the Guidelines').

In addition to this form, please fill in the General Information Sheet for the notification of State aid in the agriculture and forestry sectors and in rural areas (Part III 12) demonstrating the general eligibility conditions for State aid and also the corresponding forestry forms 2.1 to 2.9 depending on the specific type of aid.

Please submit information concerning the legal basis provided for in national law, or the draft act providing the legal basis in national law, together with any additional documents, such as calculation methodology, experts opinion, which describe in more details the State aid measure.

If aid for the forestry sector is to be granted under Union rules common to all sectors or specific to trade and industry, please use the applicable notification form for those sectors when notifying a State aid measure to DG Competition services.

1.1.	Does the aid meet the objectives and fulfil all the conditions, including the con	ditions

GENERAL ELIGIBILITY CRITERIA U.K.

u yes u no

If the answer is no, please note that the Commission will declare State aid for the forestry sector compatible with Article 107(3)(c) of the Treaty only if the aid complies with the conditions laid down in Regulation (EU) No 1305/2013 (except for measures of Sections 2.8 and 2.9 of Chapter 2 of Part II of the Guidelines).

1.2.	Is the aid intended for investments in energy saving and renewable energies?				
		yes		no	

1.2.1. If the answer is yes, does the aid concern investments in energy saving and renewable energies related to the use of wood as a raw material or energy source, which are limited to all working operations prior to industrial processing<sup>(225)</sup>? U.K.

4.1.8. Please confirm, and demonstrate with additional description and information, that the aid complies with the following minimum environmental requirements: U.K.

 $\Box$ (a)

the selection of species to be planted, of areas and of methods to be used must avoid the inappropriate afforestation of sensitive habitats such as peat lands and wetlands and negative effects on areas of high ecological value including areas under high natural value farming. On sites designated as Natura 2000 pursuant the Habitats Directive and the Birds Directive only afforestation consistent with the management objectives of the sites concerned and agreed with the Member State's authority in charge of implementing Natura 2000 must be allowed;

□(b)

authority in charge of implementing Natura 2000 must be allowed; the selection of species, varieties, ecotypes and provenances of trees must take account of the need for resilience to climate change and to natural disasters and the pedologic and hydrologic condition of the area concerned, as well as of the potential invasive character of the species under local conditions. The beneficiary must be required to protect and care for the forest at least during the period for which the premium for agricultural income foregone and maintenance is paid. This must include tending, thinning or grazing, as appropriate, in the interest of the future development of the forest and regulating competition with herbaceous vegetation and avoiding the building up of fire prone undergrowth material. As regards fast-growing species, the Member State must define the minimum and maximum time before felling. The minimum time must not be less than eight years and the maximum must not exceed 20 years;

□(c)

in cases where, due to difficult environmental or climatic conditions, including environmental degradation, the planting of perennial woody species cannot be expected to lead to the establishment of forest cover as defined under the applicable national legislation, the Member State may allow the beneficiary to establish other woody vegetation cover. The beneficiary must provide the same level of care and protection as applicable to forests;

 $\Box$ (d)

in the case of afforestation operations leading to the creation of forests of a size exceeding a certain threshold, to be defined by Member States, the operation must consist of either:

- (i) the exclusive planting of ecologically adapted species and/or species resilient to climate change in the bio-geographical area concerned, which have not been found, through an assessment of impacts, to threaten biodiversity and ecosystem services, or to have a negative impact on human health; or
- (ii) a mix of tree species which includes either at least 10 % of broadleaved trees by area, or a minimum of three tree species or varieties, with the least abundant making up at least 10 % of the area.

# 2.6. SUPPLEMENTARY INFORMATION SHEET ON AID FOR COOPERATION IN FORESTRY SECTOR U.K.

This form must be used for the notification of any State aid measure whose aim is the cooperation in the forestry sector as described by section 2.6 of the EU Guidelines for State aid in the agricultural and forestry sectors and in rural areas 2014-2020 ('the Guidelines'). For aid for cooperation in the forestry sector related to horizontal and vertical cooperation among supply chain actors in the sustainable production of biomass for energy production and industrial processes and for rural tourism, the form covering Section 3.10 of Part II of the Guidelines must be filled in.

### 1. **TYPE OF AIDS** U.K.

П

1.1. The cooperation involves at least: U.K.

two entities in the forestry sector;

one entity in the forestry sector and one in the agricultural sector.

1.2. The aid is granted in order to promote forms of cooperation benefitting the forestry sector, and in particular involves: U.K.

□(a) cooperation approaches among different actors in the forestry sector and other actors active in the forestry sector that contribute to achieving the objectives and priorities of rural development policy, including producer groups, cooperatives and inter-branch organisation;

 $\Box$ (b) the creation of clusters and networks in the forestry sector;

□(c) the establishment and operation of operational groups of the EIP for forestry productivity and sustainability as referred to in Article 56 of Regulation (EU) No 1305/2013.

### 2. ELIGIBLE COSTS AND AID INTENSITY U.K.

2.1. The aid will be granted for cooperation relating to the following activities: U.K.

 $\Box$ (a) pilot projects:

the development of new products, practices, processes and technologies in the forestry sector;

cooperation among small operators in organising joint work processes and sharing facilities and resources;

□(d) horizontal and vertical cooperation among supply chain actors for the establishment of logistic platforms to promote short supply chains and local markets;

promotion activities in a local context relating to the development of short supply chain and local markets;

ighthalpoonup joint action undertaken with a view to mitigating or adapting to climate change:

□(g) joint approaches to environmental projects and ongoing environmental practices including efficient water management, the use of renewable

energy and the preservation of agricultural landscapes;

□(h) horizontal and vertical cooperation among supply chain actors in the sustainable production of biomass for use in food production if the result is a forestry product and energy production for own consumption;

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the

- Commission Regulation (EC) No 794/2004. (See end of Document for details)
- 1.1.3. If the answer to point 1.1.1 is no, please explain how the national authorities ensure that that there is no advantage granted at the intermediary levels:
- 1.1.4. In the case of individual aid, please describe the legal, organisational and financial relationships between the recipient of the aid and (i) the undertakings with which it forms part of a group of undertakings; (ii) its subsidiaries; (iii) any other associated enterprises, including joint ventures.

