

Commission Regulation (EC) No 1850/2006 of 14 December 2006  
laying down detailed rules for the certification of hops and hop products

CHAPTER 6

**CERTIFICATION BODIES**

*Article 22*

**Approval of certification centres**

1 The competent certification authority shall approve certification centres, having a legal personality or sufficient legal capacity to be subject, under national legislation, to rights and obligations, and ensure that they have adequate facilities to carry out the necessary sampling, analytical, statistical and recording tasks.

On the basis of a risk analysis, but at least twice per calendar year, the competent certification authority shall carry out random on-the-spot checks of certification centres in order to verify compliance with the previous subparagraph. The effectiveness of risk analysis parameters used in previous years shall be assessed on an annual basis.

2 If it is found that in the preparation of hop products non-permitted components have been used, or that the components used do not conform to the entries in the certificate as provided for in Article 16, and if this is imputable to deliberate action or serious fault on the part of the certification centre concerned, the competent certification authority shall withdraw the approval of that certification centre.

Approval may not be restored for a period of at least 12 months following the date of withdrawal. On request of the certification centre from which approval was withdrawn, approval shall be restored after two years or, in serious cases, after three years from the date of withdrawal.

**Changes to legislation:**
