

Commission Regulation (EC) No 1130/2009 of 24 November 2009
laying down common detailed rules for verifying the use and/or
destination of products from intervention (codified version) (repealed)

CHAPTER III

PRODUCTS EXPORTED FROM THE COMMUNITY IN THE UNALTERED STATE

Article 15

1 Where, on acceptance by customs of the export declaration, products are placed under one of the procedures provided for in Articles 412 to 442a of Regulation (EEC) No 2454/93 for carriage to a station of destination or delivery to a consignee outside the customs territory of the Community, they shall be deemed to have been exported as soon as they are placed under that procedure.

2 When paragraph 1 applies, the customs office of departure accepting the export declaration shall ensure that one of the endorsements indicated in, as appropriate, Article 11(4) or (5) of Regulation (EC) No 612/2009, is entered on the document issued as proof of export.

3 The customs office of departure may permit the contract of carriage to be varied so that carriage ends within the Community only if it is established that either:

a if a security has been lodged with an intervention agency for the purpose of ensuring that export does take place, this security has not been released;

or

b a new security has been lodged.

However, if the security has been released pursuant to paragraph 1 and the product has not in fact left the customs territory of the Community within the period allowed, the customs office of departure shall so inform the agency responsible for releasing the security and shall provide it as soon as possible with all the necessary particulars. In such cases the release shall be regarded as having been made in error and an equivalent amount must be recovered.