In the case of aid schemes, please describe the method by which the aid granting authority will assess the legal, organisational and financial relations enumerated above:

1.1.5. Please specify whether the beneficiary will also operate the infrastructure:

□yes	□по
------	-----

- 1.1.6. If the answer to the above question is no, please describe (i) the procedure by which the infrastructure operator will be chosen/respectively has been chosen, and (ii) selection criteria:
- 1.1.7. Where the airport or airports are used by the national armed forces, the police force, non-economic air rescue services, or any other air service of a non-economic nature, please specify (a) the nature of the service(s) and (b) the rate of airport capacity utilisation (e.g. use of the runway and other airport facilities, expressed as a percentage of annual aircraft movements):
- 1.1.8. Please provide the following passenger traffic data of the airport(s) receiving the aid:
- (a) Airports with a commercial passenger traffic history of more than two financial years: Average annual passenger traffic during the two financial years preceding the year in which the aid is notified or actually granted.
- (b) Airports with a commercial passenger traffic history of less than two financial years: Forecasted average annual passenger traffic during the two financial years after the beginning of the operation of commercial passenger air traffic.
- (c) For all airports, forecasted average annual passenger traffic during the projected economic lifetime of the subsidised infrastructure.

Please provide the data in the form of a table, as follow:

Year	Total number of passengers	

Passenger numbers must be counted 'one-way' and for each individual route; e.g. a passenger flying to the airport and back would be counted twice. If the airport is part of a group of airports, passenger traffic data must be established on the basis of each individual airport.

- 1.2. The investment project U.K.
- 1.2.1. Please describe the investment project and all underlying estimates, and provide the *ex-ante* business plan (in form of an excel table) on which the project is based. The business plan should cover the economic lifetime of the investment. All estimates should be based on sound demand forecasts. Please explain if, and to what extent, those estimates were taken into account in the beneficiary airport's business plan:

Please indicate for each cost item whether and why it should be regarded as an investment cost (i) directly related to infrastructure of a non-economic nature within the public policy remit (e.g. for safety, air traffic control and any other activities for which a Member State is responsible as part of its official powers as a public authority), or (ii) related to aeronautical airport infrastructure of an economic nature (e.g. runway, ground handling infrastructure), or (iii) related to non-aeronautical infrastructure of an economic nature (e.g. parking, hotels):

1.2.4. Please provide an overview of (i) the total eligible investment costs<sup>(240)</sup> of an economic nature, and (ii) the total eligible costs of a non-economic nature. Costs must be discounted to their current value; the discount rate must be indicated.

Please indicate in that overview which part of the notified aid will support investments belonging to category (i) and which to category (ii):

- 1.2.5. If investment costs related to non-aeronautical activities of an economic nature will also be financed through State aid, please explain on what basis the authorities consider such aid compatible with the internal market:
- 1.2.6. Did you or do you commit to carry out an Environmental Impact Assessment ('EIA') for the investment? (point 20 of the Guidelines on State aid to airports and airlines)?

civil aviation against acts of unlawful interference). Investments relating to the infrastructure and equipment necessary to perform such activities are considered in general to be of a non-economic nature and thus do not fall within the scope of State aid rules. Please include relevant investments in the table provided in section 1.2.3:

□yes	□no

- 1.3.2. Please provide the national, regional or any other legal instrument concerning the notion of activities falling within the public policy remit, and their financing. In the absence of any such legal instrument, please clarify how those activities are usually financed by the relevant authorities:
- 1.3.3. Please provide evidence showing that the public financing of non-economic activities does not lead to undue discrimination between airports. Discrimination arises in situations where, under the relevant legal order, civil airports normally have to bear certain costs inherent to their non-economic activities, whereas certain civil airports do not have to cover such costs. Please specify the material and territorial applicability of the national rules applicable to the financing of non-economic activities of airports and, if applicable, the level of regional competence in that matter:
- 1.3.4. Please confirm, supported by relevant evidence, that the compensation of costs incurred in relation to non-economic activities will be strictly limited to such costs, and that any cross-subsidisation of economic activities through such compensation is effectively excluded:
- 1.3.5. Please confirm that the airport will maintain separate cost accounts for economic and non-economic activities:
- 2. Compatibility assessment of the measure U.K.
- 2.1. Contribution to a well-defined objective of common interest U.K.
- 2.1.1. Does the investment aid:
- (a) Increase the mobility of Union citizens and the connectivity of the regions by establishing access points for intra-Union flights?
- (b)□ Combat air traffic congestion at major Union hub airports?
- (c)□ Facilitate regional development?

Please specify how the investment aid contributes to each of the objective chosen.

2.1.2. Is the investment aimed at creating new airport capacity?

FIVOC	¬no
□yes	

- 2.1.3. If the answer to the question in point 2.1.2 is 'yes', please demonstrate on the basis of the *ex-ante* business plan referred to in section 1.2 (The investment project) that the new infrastructure will, in the medium-term, meet the forecasted demand of the airlines, passengers and freight forwarders in the catchment area of the airport.
- 2.1.4. In the case of individual investment aid: is the beneficiary airport located in the same catchment area<sup>(241)</sup> as another airport that is *not* operating at or near full capacity?

