In order to calculate the instalments, the Member States may use as a basis the marketed production corresponding to a period other than that in respect of which the instalment is paid, where checks so require. The difference between the periods shall be less than the actual period concerned.

5 The exchange rate applicable to the amounts referred to in paragraphs 1 and 2 shall be the rate most recently published by the European Central Bank prior to the first day of the period for which the aid in question is granted.

organisations or groups from which the members of the producer group in question originate and to any movements of members between producer organisations and producer groups.

Article 49

Community contribution

4 Where a producer group which has been granted preliminary recognition merges with a recognised producer organisation, the resulting entity shall no longer be eligible for preliminary recognition as a producer group, nor for the aid referred to in Article 7(3) of Regulation (EC) No 1182/2007. The resulting entity shall continue to be treated as the recognised producer organisation, provided that it respects the applicable requirements.
