

Commission Regulation (EC) No 482/2008 of 30 May 2008
establishing a software safety assurance system to be implemented
by air navigation service providers and amending Annex II to
Regulation (EC) No 2096/2005 (Text with EEA relevance) (repealed)

Article 1	Subject-matter and scope
Article 2	Definitions
Article 3	General safety requirements
Article 4	Requirements applying to the software safety assurance system
Article 5	Requirements applying to changes to software and to specific software
Article 6	Amendment to Regulation (EC) No 2096/2005
Article 7	Entry into force
	Signature

ANNEX I

Requirements applying to the software assurance level referred to in Article 4(2)

1. The software assurance level shall relate the rigour of the...
2. An allocated software assurance level shall be commensurate with the...
3. EATMN software components that cannot be shown to be independent...

ANNEX II

Part A:

Requirements applying to the software safety requirements
validity assurance referred to in Article 4(3)(a)

1. Software safety requirements shall specify the functional behaviour in nominal...
2. Software safety requirements shall be complete and correct, and compliant...

Part B:

Requirements applying to the software verification assurance referred to in Article 4(3)(b)

1. The functional behaviour of the EATMN software, timing performances, capacity,...
2. The EATMN software shall be adequately verified by analysis and/or...
3. The verification of the EATMN software shall be correct and...

Status: Point in time view as at 30/05/2008.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 482/2008 (repealed). (See end of Document for details)

Part C:

Requirements applying to the software configuration management assurances referred to in Article 4(3)(c)

1. Configuration identification, traceability and status accounting shall exist such that...
2. Problem reporting, tracking and corrective actions shall exist such that...
3. Retrieval and release procedures shall exist such that the software...

Part D:

Requirements applying to the software safety requirements traceability assurances referred to in Article 4(3)(d)

1. Each software safety requirement shall be traced to the same...
2. Each software safety requirement, at each level in the design...

Status: Point in time view as at 30/05/2008.

Changes to legislation: There are currently no known outstanding effects for the
Commission Regulation (EC) No 482/2008 (repealed). (See end of Document for details)