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

□yes	□no

If yes, please provide the following information: (a) size and shape of the catchment area; (b) the travelling distance and time between the beneficiary airport and airports in the same catchment area; (c) passenger traffic of other airports in the same catchment area over the 5 years preceding the year of notification; (d) the expected total demand and total capacity in the catchment area of the aided airport in at least the next 10 years, according to the business plan in the worst, base and best case scenarios:

- 2.1.5. In the case of aid schemes: Please (a) indicate the location and the catchment areas of eligible airports in the area of territorial applicability of the scheme; (b) the travelling distance and time between eligible airports and airports in the same catchment area; (c) the method and criteria the national authorities will use to define the size and shape of catchment areas and the capacity utilisation of airports in the same catchment area:
- 2.1.6. In the case of individual investment aid: If the answer to point 2.1.4 is 'Yes', please provide information identifying the likely effect of the investment on the use of existing infrastructure in the same catchment area. That information must demonstrate medium-term prospects for use, must be based on sound passenger and freight traffic forecasts, and must be incorporated in the beneficiary airport's *ex-ante* business plan:
- 2.1.7. In the case of individual investment aid: If the answer to point 2.1.4 is 'Yes', please provide traffic projections in terms of passenger numbers in the worst, base and best case scenarios and explain why, in your view, such projections justify investment aid for the creation of additional capacity or for maintaining existing capacity:
- 2.2. Need for State intervention U.K.
- 2.2.1. In case of individual investment aid: please explain, on the basis of the business plan of the airport, to what extent the airport's ability to cover its capital costs depends on the airport's size in terms of annual passenger traffic:
- 2.2.2. In case of individual investment aid: please explain why the airport could not obtain sufficient private financing:
- 2.2.3. In the case of aid schemes: Please confirm that the aid granting authority will verify the need for State intervention in each individual case on the basis of (i) the size of the airport<sup>(242)</sup>; (ii) the airport's ability to attract private financing:
- 2.3. Appropriateness of the measure U.K.
- 2.3.1. Please demonstrate that the aid in question is appropriate to achieve the intended objective or resolve the problems which it is meant to address. In particular, please explain how the authorities have established that the same objective cannot be reached, and that the same problem cannot be resolved, with less distortive policy or aid instruments and that the aid in question is an appropriate policy instrument. For example, if the aid is granted in forms that provide a direct pecuniary advantage<sup>(243)</sup>, please demonstrate why other potentially less distortive forms of aid such as repayable advances or forms of aid that are based on debt or equity instruments<sup>(244)</sup> are not appropriate:
- 2.4. Incentive effect of the aid U.K.
- 2.4.1. In the case of individual investment aid: please confirm that works on the notified individual investment started only after submission of the application for the aid to

- 2.4.2. In the case of aid schemes: please confirm that works on eligible investment projects will start only after submission of the individual application for the aid to the granting authority:
- 2.4.3. In the case of individual investment aid: please describe the levels of intended activity in a scenario with aid and a counterfactual scenario without aid. Please provide supporting evidence, for example internal documentation relating to alternative activities considered by the beneficiary airport in its internal decision making:
- 2.4.4. In the case of individual investment aid: in the presence of a counterfactual scenario with alternative activities, please compare both scenarios to specify the additional activity that would only be undertaken with the aid (counterfactual analysis).

In the case of individual investment aid: In the absence of a counterfactual scenario with alternative activities, please specify the capital cost funding gap established on the basis of the beneficiary airport's *ex-ante* business plan. The capital cost funding gap is the difference between the positive and negative cash flows, including investment costs into fixed capital assets over the lifetime of the investment in net present value terms:

- 2.4.5. In the case of aid schemes: please confirm (a) that the granting authority will award individual aid under the aid scheme only after it has verified that there is an incentive effect, by comparing the levels of intended activity with aid and without aid (counterfactual analysis) or, in the absence of alternative activities without aid, by establishing the capital cost funding gap on the basis of the beneficiary airport's *ex-ante* business plan<sup>(245)</sup>; (b) describe all underlying input data, parameters and assumptions that the aid granting authority will assess for the purposes of the incentive effect analysis:
- 2.5. Proportionality of the aid U.K.
- 2.5.1. In the case of individual investment aid: in the presence of a counterfactual scenario with alternative activities, please (a) provide in the form of excel-tables the *ex-ante* business plans for the scenario with aid and the counterfactual scenario without aid; (b) on that basis specify the net extra costs, net of extra revenues, which result from undertaking the aided project or activity rather than the counterfactual project/activity; (c) explain all underlying input data, parameters and assumptions.

The business plans should cover the period of the economic lifetime of the investments:

- 2.5.2. In the case of individual investment aid: in the absence of a counterfactual scenario with alternative activities, please (a) provide in the form of an excel-table the *ex-ante* business plan of the beneficiary airport; (b) indicate on that basis the capital costs funding gap which is the net present value of the difference between the positive and negative cash flows, including investment costs, over the economic lifetime of the investment; (c) explain all underlying input data, parameters and assumptions:
- 2.5.3. In the case of aid schemes: please commit (a) to investigate in each case the counterfactual scenario without aid, on the basis of *ex-ante* business plans; (b) to establish the extra costs, net of extra revenues, which result from undertaking the aided project or activity rather than the counterfactual project or activity in cases where a counterfactual scenario with alternative activities exists; (c) to establish the capital costs funding gap, which is the net present value of the difference between the positive

and negative cash flows, including investment costs, over the economic lifetime of the investment, in cases where no alternative activities would have taken place.

