

Commission Regulation (EC) No 1130/2009 of 24 November 2009
laying down common detailed rules for verifying the use and/or
destination of products from intervention (codified version) (repealed)

CHAPTER IV

PRODUCTS EXPORTED FROM THE COMMUNITY AFTER PROCESSING

Article 23

1 Where two or more operations, except exportation, (such as processing, packaging, taking-over) take place successively in the same Member State, this Member State may decide that these operations are considered one operation. In this case, no following T5 control copy shall be issued until all involved operations have been carried out.

The original T5 control copy shall be returned to the agency referred to in Article 3(5) after the controls of all operations involved have been carried out. Member States shall take all appropriate measures to ensure that such system works properly.

2 Where Member States decide not to follow the procedure referred to under paragraph 1, the competent authority shall after each operation subsequently issue a T5 control copy. The competent authority which verified the operation shall indicate on the T5 control copy in the box headed 'Control of use and/or destination' that the product has been sent within the same Member State for further processing, packaging, taking over or export. The original T5 control copy shall show the registration number or numbers of, or a reference to, the T5 control copies issued for that purpose.

3 The document referred to in Article 4(a) shall carry similar endorsements to those provided for in paragraph 2.

Status:

Point in time view as at 24/11/2009.

Changes to legislation:

There are currently no known outstanding effects for the Commission Regulation (EC) No 1130/2009 (repealed), Article 23.
