

Commission Regulation (EC) No 952/2006 of 29 June 2006 laying down detailed rules for the application of Council Regulation (EC) No 318/2006 as regards the management of the Community market in sugar and the quota system

## CHAPTER V

### QUOTAS

#### *Article 18*

#### **Additional sugar quotas**

1 The additional sugar quotas referred to in Article 8 of Regulation (EC) No 318/2006 may only be allocated to sugar manufacturers who were holders of a quota in 2005/06.

2 In their application for additional sugar quotas, undertakings shall indicate whether they wish to obtain the quota from the 2006/07 or 2007/08 marketing year.

If it allocates the additional quota to an undertaking, the Member State shall indicate the marketing year from which the allocation takes effect. However, allocations after 1 January 2007 shall take effect from the 2007/08 marketing year.

#### *Article 19*

#### **Additional isoglucose quota**

1 Italy, Lithuania and Sweden shall allocate the additional isoglucose quotas referred to in Article 9(2) of Regulation (EC) No 318/2006 to one or more of the 2006/07, 2007/08, 2008/09 and 2009/10 marketing years in a manner which avoids any form of discrimination between the operators concerned.

2 The payment of the one-off amount referred to in Article 9(3) of Regulation (EC) No 318/2006 shall be made by each undertaking concerned by a deadline to be determined by the Member State which may not be later than 31 December of the marketing year from which the additional isoglucose quota is allocated.

If the undertaking has not paid the one-off amount by the deadline referred to in the first subparagraph, the additional isoglucose quotas shall not be considered as allocated to the undertaking concerned.

#### *Article 20*

#### **Allocation of beet harvests**

The sugar extracted from beet sown in a particular marketing year shall be attributed to the following marketing year.

However, Spain, Italy and Portugal may, subject to a satisfactory control system, decide to attribute sugar extracted from beet sown in the autumn of a particular marketing year to the current marketing year.

Spain, Italy and Portugal shall inform the Commission of their decisions under this Article not later than 30 September 2006.

### Article 21

#### Communications on production and stocks

1 Each approved manufacturer and refiner shall notify to the competent authority of the Member State in which production or refining took place, before the 20th of each month, the total quantities, expressed as white sugar, of the sugars and syrups indicated in Article 2(1)(a), (b), (c) and (d):

- owned by it or covered by a warrant, and
- stored in free circulation on Community territory at the end of the previous month.

Those quantities shall be broken down by Member State of storage into:

- sugar produced by that undertaking specifying the quantities of quota sugar and those in excess of the quota or carried forward in accordance with Articles 14 or 19 of Regulation (EC) No 318/2006,
- other sugar.

2 Each Member State shall notify to the Commission, before the end of the second month following the month in question, the quantity of sugar stored at the end of each month by the undertakings indicated in paragraph 1, broken down by type of sugar in accordance with the second subparagraph thereof.

If storage is in a different Member State from the one notifying the Commission, the latter shall inform the Member State concerned of the quantities stored on their territory and their locations by the end of the following month.

3 Each approved isoglucose or inulin syrup manufacturer shall notify to the competent authority of the Member State in which production took place, before 30 November, the quantities of isoglucose expressed as dry matter or, respectively, of inulin syrup expressed as white sugar equivalent owned by it and stored in free circulation on Community territory at the end of the previous marketing year, broken down into:

- a isoglucose or inulin syrup produced by that undertaking specifying the quantities under quota and in excess of the quota carried forward in accordance with Articles 14 or 19 of Regulation (EC) No 318/2006; and
- b other.

Member States shall notify to the Commission, before 31 December, the quantities of isoglucose and inulin syrup stored at the end of the previous marketing year, broken down as specified in the first subparagraph.

4 Before the 15th day of each month, each isoglucose-producing undertaking shall notify to the Member State on whose territory its production took place the quantities of isoglucose, expressed as dry matter, actually produced during the previous month.

Member States shall establish the isoglucose production of each such undertaking in each month and notify it to the Commission before the end of the second month following.

The quantities produced under inward processing arrangements shall be notified separately.

## Article 22

### Supply balances

1 For each marketing year, Community supply balances for sugar, isoglucose and inulin syrup shall be drawn up. The balances shall be consolidated at the end of the following marketing year.

2 Member States shall establish provisional sugar and inulin syrup production figures for the current marketing year for each undertaking located on their territories and notify them to the Commission before 1 March. Sugar production shall be broken down by month.

For the French departments of Guadeloupe and Martinique and for Spain as regards cane sugar, the provisional production shall be established and notified by 1 July.

3 Member States shall notify to the Commission before 1 June the areas and production of, on the one hand, beet for production of sugar, bioethanol and other products respectively, and, on the other hand, chicory for production of inulin syrup, for the current marketing year and estimates of them for the following year.

4 Before 30 November, Member States shall establish and notify to the Commission actual production of sugar, isoglucose and inulin syrup in the previous marketing year by each undertaking located on their territory. Total sugar production shall be broken down by month.

5 Where it is necessary to amend actual sugar production on the basis of the information notified under paragraph 4, the resulting difference shall be taken into account in establishing actual production in the marketing year during which this difference came to light.