Please describe all underlying input data, parameters and assumptions that the aid granting authority will assess for the purposes of the investigations and analysis:

#### 2.5.4. Aid intensity:

Please indicate the maximum percentage of the eligible costs to be covered by investment aid ('aid intensity'); including any top-ups on the basic aid intensity:

Where an aid scheme applies to airports of various sizes, please indicate the maximum aid intensity applicable to the following groups of airports:

Size of airport based on average passenger traffic (passengers per annum)	Maximum investment aid intensity
> 3-5 million	
1-3 million	
< 1 million	

- 2.6. Avoidance of negative effects on competition and trade U.K.
- 2.6.1. Please confirm that the airport, including all infrastructure and equipment for which investment aid is granted, will be open to all potential users and not be dedicated to one specific user:
- 2.6.2. Please specify the provisions made to ensure that airport capacity will be allocated to users on the basis of pertinent, objective, transparent and non-discriminatory criteria:
- 2.7. Notification of individual aid under an investment aid scheme U.K.
- 2.7.1. The following individual aid measures under the investment aid scheme must be notified pursuant to Article 108(3) TFEU:
- (a) investment aid to airports with average annual traffic above 3 million passengers;
- (b) investment aid with an aid intensity exceeding 75 % to an airport with average annual traffic below 1 million passengers, with the exception of airports located in remote regions;
- (c) investment aid granted for the relocation of airports;
- (d) investment aid financing a mixed passenger and freight airport handling more than 200 000 tonnes of freight during the two financial years preceding that in which the aid is notified;
- (e) investment aid aimed at the creation of a new passenger airport (including the conversion of an existing airfield into a passenger airport);
- (f) investment aid aimed at the creation or development of an airport located within 100 kilometres distance or 60 minutes travelling time by car, bus, train or high-speed train from an existing airport.

1.1.4.	Is the beneficiary of the aid also the	e owner of the airport?			
□yes		□no			

- 1.1.5. If the answer to point 1.1.4 is 'no': please specify who is/will be the owner of the airport and describe the ownership structure.
- 1.1.6. In the case of individual aid, please describe the legal, organisational and financial relationships between the recipient of the aid and (i) the undertakings with which it forms part of a group of undertakings; (ii) its subsidiaries; (iii) any other associated enterprises, including joint ventures.

In the case of aid schemes, please describe the method by which the aid granting authority will assess the legal, organisational and financial relationships referred to in points 1.1.1 to 1.1.5 above.

- 1.2. General information about the airport operator U.K.
- 1.2.1. Where the airport or the airports are used by the national armed forces, the police force, non-economic air rescue services, or any other air service of a non-economic nature, please specify (a) the nature of the service(s); and (b) the rate of airport capacity utilisation (e.g. use of the runway and other airport facilities, expressed as a percentage of annual aircraft movements).
- 1.2.2. Please provide the following passenger traffic data of the airport(s) receiving the aid:
- (a) Airports with a commercial passenger traffic history of more than two financial years: average annual passenger traffic during the two financial years preceding the year in which the aid is notified or actually granted.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

(b) Airports with a commercial passenger traffic history of less than two financial years: forecasted average annual passenger traffic during the two financial years after the beginning of the operation of commercial passenger air traffic flows.

Please provide the data in the form of a table, as follows: [copied from page 188, point 2.2.3]

Year	Total number of passengers	

Passenger numbers must be counted 'one-way' and for each individual route. For example: a passenger flying to the airport and back would be counted twice. If the airport is part of a group of airports, passenger traffic data must be established on the basis of each individual airport.

1.2.3. In the case of individual operating aid: please provide the business plan that the beneficiary has implemented in the period 2009–2013, and that it intends to implement in the subsequent 10-year period until 4 April 2024. Please describe the assumptions underlying that 10-year period.

The business plan must contain information on traffic and traffic forecasts; costs and cost forecasts; financial data and financial forecasts as regards the level of profitability and cashflows (by reference to methodologies which are demonstrably used by the airport, e.g. using methods for evaluating the net present value of an investment (NPV), the internal rate of return (IRR), and the average return on capital employed (ROCE). The business plan must be provided in an excel format including explanations of all underlying formulas.

In the case of aid schemes, please specify in detail (a) the formal and material criteria to which business plans of eligible airports must conform; (b) the method the national authorities will use to assess the business plans.

1.2.4. In the case of individual operating aid, please provide a summary overview of operating losses<sup>(247)</sup> the beneficiary incurred in the period 2009–2013, as well as of forecasted operating losses in the period until 4 April 2024. Please provide the data in the form of a table, structured as follows:

Revenue		
Operating costs		
Other		
Operating results		

In the case of aid schemes, please specify the method the authorities will use to establish the operating losses of eligible airports.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

1.2.5. In the case of individual operating aid, please provide copies of the eligible airports' financial reports<sup>(248)</sup> for the 5 years preceding the year of application for operating aid.

In the case of aid schemes, please commit to include the above described financial reports in the assessment of individual aid.

- 1.2.6. Please specify the provisions made to avoid overcompensation and recover excess amounts from the beneficiary.
- 1.3. Airport service activities U.K.
- 1.3.1. Please specify the eligible airport services<sup>(249)</sup> and the categories of eligible operating costs<sup>(250)</sup> in respect of the provision of those services.
- 1.4. Activities falling within the public policy remit U.K.
- 1.4.1. Does the operating aid cover activities that fall under State responsibility in the exercise of its official powers as a public authority (e.g. air traffic control, police, customs, firefighting, activities necessary to safeguard civil aviation against acts of unlawful interference)? Operating costs relating to the infrastructure and equipment necessary to perform such activities are considered in general to be of a non-economic nature and thus do not fall within the scope of State aid rules.

□yes	□no

- 1.4.2. Please provide the relevant national, regional or any other legal instrument concerning the notion of activities falling within the public policy remit and their financing. In absence of any such legal instrument, please clarify how those activities are usually financed by the relevant authorities.
- 1.4.3. Please provide evidence showing that the public financing of non-economic activities does not lead to undue discrimination between airports. Discrimination arises in situations where, under the relevant legal order, civil airports normally have to bear certain costs inherent to their non-economic activities, whereas certain civil airports do not have to cover such costs. Please specify the material and territorial applicability of the national rules applicable to the financing of non-economic activities of airports and, if applicable, the level of regional competences in that matter.
- 1.4.4. Please confirm, supported by relevant evidence, that the compensation of costs incurred in relation to non-economic activities will be strictly limited to such costs, and that any cross-subsidisation of economic activities through such compensation is effectively excluded.
- 1.4.5. Please confirm that the airport will maintain separate cost accounts for economic and non-economic activities.
- 2. Compatibility assessment of the measure U.K.
- 2.1. Was the aid granted before 4 April 2014? U.K.

□yes	□no
------	-----

2.2. Contribution to a well-defined objective of common interest U.K.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 2.2.1. Does the operating aid:
- (a) Increase the mobility of Union citizens and the connectivity of the regions by establishing access points for intra-Union flights?
- (b)□ Combat air traffic congestion at major Union hub airports?
- (c)□ Facilitate regional development?

Please specify how the operating aid contributes to the objective(s) chosen.

2.2.2. Does the notified measure concern the operator of a new airport?

□yes	□по

2.2.3. In the case of individual operating aid: Is the beneficiary airport located in the same catchment area<sup>(251)</sup> of another airport with spare capacity?

□yes	□no

2.2.4. In the case of individual operating aid: If the answer to point 2.2.3 is yes, please specify the size and shape of the catchment area. Please provide information, identifying the likely effect on the traffic of the other airport located in that catchment area. That information should be part of the beneficiary airport's business plan and should be based on sound passenger and freight traffic forecasts.

In the case of aid schemes: Please (a) confirm that the authorities are committed to assess the likely effect on the traffic of any other airport(s) located in the same catchment area as an eligible airport on the basis of information that is part of the beneficiary airport's business plan and is based on sound passenger and freight traffic forecasts; (b) explain the method and the criteria the national authorities will use to assess the likely effect on the traffic of that other airport or those other airports.

- 2.3. Need for State intervention U.K.
- 2.3.1. Please confirm that the annual traffic of the airport/eligible airports does not exceed 3 million passengers (see also question 1.2.2 above).
- 2.4. Appropriateness of the measure U.K.
- 2.4.1. Please demonstrate that the aid in question is appropriate to achieve the intended objective or resolve the problems which it intendeds to address. In particular, please explain how the authorities have established that the same objective cannot be reached, or the same problem cannot be resolved, through less distortive policy or aid instruments. For example, if the aid is granted in forms that provide a direct pecuniary advantage<sup>(252)</sup>, please demonstrate why other potentially less distortive forms of aid such as repayable advances or forms of aid that are based on debt or equity instruments<sup>(253)</sup> are not appropriate:
- 2.4.2. In the case of individual operating aid: Has the aid amount been established *ex-ante* as a fixed sum covering the expected operating funding gap determined on the basis of the business plan of the beneficiary, during a 10-year transitional period starting on 4 April 2014?

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

□yes	по

If yes, please provide relevant information in the business plan.

2.4.3. In the case of aid schemes: will the aid amount in each individual case be established *ex-ante* as a fixed sum covering the expected operating funding gap determined on the basis of the business plan of the beneficiary, during a 10-year transitional period starting on 4 April 2014?

□yes	□no
· ·	

If yes, the beneficiary should provide relevant information in the business plan.

- 2.4.4. If the answer to points 2.4.2 and 2.4.3 is 'no', please specify: (a) the degree of uncertainty of cost and revenue forecasts, (b) any information asymmetries that prevent the national authorities from calculating the aid amount *ex ante* on the basis of a business plan.
- 2.4.5. If the answer to points 2.4.2 and 2.4.3 is 'no', please confirm that the maximum amount of compatible operating aid was/will be established according to a model based on the average of the operating funding gaps<sup>(254)</sup> during the five years from 2009 to 2013.
- 2.4.6. Please confirm that the amount of operating aid will not be increased *ex-post*.

TVES	l ⊓no
□yes	

- 2.4.7. If the answer to the above question is 'no', please explain why in your opinion the possibility of an *ex-post* increase would not reduce incentives to manage the airport efficiently.
- 2.5. Incentive effect and proportionality of the aid U.K.
- 2.5.1. In the case of individual operating aid, please describe why there is the likelihood that in the absence of the aid the level of economic activity of the airport concerned would be significantly reduced. Please provide the necessary information on the basis of the business plan (see also point 1.2.3), comparing the levels of intended activity with aid and without aid (the counterfactual scenario), and taking into account the possible presence of investment aid and level of traffic.

In the case of aid schemes, please describe the method applied by the aid granting authority in order to assess the business plans as well as the likelihood that in the absence of aid the level of economic activity of the airport concerned would be significantly reduced, taking into account the possible presence of investment aid and level of traffic.

2.5.2. In the case of individual operating aid, please demonstrate that the business plan of the airport will result in full operating cost coverage by 4 April 2024. Please specify the relevant key parameters of the business plan.

In the case of aid schemes, please confirm that the aid granting authority will grant individual operating aid only if it has concluded that the business plan of the beneficiary airport will result in full operating cost coverage by 4 April 2024. Please specify which key parameters of the business plan the aid granting authorities will assess in order to reach that conclusion in each case.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

#### 2.5.3. Please indicate:

In the case of individual operating aid: The beneficiary airport's initial funding gap over 10 years, starting with the operating cost coverage on 4 April 2014 at the beginning of the transition period and reaching full operating cost coverage achievement by 4 April 2024, at the end of the transition period.

In the case of aid schemes: please commit (a) that the funding gap of eligible airports will be established using the method referred to in point 2.5.2; (b) that eligible airports must demonstrate that they will achieve full operating cost coverage by 4 April 2024.

The maximum permissible aid amount:

The percentage of the funding gap to be covered by the operating aid:

The period during which operating aid will be granted:

- 2.6. Avoidance of negative effects on competition and trade U.K.
- 2.6.1. Please demonstrate that all airports located in the same catchment area as the eligible airport or airports will be able to achieve full operating cost coverage by 4 April 2024.
- 2.6.2. Please confirm that the airport or airports, including any investment for which aid is granted, will be open to all potential users and not be dedicated to one specific user.

□yes	□no

2.6.3. Please specify the provisions made to ensure that airport capacity will be allocated to users on the basis of pertinent, objective, transparent and non-discriminatory criteria.

PART III.13.C U.K.

#### Supplementary Information Sheet on start-up aid to airlines

It is recommended that this supplementary information sheet is completed, in addition to the 'General information' form in Part I, for the notification of any start-up aid covered by the Guidelines on State aid to airports and airlines<sup>(255)</sup>.

This form applies both to the notification of aid schemes and individual aid.

- 1. Additional information on the beneficiary, project and aid U.K.
- 1.1. Beneficiary U.K.
- 1.1.1. Is the aid awarded directly to the airline operating the new route?

□ yes	□ no

1.1.2. If the answer to point 1.1.1 is 'no': please describe, if applicable, the legal entity or entities (a) receiving the aid; (b) transferring the aid to an intermediate entity or to the airline that operates the new route.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 1.1.3. If the answer to point 1.1.1 is 'no', please explain how the authorities ensure that the intermediary levels receive no advantage.
- 1.1.4. In the case of individual aid, please describe the legal, organisational and financial relationships between the recipient of the aid and (a) the undertakings with which it forms part of a group of undertakings; (b) its subsidiaries; (c) any other associated enterprises, including joint ventures.

In the case of aid schemes, please describe the method by which the aid granting authority will assess those legal, organisational and financial relationships:

- 1.1.5. Selection of the beneficiary: Please describe (a) the procedure by which the beneficiary will be chosen or has been chosen; (b) the medium and level of publicity of the selection procedure; (c) eligibility conditions; (d) operational requirements; (e) selection criteria.
- 2. Compatibility assessment of the measure U.K.
- 2.1. Contribution to a well-defined objective of common interest U.K.
- 2.1.1. Does the start-up aid:
- (a) Increase the mobility of Union citizens and the connectivity of the regions by opening new routes?
- (b)□ Facilitate regional development of remote regions?

Please explain how the aid contributes to the objective chosen.

2.1.2. In the case of individual aid, please demonstrate that the route or routes to be covered is or are not already covered by a high-speed rail service<sup>(256)</sup> or from another airport in the same catchment area<sup>(257)</sup> under comparable conditions. If conditions are considered not to be comparable, please explain why.

In the case of aid schemes, please explain how the aid granting authority will ensure that the condition in this point is met in each individual case of start-up aid.

- 2.2. Need for State intervention U.K.
- 2.2.1. Please indicate whether the start-up aid concerns:
- (a) Routes linking an airport with less than 3 million passengers *per annum*<sup>(258)</sup> to another airport within the Common European Aviation Area<sup>(259)</sup>;
- (b) Routes linking an airport located in a remote region to another airport (within or outside the Common European Aviation Area) irrespective of the size of the airports concerned;
- (c) Routes linking an airport with more than 3 million passengers *per annum* and less than 5 million passengers per annum, not located in remote regions. Please duly substantiate the specific circumstances in this case;
- (d)□ Other (Please specify).
- 2.2.2. In the case of individual aid, please indicate the location of the airports linked by eligible new routes.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

- 2.2.3. In the case of individual aid where the start-up aid is for routes linking an airport **not** located in a remote region to another airport, please provide the following passenger traffic data of the airports linked by the new route(s):
- (a) concerning airports with a commercial passenger traffic history of more than 2 financial years: the average annual passenger traffic during the two financial years preceding the year in which the aid is notified or granted;
- (b) concerning airports with a commercial passenger traffic history of less than two financial years: the forecasted average annual passenger traffic during the two financial years after the beginning of the operation of commercial passenger air traffic;

Please provide the data in the form of a table, as follows:

Year	Airport	Airport
Year	Passenger number	Passenger number
Year	Passenger number	Passenger number

Passenger numbers must be counted 'one-way' and for each individual route; e.g. passengers flying to the airport and back have to be counted twice. If an airport is part of a group of airports, passenger traffic data must be established on the basis of the individual airport.

- 2.2.4. In the case of aid schemes, please explain how the aid granting authority will assess on the basis of airport location, passenger traffic data and routes whether there is a need for State intervention in each individual case of start-up aid.
- 2.3. Appropriateness of the measure U.K.
- 2.3.1. In the case of individual aid: please demonstrate that the aid in question is appropriate to achieve the intended objective or resolve the problems it intends to address. In particular, please explain how the authorities have established that the same objective cannot be reached and the same problem cannot be resolved, with less distortive policy or aid instruments. For example, if the aid is granted in forms that provide a direct pecuniary advantage<sup>(260)</sup>, please demonstrate that other potentially less distortive forms of aid such as repayable advances or forms of aid that are based on debt or equity instruments<sup>(260)</sup> are not appropriate.
- 2.3.2. In the case of individual aid where the beneficiary airline has prepared a business plan *ex-ante* for the route receiving the aid: please provide that business plan. That business plan must indicate whether that route has prospects of becoming profitable for the airline without public funding after 3 years.
- 2.3.3. In the case of individual aid in the absence of an *ex-ante* business plan for the route receiving the aid: please provide a document showing that the airline in question is irrevocably committed to operate the route for a period which is at least equal to the period during which it received start-up aid.
- 2.3.4. In the case of aid schemes, please explain how the aid granting authority will assess whether the measure is appropriate in each individual case of start-up aid.
- 2.4. Incentive effect and proportionality of the measure U.K.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

2.4.1. In the case of individual aid, please explain why, if available on the basis of a business plan, there is the likelihood that in the absence of aid the level of economic activity of the airline at the airport concerned would not be expanded.

In the case of aid schemes, please describe the method applied by the aid granting authority in order to assess the likelihood that in the absence of aid the level of economic activity of the airline at the airport concerned would not be expanded.

2.4.2. In the case of individual aid, please confirm that the new route will start/started operating only after the application for aid was submitted to the granting authority and provide: (a) a copy of the aid application sent to the granting authority by the beneficiary; (b) documentary evidence of the start date of operations on the new route.

In the case of aid schemes, please confirm that eligible new routes will start operating only after the application for aid was submitted to the granting authority.

- 2.4.3. Please confirm that the aid will be granted for each route for a maximum period of three years.
- 2.4.4. Please specify the aid intensity, which is the total aid amount expressed as a percentage of eligible costs<sup>(261)</sup>. Both figures must be expressed in net present value terms at the moment the aid is granted and before any deduction of tax or other charges.
- 2.4.5. Please specify the provisions made to avoid overcompensation and recover excess amounts of aid from the beneficiary airline.
- 2.4.6. Please specify the measures taken to avoid cross-subsidisation of other routes of the beneficiary airline to and from the airport or airports in question.
- 2.5. Avoidance of undue negative effects on competition and trade U.K.
- 2.5.1. In the case of individual aid: please confirm that the connection (for example, citypair) to be operated by the new air route is not already operated by a high-speed rail service or by another airport in the same catchment area under comparable conditions, notably in terms of length of journey. Please see also point 2.1.2.

In the case of aid schemes: Please explain how the aid granting authority will ensure that the condition in this point is satisfied in each individual case of start-up aid.

- 2.5.2. Please provide evidence that in planning to grant start-up aid to an airline for the new route, whether or not via an airport, the public authority's plans were made or will be made public in good time and with adequate publicity, to enable all interested airlines to offer their services.
- 2.5.3. Please confirm that the start-up aid in question cannot be combined with any other type of State aid granted for the operation of the same route.

PART III.13.D U.K.

# Supplementary Information Sheet on aid of a social character under Article 107(2)(a) of the Treaty, for air transport services

It is recommended that this supplementary information sheet is completed, in addition to the 'General information' form in Part I, for the notification of any social aid provision covered by the Guidelines on State aid to airports and airlines<sup>(262)</sup>.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

#### 1. Information on the beneficiary or beneficiaries, the project and the aid U.K.

- 1.1. Please explain the social objective(s) of the notified measure and why you considered that the measure achieves that objective or those objectives.
- 1.2. Details on the aid envisaged
- Please describe (a) the method of awarding and distributing the aid to final consumers; 1.2.1. (b) where applicable, please describe the legal entity or entities receiving the aid or transferring the aid to an intermediate entity responsible of distributing it to eligible final consumers.
- 1.2.2. Please describe the categories of eligible final consumers, for instance passengers with particular needs like children, people with disabilities, people on low incomes, students and elderly people, etc. (263).
- 1.2.3. Please confirm that the aid will effectively benefit eligible final consumers.
- 1.2.4. Please describe the routes eligible for aid.
- 1.2.5. Will the aid be granted for passenger transport on a route or on routes linking an airport or airports in a remote region<sup>(264)</sup> with another airport or other airports within the European Economic Area?

□ yes	□ no

- 1.2.6. If the answer to point 1.2.5 is 'yes', please describe the eligible geographic areas and routes.
- 1.2.7. Please specify the costs which are to be compensated by the aid and confirm that eligible costs are limited to the price of a return ticket, including all taxes and charges, invoiced by the carrier to the eligible final consumer.
- 1.2.8. Please confirm that the aid will be granted without discrimination between distribution channels, such as travel agencies, airline ground services and websites.

- 1.2.9. Please describe (a) the procedure by which the air service operator(s) will be selected, has been or have been selected; (b) eligibility conditions and (c) the selection criteria.
- Please confirm that the aid will be granted without discrimination as to the origin of 1.2.10. the services, that is to say irrespective of the airline operating the services.

1.2.11. Please describe the controls and safeguards in force to ensure that the scheme is only used by eligible final consumers and that there is no overcompensation.

Status: Point in time view as at 31/01/2020.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 794/2004. (See end of Document for details)

1.1.	Does the aid measure satisfy the following common assessment principles? If yes, or if the aid measure is not required to satisfy the principle of incentive effect set out in Section 3.6 of the Guidelines, please tick the appropriate box:	
	the aid measure contributes to a well-defined objective of common interest;	
	need for State intervention: the State aid measure is targeted towards a situation where aid can bring about a material improvement that the market cannot deliver itself, for example, by remedying a market failure;	
	appropriateness of the aid measure: the aid measure is an appropriate policy instrument to address the objective of common interest;	
	incentive effect: the aid changes the behaviour of the undertaking(s) concerned in such a way that it engages in additional activity which it would not carry out without the aid or it would carry out in a restricted or different manner or location; or the aid is not required to have an incentive effect under point (52) of the Guidelines;	
	proportionality of the aid (aid limited to the minimum necessary): the aid amount is limited to the minimum needed to induce the additional investment or activity in the area concerned;	
	avoidance of undue negative effects on competition and trade between Member States: the negative effects of the aid are sufficiently limited, so that the overall balance of the measure is positive;	
	transparency of the aid: Member States, the Commission, economic operators, and the public have easy access to all relevant acts and to pertinent information about the aid awarded thereunder.	
1.2.	Does the aid measure or any condition attached to it, including its financing method when that method constitutes a non-severable part of the measure, entail a violation of Union law?	
□Yes	□No	
1.3.	Is the aid for export-related activities towards third countries or Member States namely aid directly linked to the quantities exported, to the establishment and operation of a distribution network, or to other costs linked to the export activity or it the aid contingent upon the use of domestic over imported goods?

## [F1ANNEX III A U.K.

### Standardised reporting format for existing State aid

(This format covers all sectors except agriculture)

In order to further simplify and improve the annual reporting of State aid, the Commission provides Member States, by 1 March each year, with a pre-formatted online and access based platform, containing detailed information on all existing aid schemes and individual aid. Member States must check and complete that information by 30 June of the same year. That will enable the Commission to publish State aid data in year t<sup>(276)</sup> for the reporting period t-1.

The bulk of the information in the platform is pre-completed by the Commission on the basis of data provided at the time of approval of the aid. Member States will be required to check and, where necessary, modify the details for each scheme or individual aid, and to add the annual expenditure for the latest year (t-1).

Information such as the objective of the aid and the sector to which the aid is directed must refer to the time at which the aid is approved and relate to the legal instrument which forms the basis for the approval of the aid.

The following information must be included.

- (1) Title
- (2) Aid number
- (3) Previous aid numbers (e.g., following the renewal of a scheme)
- (4) Sector

The sectoral classification shall be based largely on NACE<sup>(277)</sup> at the [three-digit level.]

- (5) Objective
- (6) Region(s)

Aid may, at the time of approval, be exclusively earmarked for a specific region or group of regions according to subparagraphs (a) or (c) of Article 107(3) TFEU.

(7) Category of aid instrument(s)

A distinction must be made between several categories (Grant, Subsidised services, Interest rate subsidy, Loan, Guarantee, Tax advantage, Repayable advances, Equity participation, Other)

(8) Type of aid

A distinction must be made between three categories: Scheme, Individual application of a scheme, Individual aid awarded outside of a scheme (ad hoc aid)

(9) Expenditure

As a general rule, figures should be expressed in terms of actual expenditure (or actual revenue foregone in the case of tax advantages). Where payments are not available, commitments or budget appropriations must be provided and flagged accordingly. Separate figures must be provided for each aid instrument within a scheme or individual aid for example grant and loans. Figures must be expressed in the national

The bulk of the information in the platform will be pre-completed by the Commission on the basis of data provided at the time of approval of the aid. Member States will be required to check and, where necessary, modify the details for each scheme or individual aid, and to add the annual expenditure for the most recent year, that is to say t-1.

Information such as the objective of the aid and the sector to which the aid is directed must refer to the time at which the aid is approved and relate to the legal instrument which forms the basis for the approval of the aid.

The following information must be included.

- (1) Title
- (2) Aid number
- (3) Previous aid numbers (e.g., following the renewal of a scheme)
- (4) Sector

The sectoral classification shall be based largely on NACE<sup>(279)</sup> at the [three-digit level.]

Figures must be expressed in the national currency in application at the time of the reporting period. Expenditure must be provided for t-1, t-2, t-3, t-4 and t-5.

(10) Aid intensity and beneficiaries

Member States must indicate:

- the effective aid intensity of the support actually granted per type of aid and of region;
- the number of beneficiaries;
- the average amount of aid per beneficiary.]

## ANNEX III C U.K.

## INFORMATION TO BE CONTAINED IN THE ANNUAL REPORT TO BE PROVIDED TO THE COMMISSION

The reports shall be provided in computerised form. They shall contain the following information:

- 1. Title of aid scheme, Commission aid number and reference of the Commission decision
- 2. Expenditure. The figures have to be expressed in euros or, if applicable, national currency. In the case of tax expenditure, annual tax losses have to be reported. If precise figures are not available, such losses may be estimated. For the year under review indicate separately for each aid instrument within the scheme (e.g. grant, soft loan, guarantee, etc.):
- 2.1. amounts committed, (estimated) tax losses or other revenue forgone, data on guarantees, etc. for new assisted projects. In the case of guarantee schemes, the total amount of new guarantees handed out should be provided;
- 2.2. actual payments, (estimated) tax losses or other revenue forgone, data on guarantees, etc. for new and current projects. In the case of guarantee schemes, the following should be provided: total amount of outstanding guarantees, premium income, recoveries, indemnities paid out, operating result of the scheme under the year under review;
- 2.3. number of assisted projects and/or enterprises;
- 2.4. estimated overall amount of:
- aid granted for the permanent withdrawal of fishing vessels through their transfer to third countries:
- aid granted for the temporary cessation of fishing activities:
- aid granted for the renewal of fishing vessels;
- aid granted for modernisation of fishing vessels;
- aid granted for the purchase of used vessels;
- aid granted for socio-economic measures:

Status: Point in time view as at 31/01/2020.

- aid granted to make good damage caused by natural disasters or exceptional occurences;
- aid granted to outermost regions;
- aid granted through parafiscal charges;
